Janelle, Barney Warf, Kathy Hansen, 2004-03-31 WorldMinds provides broad exposure to a geography that is engaged with discovery interpretation and problem solving Its 100 succinct chapters demonstrate the theories methods and data used by geographers and address the challenges posed by issues such as globalization regional and ethnic conflict environmental hazards terrorism poverty and sustainable development Through its theoretical and practical applications we are reminded that the study of Geography informs policy making Resources in Education

, 1997-04 **The Making of America's Culture Regions** Richard L. Nostrand, 2018-01-19 This outstanding text provides students with the essential foundation in the historical geography of the United States Distinguished scholar Richard L. Nostrand skillfully synthesizes decades of historical geography research in an engaging and thought provoking overview His regional geography framework emphasizes the three themes central to cultural geography cultural ecology cultural diffusion and cultural landscape to explain the formation and change of culture regions in the United States He shows convincingly that regions are a valuable pedagogical device for developing students understanding of place and context *Latin America and the Caribbean* Brian W. Blouet, Olwyn M. Blouet, 2009-09-08 Updated and revised with many new detailed maps and photographs this sixth edition enables geographers to explore the changes and major issues facing this dynamic region today The historical material has been streamlined in order to focus on contemporary issues Key environmental issues are highlighted in new boxes throughout the chapters The Systematic surveys have been restructured New profiles of Latin

American countries and major issues are also covered This approach will help geographers visit the dynamic people and places of Latin America

**Hispanic Spaces, Latino Places** Daniel Arreola, 2004-11-01 Hispanics Latinos are the largest ethnic minority in the United States but they are far from being a homogenous group Mexican Americans in the Southwest have roots that extend back four centuries while Dominicans and Salvadorans are very recent immigrants Cuban Americans in South Florida have very different occupational achievements employment levels and income from immigrant Guatemalans who work in the poultry industry in Virginia In fact the only characteristic shared by all Hispanics Latinos in the United States is birth or ancestry in a Spanish speaking country In this book sixteen geographers and two sociologists map the regional and cultural diversity of the Hispanic Latino population of the United States They report on Hispanic communities in all sections of the country showing how factors such as people s country culture of origin length of time in the United States and relations with non Hispanic society have interacted to create a wide variety of Hispanic communities Identifying larger trends they also discuss the common characteristics of three types of Hispanic communities those that have always been predominantly Hispanic those that have become Anglo dominated and those in which Hispanics are just becoming a significant portion of the population
