*Slave Narratives (LOA #114)* William L. Andrews, Henry Louis Gates, 2000-01-15 This collection of landmark slave

narratives demonstrates how a diverse group of writers challenged the conscience of a nation and laid the foundations of the African American literary tradition No literary genre speaks as directly and as eloquently to the brutal contradictions in American history as the slave narrative The works collected in this volume present unflinching portrayals of the cruelty and degradation of slavery while testifying to the African American struggle for freedom and dignity They demonstrate the power of the written word to affirm a person's and a people's humanity in a society poisoned by racism Slave Narratives shows how a diverse group of writers challenged the conscience of a nation and through their expression of anger pain sorrow and courage laid the foundations of the African American literary tradition This volume collects ten works published between 1772 and 1864 Narratives by James Albert Ukawsaw Gronniosaw 1772 and Olaudah Equiano 1789 recount how they were taken from Africa as children and brought across the Atlantic to British North America The Confessions of Nat Turner 1831 provides unique insight into the man who led the deadliest slave uprising in American history The widely read narratives by the fugitive slaves Frederick Douglass 1845 William Wells Brown 1847 and Henry Bibb 1849 strengthened the abolitionist cause by exposing the hypocrisies inherent in a slaveholding society ostensibly dedicated to liberty and Christian morality The Narrative of Sojourner Truth 1850 describes slavery in the North while expressing the eloquent fervor of a dedicated woman Running a Thousand Miles for Freedom 1860 tells the story of William and Ellen Craft's subversive and ingenious escape from Georgia to Philadelphia Incidents in the Life of a Slave Girl 1861 is Harriet Jacobs's complex and moving story of her prolonged resistance to sexual and racial oppression The narrative of the trickster Jacob Green 1864 presents a disturbing story full of wild humor and intense cruelty Together these works fuse memory advocacy and defiance into a searing collective portrait of American life before emancipation Slave Narratives contains a chronology of events in the history of slavery as well as biographical and explanatory notes and an essay on the texts

*Jack London: Novels and Social Writings (LOA #7)* Jack London, 1982-11-01 By turns an impoverished laborer a renegade adventurer a war correspondent in Mexico a declared socialist and a writer of enormous popularity the world over Jack London was the author of brilliant works that reflect his ideas about twentieth century capitalist societies while dramatizing them through incidents of adventure romance and brutal violence His prose always brisk and vigorous rises in *The People of the Abyss* to italicized horror over the human degradations he saw in the slums of East London It also accommodates the dazzling oratory of the hero of *The Iron Heel* an American revolutionary named Ernest Everhard whose speeches have the accents of some of London's own political essays like the piece reprinted in this volume entitled *Revolution* London's prophetic political vision was recalled by Leon Trotsky who observed that when *The Iron Heel* first appeared in 1907 not one of the revolutionary Marxists had yet fully imagined the ominous perspective of the alliance between finance capitalism and labor aristocracy Whether he is recollecting in *The Road* the exhilarating camaraderie of hobo gangs or dramatizing in *Martin Eden* a life like his own even to the foreshadowing of his own death at age forty or confessing his struggles with alcoholism in the memoir *John Barleycorn*

London displays a genius for giving marginal life the aura of romance Violence and brutality flash into life everywhere in his work both as a condition of modern urban existence and as the inevitable reaction to it Though he is outraged in *The People of the Abyss* by the condition of the poor in capitalist societies London is even more appalled by their submission and in the novel he wrote immediately afterward *The Call of the Wild* in the companion volume *Novels and Stories* he constructed an animal fable about the necessary reversion to savagery *The Iron Heel* with its panoramic scenes of urban warfare in Chicago envisions the United States taken over by fascists who perpetuate their regime for three hundred years It constitutes London's warning to his fellow socialists that mere persuasion is insufficient to combat a system that ultimately relies on force

**Washington Irving: Three Western Narratives (LOA #146)** Washington Irving, 2004-01-26 America's first internationally acclaimed author Washington Irving established his fame with tales of the Hudson Valley in the days of Dutch rule and then spent seventeen years in Europe mining the Old World for stories When he finally returned to the United States he embarked on a trilogy of books on the American West that would prove decisive in molding his compatriots conception of the Great Plains the Rocky Mountains and the Pacific Northwest The Library of America presents this Western trilogy in its third volume of Irving's work Irving's own encounter with the West came in 1832 when he accompanied the Commissioner of Indian Affairs on a month long journey to what is now eastern Oklahoma His account of that trip *A Tour on the Prairies* 1835 described wild landscape rugged inhabitants and dramatic chases and hunts with an eye for romantic sublimity and a keen appreciation of the frontiersman's secret of personal freedom After the success of his first western book Irving undertook to write the history of John Jacob Astor's ultimately failed attempt to establish a fur trading empire in the Northwest In Astoria 1836 he created a sweeping epic of exploration commercial enterprise and contest for dominion on the shores of the Pacific drawing on Astor's rich archive of materials and enlivening it with his flair for vigorous storytelling In *The Adventures of Captain Bonneville* 1837 Irving focused on a single memorable figure an army officer and fur trader who may also have been an American spy tracking British ambitions in the far country to reveal the flavor of frontier life in the Rockies and beyond

and his knights In a hilarious burlesque of the age of chivalry and of its cult in the nineteenth century American South Twain demolishes knighthood's romantic aura to reveal a brutish violent society beset by ignorance But the comic mood gives way to a darker questioning of both ancient and modern society culminating in an astonishing apocalyptic conclusion that questions both American progress and Yankee ingenuity as Camelot is undone by the introduction of advanced technology Taking into account her origin youth sex illiteracy early environment and the obstructing conditions under which she exploited her high gifts and made her conquest in the field and before the courts that tried her for her life she is easily and by far the most extraordinary person the human race has ever known So Twain wrote of the heroine of *Personal Recollections of Joan of Arc* 1896 his most elaborate work of historical reconstruction A respectful and richly detailed chronicle by turns admiring and indignant Joan of Arc opens a fascinating window onto the moral imagination of America's greatest comic writer LIBRARY OF AMERICA is an independent nonprofit cultural organization founded in 1979 to preserve our nation's literary heritage by publishing and keeping permanently in print America's best and most significant writing The Library of America series includes more than 300 volumes to date authoritative editions that average 1 000 pages in length feature cloth covers sewn bindings and ribbon markers and are printed on premium acid free paper that will last for centuries

**Paul Bowles's Literary Engagement with Morocco** Bouchra Benlemlih, 2018-01-05 This study argues that Paul Bowles is more perceptive than many American travelers in Morocco The book provides us with what are perhaps the most sustained meditations to date on Bowles's translation work and his autobiography as well as perceptive analyses of key stories such as *A Distant Episode* and *Here to Learn* and his

second novel *Let It Come Down* set primarily in Tangier The chapter on translation dwells on the complex interactions between Moroccan storytellers and Bowles The work considers translation as a site where the oral and written colonial and post colonial scene and English and Maghrebi come face to face it is a place where things are worked out in dynamic interaction The chapter on Bowles's autobiography *Without Stopping* urges us to take this piece of self writing famously dubbed *Without Telling* by William Burroughs more seriously drawing our attention to baroque architectural features of mind and external landscape worlds distorted by mirrors dreams and fluid transit where forms morph The work also highlights difference between experience and representation of experience through language transformed through the prism of memory In the chapter on *Without Stopping* as well as in my discussions of Bowles's fiction I provide useful elaborations of connections between Bowles's work and that of Edgar Allan Poe My reading of one of Bowles's best known stories *A Distant Episode* brings to the surface a recognition that the tragic fate of the Professor the story's protagonist is an outcome of his inability to admit that cultures are not static The academically trained linguist demonstrates an unwillingness or inability to adapt to change or to read cultural signs accurately The message is that Morocco is not stuck in time and cannot be held in place by Orientalist fantasies or preconceived externally derived intellectual constructs and assumptions The book concludes that against the grain of Samuel Huntington's notion of *Clash of Civilizations* Bowles's poetic and geographical journey forcefully projects cosmopolitanism and transnational attention confirming that civilizations and identities open up rather than shut down war or clash
