Fátima Lambert, 2006 The essays in this volume are informed by a variety of theoretical assumptions and of critical methodologies but they all share an interest in the intersections of word and image in a variety of media This unifying rationale secures the present collection's central position in the current critical context defined as it predominantly is by ways of reading that are based on a relational nexus The intertextual the intermedial the intersemiotic are indeed foregrounded and combined in these essays conceptually as much as in the critical practices favoured by the various contributions Studies of literature in its relation to pictorial genres enjoy a relative prominence in the volume but the range of media and of approaches considered is broad enough to include photography film video television comic strips animated

film public art material culture The backgrounds of contributors are likewise diverse culturally academically linguistically The volume combines contributions by prominent scholars and critics with essays by younger scholars from a variety of backgrounds The resulting plurality of perspective is indeed a source of new insights into the relations between writing and seeing and it contributes to making this collection an exciting new contribution to word and image studies **Zoontologies** Cary Wolfe,2003-01-01 Those nonhuman beings called animals pose philosophical and ethical questions that go to the root not just of what we think but of who we are Their presence asks what happens when the other can no longer safely be assumed to be human This collection offers a set of incitements and coordinates for exploring how these issues have been represented in contemporary culture and theory from Jurassic Park and the horse whisperer Monty Roberts to the work of artists such as Joseph Beuys and William Wegman from foundational texts on the animal in the works of Heidegger and Freud to the postmodern rethinking of ethics and animals in figures such as Singer Deleuze Lyotard and Levinas from the New York Times investigation of a North Carolina slaughterhouse to the first appearance in any language of Jacques Derrida s recent detailed critique of Lacan s rendering of the human animal divide Paula Rego Paula Rego,2006 Published to accompany the exhibition held at Marlborough Fine Art Gallery London 11 October 18 November 2006 **Paula Rego** Fiona Bradley,2002 After a career spanning nearly half a century Paula Rego is acknowledged to be one of the leading figurative artists at work today Drawing on literature fairy tales myths religious stories and the cartoons of Walt Disney among other sources she creates strongly narrative works imbued with a sense of subversive mystery Writer and curator Fiona Bradley provides a key to understanding Rego s imagery through her searching account of the artist s life and working practices *Woolfian Boundaries* Anna Burrells,Steve Ellis,2023-12-15 *Woolfian Boundaries* explores Woolf s work from perspectives beyond the boundary of her own positions and attitudes taking her coolness toward the provinces and prejudice against the regional novel *Letters* 6 381 as the starting point for considering her writing in the light of its own limits self declared and otherwise Chapter topics range from Woolf s connections with the Birmingham School of novelists in the 1930s to her interests in environmentalism portraiture photography and the media and her endlessly fascinating relationship with the writings of her contemporaries and predecessors Annus Mirabilis? Richard Cork,2003-01-01 Item consists of reviews and articles chiefly written in 2000 **Essays on Paula Rego: Smile When You Think about Hell** Maria Manuel Lisboa,2019-09-25 In these powerful and stylishly written essays Maria Manuel Lisboa dissects the work of Paula Rego the Portuguese born artist considered one of the greatest artists of modern times Focusing primarily on Rego s work since the 1980s Lisboa explores the complex relationships between violence and nurturing power and impotence politics and the family that run through Rego s art Taking a historicist approach to the evolution of the artist s work Lisboa embeds the works within Rego s personal history as well as Portugal s and indeed other nations stories and reveals the interrelationship between political significance and the raw emotion that lies at the heart of Rego s uncompromising iconographic style

Fundamental to Lisboa's analysis is an understanding that apparent opposites male and female sacred and profane aggression and submissiveness often co exist in Rego's work in a way that is both disturbing and destabilising This collection of essays brings together both unpublished and previously published work to make a significant contribution to scholarship about Paula Rego It will also be of interest to scholars and students of contemporary painting Portuguese and British feminist art and the political and ideological aspects of the visual arts
