

With a new epilogue, featuring
Paul's final tribute to Linda

PAUL McCARTNEY

MANY YEARS FROM NOW

BARRY MILES

Paul McCartney Many Years

Ian Leslie

Paul McCartney Many Years:

Paul McCartney Barry Miles, 1998-10-15 A definitive authorized portrait of Paul McCartney draws on hundreds of hours of exclusive interviews and access to personal archives to chronicle the private life and successful career of one of the world's most famous musicians the world of the Beatles his partnership with John Lennon and more *Paul McCartney* Paul McCartney, Barry Miles, 2000 Based on hundreds of exclusive interviews over a period of five years by Barry Miles and on complete access to McCartney's own archives this is Paul McCartney in his own words McCartney recalls the genesis of every song he and Lennon wrote together and talks in fascinating detail about how they worked and who was responsible for which line which melody *Paul McCartney* Barry Miles, 1999 **The Beatles and the Historians** Erin Torkelson Weber, 2016-04-28 Hundreds of books have been written about The Beatles Over the last half century their story has been mythologized and de-mythologized and presented by biographers and journalists as history Yet many of these works do not strictly qualify as history and the story of how the Beatles mythology continues to be told has been largely ignored This book examines the band's historiography exploring the four major narratives that have developed over time The semi-whitewashed Fab Four account the acrimonious breakup era Lennon Remembers version the biased Shout narrative in the wake of John Lennon's murder and the current Mark Lewisohn orthodoxy Drawing on the most influential primary and secondary sources Beatles history is analyzed using historical methods **John & Paul** Ian Leslie, 2025-04-08 A new take on a legendary partnership Thoroughly delightful Fans will love this fresh insightful approach to the band Kirkus Reviews Starred Review John Lennon and Paul McCartney knew each other for twenty three years from 1957 to 1980 This book is the myth-shattering biography of a relationship that changed the cultural history of the world The Beatles shook the world to its core in the 1960s and to this day new generations continue to fall in love with their songs and their story At the heart of this phenomenon lies the dynamic between John Lennon and Paul McCartney Few other musical partnerships have been rooted in such a deep intense and complicated personal relationship John and Paul's relationship was defined by its complexity compulsive tender and tempestuous full of longing riven by jealousy Like the band their relationship was always in motion never in equilibrium for long John Paul traces its twists and turns and reveals how these shifts manifested themselves in the music The two of them shared a private language rooted in the stories comedy and songs they both loved as teenagers and later in the lyrics of Beatles songs In John Paul acclaimed writer Ian Leslie uses the songs they wrote to trace the shared journey of these two compelling men before during and after The Beatles Drawing on recently released footage and recordings Leslie offers us an intimate and insightful new look at two of the greatest icons in music history and rich insights into the nature of creativity collaboration and human intimacy **Man on the Run** Tom Doyle, 2014-06-17 An illuminating look at the most tumultuous decade in the life of a rock icon the only McCartney biography in decades based on firsthand interviews with the ex-Beatle himself As the 1970s began the Beatles ended leaving Paul McCartney to face the new decade with only his wife Linda by his

side Holed up at his farmhouse in Scotland he sank into a deep depression To outsiders McCartney seemed like a man adrift intimidated by his own fame paralyzed by the choices that lay before him cut loose from his musical moorings But what appeared to be the sad finale of a glorious career was just the start of a remarkable second act The product of a long series of one on one interviews between McCartney and Scottish rock journalist Tom Doyle Man on the Run chronicles Paul McCartney s decadelong effort to escape the shadow of his past outrace his critics and defy the expectations of his fans From the bitter and painful breakup of the Beatles to the sobering wake up call of John Lennon s murder this is a deeply revealing look at a sometimes frightening often exhilarating period in the life of the world s most famous rock star Sensing that he had nowhere to go but up Paul McCartney started over from scratch With emotional and musical backing from Linda he released eccentric solo albums and embarked on a nomadic hippie lifestyle He formed a new band Wings which first took flight on a ramshackle tour of British university towns and eventually returned Paul to the summit of arena rock superstardom In Man on the Run Doyle follows McCartney inside the recording sessions for Wings classic album Band on the Run and provides context for some of the baffling misfires in his discography Doyle tracks the dizzying highs and exasperating lows of a life lived in the public spotlight the richly excessive world tours the Japanese drug bust that nearly ended McCartney s career his bitter public feuds with his erstwhile Beatle bandmates and the aftermath of an infamous drug and alcohol fueled jam session where McCartney helped reconcile the estranged John Lennon and Yoko Ono For Paul McCartney the 1970s were a wild ride with some dark turns Set against the backdrop of a turbulent decade Man on the Run casts the sunny Beatle in an entirely new light Praise for Man on the Run Tom Doyle s detailed chronicle which includes rare interviews with McCartney and former Wings members portrays a band that was far more contentious than eager to please hits like 1976 s Let Em In had us believe fronted by a legend who wanted to be both boss and buddy The book is larded with tales of Seventies rock star excess Paul and Linda s love of weed docked paychecks and grousing musicians Rolling Stone Well researched but still breezy and engaging the book offers a comprehensive tour of the shaggy bleary eyed decade when the hardest working ex Beatle reached the zenith of his creative and commercial success Man on the Run makes an excellent contribution to the burgeoning literature devoted to McCartney s post Beatles career The Boston Globe In the 1970s a depressed heavy drinking Paul McCartney walked away from The Beatles and reinvented himself as the leader of another hitmaking rock n roll band A new book by longtime Q magazine contributing editor Tom Doyle about that turbulent period in the legendary rock star s life Man on the Run catches him in mid flight Billboard

Gathered From Coincidence Tony Dunsbee,2015-03-01 Combining the personal memories and critical analysis of a self confessed pop addict with a wealth of contemporary documentary evidence Gathered From Coincidence reconstructs a truly momentous era to tell the story of the music of the Sixties year by year By tracing in parallel the origins and development of the recording careers of major talents on both sides of the Atlantic the Beatles the Rolling Stones the Beach Boys Bob Dylan Dusty Springfield and many more besides this account shows how

they traded creativity with one another All the great Sixties hits as well as a host of less well known gems are described in the context of the charts of the day tracking the ups and downs of different trends as they came and went such as rock n roll rhythm blues psychedelia modern folk the concept album or supergroups But beyond this each chapter also places the music in a broader historical and cultural setting of landmark events at home and abroad the space race the Profumo affair the Cold War Vietnam the growth of satire to show how as the decade unfolded the paths of pop and current affairs drew ever closer together If you thought the Sixties were just about the fleeting dreams of hippies in the Summer of Love then think again This book will open your eyes to a far reaching imaginative legacy and how it came to shape pop music as a dazzling art form in its own right *Fab* Howard Sounes,2010-10-26

He is one of the most famous most wealthy people on the planet and yet he remains little known and understood as a personality At long last Paul McCartney is the subject of a major deeply researched psychologically acute biography It tells a story that will illuminate and surprise The publication finds McCartney who turns 70 in 2012 revitalized as a performer touring with a set of mostly Beatles songs and a man buffeted by profound changes in recent years the death of his first wife Linda the death of George Harrison a second marriage to Heather Mills and its spectacular failure the fall out from which is still crashing around him **The Stars at Night** Anita D.

Hall,2003-02-11 The Stars At Night colorfully portrays successfully creative personalities achieving self awareness and spiritual insight through their dreams Likewise the book shows that everyone can become more creative and spiritual by tending to his or her own dreams In this text Anita Hall shares the techniques attitude and approach that she uses as well as actual dreams of the generous personalities such as Alan Arkin and Disco, Punk, New Wave, Heavy Metal, and More

Britannica Educational Publishing,2012-12-01 Although rock music continued to dominate the music scene the sounds of the 1970s and 80s differed greatly from the music of the preceding decades reflecting newer social realities The aggressive sounds of punk music began to appeal to youth while disco reached across cultures and brought diverse crowds together in dance clubs New Wave had a playful chill feel while the electronic guitar laden sounds heavy metal were anything but Readers examine the various styles of music that defined the 1970s and 80s profiling the artists who captured the spirit of rapid social and cultural change **Reading the Beatles** Kenneth Womack,Todd F. Davis,2012-02-01

Despite the enormous amount of writing devoted to the Beatles during the last few decades the band s abiding intellectual and cultural significance has received scant attention Using various modes of literary musicological and cultural criticism the essays in Reading the Beatles firmly establish the Beatles as a locus of serious academic and cultural study Exploring the group s resounding impact on how we think about gender popular culture and the formal and poetic qualities of music the contributors trace not only the literary and musicological qualities of selected Beatles songs but also the development of the Beatles artistry in their films and the ways in which the band has functioned as a cultural historical and economic product In a poignant afterword Jane Tompkins offers an autobiographical account of the ways in which the Beatles afforded her with the self actualizing

means to become less alienated from popular culture gender expectations and even herself during the early 1960s Long and Winding Roads, Revised Edition Kenneth Womack,2022-12-15 In Long and Winding Roads The Evolving Artistry of the Beatles Revised Edition Kenneth Womack brings the band s story vividly to life from their salad days as a Liverpool Skiffle group and their apprenticeship in the nightclubs and mean streets of Hamburg through their early triumphs at the legendary Cavern Club and the massive onslaught of Beatlemania itself By mapping the group s development as an artistic fusion Womack traces the Beatles creative arc from their first primitive recordings through Abbey Road and the twilight of their career In this revised edition Womack addresses new insights in Beatles related scholarship since the original publication of Long and Winding Roads along with hundreds of the group s outtakes released in the intervening years The updated edition also affords attention to the Beatles musical debt to Rhythm and Blues as well as to key recent discoveries that vastly shift our understanding of formative events in the band s timeless story **All The Songs** Philippe Margotin,Jean-Michel Guesdon,2012-03-20 In this lively and fully illustrated work two music historians break down every album and every song ever released by the Beatles from Please Please Me U S 1963 to The Long and Winding Road U S 1970 All the Songs delves deep into the history and origins of the Beatles and their music This first of its kind book draws upon decades of research as music historians Margotin and Guesdon recount the circumstances that led to the composition of every song the recording process and the instruments used Here we learn that one of John Lennon s favorite guitars was a 1958 Rickenbacker 325 Capri which he bought for 100 in 1960 in Hamburg Germany We also learn that Love Me Do recorded in Abbey Road Studios in September 1962 took 18 takes to get right even though it was one of the first songs John and Paul ever wrote together And the authors reveal that when the Beatles performed I Want to Hold Your Hand on The Ed Sullivan Show in 1964 John s microphone wasn t turned on so viewers heard only Paul singing The hundreds of photographs throughout the book include rare black and white publicity stills images of Beatles instruments and engaging shots of the musicians in studio All the Songs is the must have book for the any true Beatles fan *The Beatles, Sgt. Pepper, and the Summer of Love* Kenneth Womack,Kathryn B. Cox,2017-07-03 For the Beatles 1967 marks a signal crossroads that would both transform the group s career and place them on a trajectory towards their eventual disbandment It was a year in which they exploded prevailing rock music demographics through the global onslaught and international success of Sgt Pepper s Lonely Hearts Club Band beginning in June 1967 Yet it was also a period that saw them in a precarious state of flux throughout the summer and fall months as the band attempted to recapture their artistic direction in the wake of Sgt Pepper and the untimely death of manager Brian Epstein The Beatles Sgt Pepper and the Summer of Love draws readers into that pivotal year in the life of the band For the Fab Four 1967 would see the band members part ways with psychedelia and the avant garde through the trials and tribulations of the Magical Mystery Tour a project that resulted in a series of classic recordings while at the same time revealing the bandmates aesthetic vulnerabilities and failings as would be filmmakers and auteurs **The Unknown Paul**

McCartney Ian Peel, 2013-04-02 Internationally acclaimed knighted and immortalised in music's pantheon Paul McCartney nevertheless remains one of the least fully appreciated of modern icons Throughout his career McCartney has initiated and participated in projects that have taken him very far away from the kind of music associated with his career in The Beatles in Wings and as a solo artist From as far back as the 1960s there have been experimental solo projects both under his own name and incognito These include the legendary Carnival of Light sixties freak out the Percy Thrillington diversion in the 70s techno ambient and chill out releases as The Fireman pure noise performance art as well as less publicised activity much of which Ian Peel now reveals in depth in print for the first time What emerges is a unique critical insight into an apparently over familiar public figure Paul McCartney avant garde musician Undertaking extensive research for this book Ian Peel interviewed many of McCartney's intimate musical associates from this less familiar side of his career including Super Furry Animals on their carrot chewing percussion and electronic sound collage collaborations Youth the three times BRIT nominated producer speaks in depth for the first time ever on his two albums of techno ambient and chill out recorded with McCartney as The Fireman Nitin Sawhney on McCartney's first tentative steps into drum bass holed up in Sawhney's London bedsit Richard Hewson breaks a 20 year silence on the Thrillington project and pseudonym David Vaughan the renowned psychedelic artist and organiser of 60s happenings airs his strong views on Carnival of Light The Beatles most legendary unreleased track Other interviewees include Yoko Ono bassist Herbie Flowers Gong's Daevid Allen Frank Zappa's guitarist Mike Keneally JJ Jeczalik Art of Noise and members of Wings

[Read the Beatles](#) June Skinner Sawyers, 2006-10-31 A must have volume for all Beatles fans a career spanning selection of writings about the Fab Four There are of course many books on the Beatles but this is the only one available that is a comprehensive career spanning collection of journalism about the legendary band before and after the breakup Consisting of more than fifty articles essays interviews record and movie reviews poems and book excerpts many of them rare and hard to find Read the Beatles is an unprecedented compilation that follows the arc of the Fab Four's iconic and idiosyncratic career from their early days in Liverpool through their tragic and triumphant histories after the group's split The book also includes original essays from noted musicians and journalists about the Beatles lasting influence and why they still matter today

The Beatles Encyclopedia Kenneth Womack, 2016-11-21 This condensed paperback encyclopedia documents the enduring cultural impact and musical legacy of the Beatles providing readers with a one stop resource to the Fab Four's compelling story and breadth of achievements Legendary in music and popular culture the Beatles were one of the most successful bands of all time The collective achievements of the Fab Four affect a broad demographic that includes today's children Millennials Gen Xers and Baby Boomers This one volume condensed paperback edition of The Beatles Encyclopedia brings the Beatles dramatic story alive highlighting the humanity of the quartet of artists that has made them an enduring artistic and social phenomenon The entries in this condensed encyclopedia provide in depth biographical information about the Beatles and their circle as well as fascinating historical

background and key details about their most important works giving readers broad coverage that addresses the major aspects of the band's and its individual members phenomenal achievement. The easy to use A-Z resource also includes a biographical chronology and a discography as well as a bibliography that directs readers to excellent sources of additional information in print and online.

Good Day Sunshine State Bob Kealing, 2023-03-07 This book explores the musical and cultural impact of the Beatles in Florida, an important part of the revolution that helped make the Fab Four a worldwide phenomenon.

The Words and Music of George Harrison Ian Inglis, 2010-03-23 This book offers a comprehensive assessment of the music of George Harrison, revealing him as one of the most gifted and authentic singer-songwriters of his generation. *The Words and Music of George Harrison* is an in-depth appreciation of this often underappreciated musician, following Harrison's development as a singer-songwriter from his earliest songs with The Beatles through his final album *Brainwashed*, released after his 2001 death from brain cancer. *The Words and Music of George Harrison* sheds new light on Harrison's 40-year career, examining his music output in the context of the enormous personal and professional changes he underwent from the early days in Liverpool and the global explosion of Beatlemania through a solo career marked by spiritual concerns, political activism, and high-profile collaborations. As the book shows, at every stage, George Harrison's songs posed questions, provided commentaries, and looked for solutions, with results that add up to a remarkable music legacy.

Library Lin's Biographies, Autobiographies, and Memoirs Linda Maxie, 2023-06-15 People are fascinating, but finding the best biography, autobiography, or memoir can be tough with so many to choose from. Linda Maxie, Library Lin, examined hundreds of recommended books about people to offer guidance on which books to select. In this survey, you will find forty subject-specific chapters of recommended biographies, autobiographies, and memoirs. Classic biographies that have withstood the test of time. Recent titles featuring people living impacted by current events. Inspiring biographies and memoirs of all sorts. Suggestions for further reading. Why waste time searching for books to read when you could have hundreds of excellent titles with their summaries at your fingertips? Let Library Lin be your guide to artists, world leaders, athletes, actors, royalty, activists, and so many more.

Unveiling the Energy of Verbal Beauty: An Mental Sojourn through **Paul Mccartney Many Years**

In a global inundated with monitors and the cacophony of immediate interaction, the profound energy and mental resonance of verbal beauty usually disappear into obscurity, eclipsed by the constant onslaught of noise and distractions.
