Patrons Devotees And Goddebes:

Patrons, Devotees, and Goddesses Masakazu Tanaka, 1997 **Unconventional Warfare in South Asia, 1947 to the Present** Kaushik Roy, 2017-03-02 Unconventional war is an umbrella term which includes insurgencies counter insurgencies terrorism and religious conflicts Insurgencies and communal conflicts have become much more common in this region since 1947 and more people have died in South Asia due to unconventional wars than conventional warfare The essays in this volume are organized in two sections While the first section deals with insurgencies counter insurgencies and terrorism the second section covers the religious aspects of the various intra state conflicts which mar the multi ethnic societies of South Asia **Women's Authority and Leadership in a Hindu Goddess Tradition** Nanette R. Spina, 2017-02-28 This book investigates women's ritual authority and the common boundaries between religion and notions of gender ethnicity and identity Nanette R Spina situates her study within the transnational Melmaruvathur Adhiparasakthi movement established by the Tamil Indian guru Bangaru Adigalar One of the most prominent defining elements of this tradition is that women are privileged with positions of leadership and ritual authority This represents an extraordinary shift from orthodox tradition in which religious authority has been the exclusive domain of male Brahmin priests Presenting historical and contemporary perspectives on the transnational Adhiparasakthi organization Spina analyzes women's roles and means of expression within the tradition The book takes a close look at the Adhiparasakthi society in Toronto Canada a Hindu community in both its transnational and diasporic dimensions and how this Canadian temple has both shaped and demonstrated their own diasporic Hindu identity The Toronto Adhiparasakthi society illustrates how Goddess theology women's ritual authority and inclusivity ethics have dynamically shaped the identity of this prominent movement overseas Based on years of ethnographic fieldwork the volume draws the reader into the rich textures of culture community and ritual life with the Goddess Missionary Tropics Ines G. Županov, 2005 A provocative contribution to the history of early modern Euro Asian interactions that provides new perspectives on the encounter between Catholicism and Hinduism in India *The Musical Gift* Jim Sykes, 2018-08-31 The Musical Gift tells Sri Lanka's music history as a story of giving between humans and nonhumans and between populations defined by difference Author Jim Sykes argues that in the recent past the genres we recognize today as Sri Lanka's esteemed traditional musics were not originally about ethnic or religious identity but were gifts to gods and people intended to foster protection and or healing Noting that the currently assumed link between music and identity helped produce the narratives of ethnic difference that drove Sri Lanka's civil war 1983-2009 Sykes argues that the promotion of connected music histories has a role to play in post war reconciliation The Musical Gift includes a study of how NGOs used music to promote reconciliation in Sri Lanka and it contains a theorization of the relations between musical gifts and commodities Eschewing a binary between the gift and identity Sykes claims the world's music history is largely a story of entanglement between both paradigms Drawing on fieldwork conducted widely across Sri Lanka over a span of eleven years

including the first study of Sinhala Buddhist drumming in English and the first ethnography of music making in the former warzones of the north and east this book brings anthropology's canonic literature on the gift into music studies while drawing on anthropology's recent ontological turn and the new materialism in religious studies Major World Religions
Lloyd V. J. Ridgeon, 2003 This book focuses upon those religions that continue to demand the attention of the Western world

Historical Dictionary of Sri Lanka Patrick Peebles, 2015-10-22 Sri Lanka has had a celebrated history a long colonial past and since independence in 1948 has passed through a series of crises and political experiments It has had a remarkable record of voters turning out unpopular governments often by sweeping margins On 8 January 2015 voters again performed this feat when Maithripala Sirisena representing a coalition of disparate parties defeated Mahinda Rajapaksa for the presidency Rajapaksa was turning the nation away from its democratic heritage towards authoritarianism and militarism Independent Sri Lanka's economy stagnated for decades before it began to grow in the 1980s It has had significant economic growth since the end of the 26 year war against the separatist Liberation Tigers of Tamil Eelam LTTE in 2009 Although reconciliation between the Sinhalese Buddhist majority and Hindu Muslim and Christian minorities seems distant prospects for Sri Lanka seem better than they have been for decades The Historical Dictionary of Sri Lanka contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 700 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Sri Lanka Heritage and Change Damaris Lüthi, 2023-06-21

The focus of this book is on the first generation Sri Lankan Tamil diaspora in Berne Switzerland During the Sri Lankan civil war tens of thousands of Tamil refugees migrated to Switzerland For decades they hoped for a return to their desired own state Tamil Nadu and strove to preserve their social ties and home culture At the core of their identity was the Tamil language They essentialized their values as part of the patriotic project of an independent Tamil state Swiss culture was seen as incompatible with Tamil ideals The second generation socialized in the host country tended to adopt both cultures After the defeat of the Tamil Tigers and the end of the war in 2009 the vision of a return to the homeland was shattered Ten years later the first generation Swiss Tamils have little desire to return to a country where all their relatives have left or died and where the situation is seen as unsafe The elderly Tamils seem prepared to spend their old age in the Swiss exile the homeland of their children **The Neighborhood of Gods** William Elison, 2018-12-10 There are many holy cities in India but Mumbai is not usually considered one of them More popular images of the city capture the world's collective imagination as a Bollywood fantasia or a slumland dystopia Yet for many if not most people who live in the city the neighborhood streets are indeed shared with local gods and guardian spirits In *The Neighborhood of Gods* William Elison examines the link between territory and divinity in India's most self consciously modern city In this densely settled environment space is scarce and anxiety about housing is pervasive Consecrating space first with impromptu displays and then eventually with full blown temples and

official recognition is one way of staking a claim But how can a marginalized community make its gods visible and therefore powerful in the eyes of others The Neighborhood of Gods explores this question bringing an ethnographic lens to a range of visual and spatial practices from the shrine construction that encroaches on downtown streets to the tribal art practices of an indigenous group facing displacement to the work of image production at two Bollywood film studios A pioneering ethnography this book offers a creative intervention in debates on postcolonial citizenship urban geography and visibility in the religions of India *Religion and Society* Gerrie Ter Haar, Yoshio Tsuruoka, 2007 Religion is a driving force of the twenty first century Here is a book that discusses every aspect of this fascinating subject proposing an agenda for future study The authors are leading scholars from all over the world **Religious Studies** Gregory D. Alles, 2010-03-01 Drawing on recent developments in the comparative study of religion this book explores the trends of the past sixty years from a global perspective Each of the ten chapters covers the study of religion in a different region of the world from Europe and the Americas to Asia and the Far East Topics covered include local background to the study of religions formation of religious studies in the region important thinkers and writings institutions interregional diversity and interregional connections emerging issues This book is a major contribution to the field of religious studies and a valuable reference for scholars researchers and graduate students **The Hmong of China** Nicholas Tapp, 2021-10-11 This first ethnography of the Hmong in China is based on Nicholas Tapp's extensive fieldwork in a Hmong village in Sichuan Basing his analysis on the concepts of context and agency Tapp discusses the paradoxical ambivalence at the heart of Hmong culture A paradox arises in the historical and ethnographic construction of the identity of the Hmong by conscious contrast with and in opposition to a majority Han Chinese identity at the same time that large parts of Hmong culture are shared with the Chinese and may be the results of historical processes of adoption absorption mimesis or emulation Tapp examines the Hmong rituals of shamanism ancestral respect and death and provides details on livelihood kinship local organization and intellectual culture The book is enhanced with thorough accounts of ceremonies rituals and folktales with translations of Hmong songs and stories This publication has also been published in paperback no longer available Untouchable S. M. Michael, 1999 Exploring the enduring legacy of untouchability in India this book challenges the ways in which the Indian experience has been represented in Western scholarship The authors introduce the long tradition of Dalit emancipatory struggle and present a sustained critique of academic discourse on the dynamics of caste in Indian society Case studies complement these arguments underscoring the perils and problems that Dalits face in a contemporary context of communalized politics and market reforms Landscapes of Urban Memory Smriti Srinivas, A rich analysis of religion civic life and global transformation in India Established in the middle of the sixteenth century Bangalore has today become a center for high technology research and production the new Silicon Valley of India with a metropolitan population approaching six million It is also the site of the very popular annual performance called the Karaga dedicated to Draupadi the polyandrous wife of the

heroes of the pan Indian epic of the Mahabharata Through her analysis of this performance and its significance for the sense of the civic in Bangalore Smriti Srinivas shows how constructions of locality and globality emerge from existing cultural milieus and how articulations of the urban are modes of cultural self invention tied to historical spatial somatic and ritual practices The book highlights cultural practices embedded in urbanization and moves beyond economic arguments about globalization or their reliance on the European polis or the American metropolis as models Drawing from urban studies sociology anthropology performance studies religion and history Landscapes of Urban Memory greatly expands our understanding of how the civic is constructed

Mathew SJ, 2020-05-05 Between the Sea and the Sky is an inquiry into the religious world of a traditional fishing community on the Southwest coast of India It explores the vital role religious and spiritual beliefs play in sustaining people in such a precarious even deadly occupation Despite periodic natural calamities and the extreme challenges that accompany their everyday lives a remarkable spirit of resilience is evident in this coastal community Using the concept of lived religion Mathew explores the theological religious and spiritual contours of this remarkable community and draws from them broader insights into the nature of belief

Life on the Outside Oivind Fuglerud, 1999-02-20 This study of the Tamil diaspora is one of the first full ethnographic studies of a postcolonial migrant community and a major contribution to the study of migration globalisation identity politics and long distance nationalism from an anthropological perspective Fuglerud's study traces the history of Tamil migration from the arrival of the economic migrants of the 1960s to the asylum seekers of the mid 1980s onwards He draws unnerving parallels between the status of the Tamil community in Sri Lanka as a beleaguered and persecuted minority waging a war of liberation and as a displaced marginalised and excluded refugee community Fuglerud argues that in the process of displacement particular aspects of Tamil culture marriage dowry chastity and ritual acquire a heightened significance He examines the contradictions and inconsistencies which characterise the Tamil refugee communities and the success of revolutionary Tamil nationalism in exile highlighting the transnational nature of identity politics

Modernity and Spirit Worship in India Miho Ishii, 2019-11-06 This book investigates the entangled relations between

people's daily worship practices and their Umwelt in South India. Focusing on the practices of spirit bta worship in the coastal area of Karnataka, it examines the relationship between people and deities. Based on extensive fieldwork, this book links important anthropological theories on personhood, perspectives, transactions, and gift exchanges together with the Gestaltkreis theory of Viktor von Weizsäcker. First, it examines the relations between bta worship and land tenure, matriliney, and hierarchy in the society. It then explores the reflexive relationship between modern law and current practices based on conventional law, before examining new developments in bta worship with the rise of mega industries and environmental movements. Furthermore, this book sheds light on the struggles and endeavours of the people who create and recreate their relations with the realm of sacred wildness, as well as the formations and transformations of the Umwelt in perpetual social, political, and religious transition. **Modernity and Spirit Worship in India** will be of interest to academics in the field of anthropology, religious studies, and the dynamics of religion and South Asian Culture and Society. **Crucible of Conflict** Dennis B.

The book delves into how beliefs molded societies, inspired art, and resonate today. It investigates the origins, evolution, and narratives of divine figures alongside associated rituals and evolving perceptions shaped by political, social, and economic factors. Deities embody fundamental human values and aspirations, offering insights into core beliefs driving civilizations for millennia. The book traces historical and social contexts of belief systems from polytheistic to monotheistic faiths, using anthropology, archaeology, and comparative mythology. For example, exploring Greek, Roman, Egyptian, Norse, and Hindu pantheons, the book examines key deities, attributes, relationships, and myths, highlighting thematic commonalities and variations. The book progresses from introducing the concept of deities to exploring major pantheons and culminates by examining their legacy in contemporary society, including their presence in art, literature, popular culture, and modern spiritual practices.
