Ennobling Love C. Stephen Jaeger,2010-08-03 Richard Duke of Aquitaine son of the King of

England remained with Philip the King of France who so honored him for so long that they ate every day at the same table and from the same dish and at night their beds did not separate them And the King of France loved him as his own soul and they loved each other so much that the King of England was absolutely astonished at the vehement love between them and marveled at what it could mean Public avowals of love between men were common from antiquity through the Middle Ages What do these expressions leave to interpretation An extraordinary amount as Stephen Jaeger demonstrates Unlike current efforts to read medieval culture through modern mores Stephen Jaeger contends that love and sex in the Middle Ages relate to each other very differently than in the postmedieval period Love was not only a mode of feeling and desiring or an exclusively private sentiment but a way of behaving and a social ideal It was a form of aristocratic self representation its social function to show forth virtue in lovers to raise their inner worth to increase their honor and enhance their reputation To judge from the number of royal love relationships documented it seems normal rather than exceptional that a king loved his favorites and the courtiers and advisors clerical and lay loved their superiors and each other Jaeger makes an elaborate accessible and certain to be controversial case for the centrality of friendship and love as aristocratic lay clerical and monastic ideals Ennobling Love is a magisterial work a book that charts the social constructions of passion and sexuality in our own times no less than in the Middle Ages

Atheism and Love in the Modern Era Colby Dickinson,2025-04-17 Discussing the decline of faith and the rise of love in the modern era Colby Dickinson proposes a critique of religious belief which addresses how a secular world can continue to mine religious traditions for their conceptual and emotional riches Atheism and Love in the Modern Era argues that theism

and atheism taken together can peel back the layers of abstraction alienation and disillusionment that always accompany our humanity in order to help us really see how it is to exist in this world To illuminate this vision Dickinson takes up the notion of love as a cultivation and practice of indifference as a letting go of one's identity a crucial concept that unites both religion and atheism through a concerted effort to detach from them both The book is organized into four sections each situating the concept of love in relation to a distinct theme the first outlines modern secularized versions of various religious concepts such as technology in the place of miracles or art in the place of religious revelation The second argues that in a pluralistic world the actual lived realities of various religious communities and persons defy the static categories and classifications grouped under the umbrella of religion The third section discusses and defines non absolute love The fourth section discusses how atheism in its critiques of religion misses the significance of de centring the act of love Dickinson elaborates his reflections through lucid engagement with a variety of thinkers including i ek Agamben Irigaray Derrida Erich Fromm Charles Taylor and Philip Kitcher This is essential reading for those interested in popular debates around theism and atheism as well as those concerned with the ways in which continental and analytic philosophy have addressed the continued significance of religious traditions

House with open door Kameel Ahmady, 2021, ۳۰۰ صفحه House with Open Door A Comprehensive Research Study on White Marriage Cohabitation in Iran By Kameel Ahmady The study reported in this book by the British Iranian anthropologist Kameel Ahmady considers both legal and informal coupledness in Iran It is hugely broad in scope and also detailed in specifics In considering the factors which shape young Iranian's decisions about heterosexual relationships Ahmady takes us from the end of the secular era of the Shahs of Iran to the modern day ultra religious administration We are also guided across many regions of the globe and across cultures from the largely closed communities of decades ago to the present age of instant global communication and influence Ahmady's endeavours explore a way of living and understanding society that most in the West have rarely encountered We may know that in some countries bigamy even polygamy is still permitted we may even know that in some places children are permitted to be married at a very early age often in Iran girls to older men but never forget that some western states also permit very young people to marry What we are less likely to know however is that Iran has specifically reiterated legislation allowing temporary or white marriage *sighah* whereby the licence is for a specified duration in fact anywhere between one hour and 99 years Nor are we likely to know that sexual involvement outside marriage is increasingly common in the Iranian metropolises but also as confirmed by post Millennium legislation and should the authorities so decide on the basis of the evidence punishable in some cases by lashing stoning or even death Present day Iran is a complex nation on the one hand imbued with centuries of deeply religious tradition and family strictures and on the other informed about the modern world by sophisticated and easily accessible technologies available to millions of highly educated young citizens men and women alike In this book Kameel Ahmady sets

himself the task of exploring how the contradictions between these fundamentally conflicting factors are resolved or not by the young people in his country of birth As in many parts of the world age of marriage in Iran has risen dramatically over the past few decades the duration of adolescence has increased significantly Amongst the most important influences in this trend have been low rates of secure employment unmet expectations of good jobs by both male and female graduates housing problems inflation the significant costs including mehr or dowry of formal marriage and poverty and the greater expectation now of autonomy and self direction in younger adults These factors insofar as they are recognised at all are a matter of concern sometimes alarm on the part of older family members and traditionalists who fear that their faith culture and traditions are under threat Thousands of young Iranians therefore live double lives conventionally single in public but living as married couples in private Since the law concedes nothing to these private arrangements there is no protection for the more vulnerable partner and indeed no prospect of active citizenship for any children born to the couple these illegitimate offspring Ahmady tells us will not even acquire a birth certificate or rights to education There is he says an urgent necessity for legislators in Iran to acknowledge and face up to these serious problems and issues Driving the trend to illicit or temporary marriage are a number of matters considered entirely private and personal in most of western society Kameel Ahmady s and his team respondents have a lot to tell us quite explicitly about their sexual needs and about the necessity according to the Iranian Civil Code or otherwise of virginity before marriage These are unlikely issues for discussion in most though not all parts of the modern world For the first time in Iran this book will reveal the hidden and wide angle aspects of this phenomenon at macro level with an emphasis on the Tehran Mashhad and Isfahan metropolitan areas house_ with_ open_ door Age_of_marriage_in_Iran temporary_marriage white_marriage cohabitation Cohabitation_in_Iran White_marriage_in_Iran sighe_mahramiat Gender gender_problem_in_iran women women_right Sex and the Love-life William John Fielding,1927
