Klee's Career, 1914-1920 Otto Karl Werckmeister, 1989-07-10 Paul Klee one of the preeminent artists of the twentieth century was associated with all of the major movements of the first half of the century expressionism cubism surrealism and abstraction In this economic and political history O K Werckmeister traces Klee's career as a professional artist concentrating on the years 1914-20 in which Klee rose from obscurity to recognition in the visual culture of the incipient Weimar Republic Werckmeister reveals the degree to which Klee who has been traditionally portrayed as aloof from politics and the vicissitudes of the art market was subject to and interacted with material conditions Drawing on rich documentary evidence records of Klee's sales reviews of his exhibitions the artist's published writings about his art unpublished correspondence as well as contemporary criticism Werckmeister follows Klee's transformation from an idiosyncratic abstract individualist to a metaphysical storyteller to mystical sage Werckmeister argues that this latter image was promoted by a number of influential art critics and dealers acting in cooperation with the artist himself This posture prompted Klee's success first in the war-weary modernist art world of 1916-18 and then in the pseudo-revolutionary art world of 1919-20 This

work is a critical challenge to the myth of Klee's art and to the hagiography of his artistic personality Werckmeister's historical account is sure to be a controversial yet significant contribution to Klee studies one that will change the nature of Klee scholarship for some time to come *Paul Klee, Mar.13-April 2, 1930* Museum of Modern Art (New York, N.Y.),1930

Paul Klee, March 13- April 2, 1930, Museum of Modern Art, New York Paul Klee,1930 *Paul Klee 1939* Paul Klee,Dawn Ades,Richard Tuttle,2021-06-22 The year before he died in what was one of the most difficult yet prolific periods of his life Paul Klee created some of his most surprising and innovative works In 1939 the year before his death from a long illness and against a backdrop of sociopolitical turmoil and the outbreak of World War II Klee worked with a vigor and inventiveness that rivaled even the most productive periods of his youth This book illuminates the artist's response to his personal difficulties and the era's broader realities through imagery that is tirelessly inventive by turns political solemn playful humorous and poetic The works featured testify to Klee's restless drive to experiment with form and material His use of adhesive grease oil chalk and watercolor among other media resulted in surfaces that are not only visually striking but also highly tactile and original Not unlike a diary the drawings are often meditative reflections on the pains and pleasures of life their titles among them *Monsters in readiness* and *Struggles with himself* signal Klee's frame of mind Renowned art historian Dawn Ades looks at this group of paintings and drawings in the context of their time and as indicative of a pivotal moment in art history Moved by this late period of Klee's oeuvre American artist Richard Tuttle responds to specific works in the form of dialogical poems This stunning publication highlights the novelty and ingenuity of Klee's late works which deeply affected the generation of artists including Anni Albers Jean Dubuffet Mark Tobey and Zao Wou Ki that emerged after World War II and continues to captivate artists and viewers alike today **Paul Klee** Annie Bourneuf,2015-07-20 The fact that Paul Klee 1879 1940 consistently intertwined the visual and the verbal in his art has long fascinated commentators from Walter Benjamin to Michel Foucault However the questions it prompts have never been satisfactorily answered until now In *Paul Klee* Annie Bourneuf offers the first full account of the interplay between the visible and the legible in Klee's works from the 1910s and 1920s Bourneuf argues that Klee joined these elements to invite a manner of viewing that would unfold in time a process analogous to reading From his elaborate titles to the small scale he favored to his metaphoric play with materials Klee created forms that hover between the pictorial and the written Through his unique approach he subverted forms of modernist painting that were generally seen to threaten slow contemplative viewing Tracing the fraught relations among seeing reading and imagining in the early twentieth century Bourneuf shows how Klee reconceptualized abstraction at a key moment in its development *Paul Klee* Paul Klee,1968 **Paintings, Drawings, and Prints by Paul Klee** Paul Klee,Museum of Modern Art (New York, N.Y.),1949
