The Oxford Handbook of Pauline Studies Matthew V. Novenson, R. Barry Matlock, 2022-03-10 The Oxford Handbook of Pauline Studies brings together a diverse international group of experts on the apostle Paul It examines the authentic texts from his own hand other ancient texts falsely attributed to him the numerous early Christian legends about him and the many meanings that have been and still are made of these texts to give a twenty first century snapshot of Pauline Studies Divided into five key sections the Handbook begins by examining Paul the person a largely biographical sketching of the life of Paul himself to the limited extent that it is possible to do so It moves on to explore Paul in context and Pauline Literature looking in detail at the letters manuscripts and canons that constitute most of our extant evidence for the apostle Part Four uses a number of classic motifs to describe what modern experts describe as Pauline Theology and Part Five considers the many productive reading strategies with which recent interpreters have made meaning of the letters of Paul It is demonstrated that reading Paul is not and never has been just one thing It has always been a matter of the particular questions and interests that the reader brings to these very generative texts The Oxford Handbook of Pauline Studies thoroughly surveys the state of Pauline studies today paying particular attention to theory and method in interpretation It considers traditional approaches alongside recent approaches to Paul including gender race and ethnicity and material culture Brought together the chapters are an ideal resource for teachers and students of Paul and his letters

The Ethics of Modernity Richard Münch, 2001 Based on intensive long term study this comparative book traces the role of ethics in the formation of modernity in four Western nations the US Britain France and Germany Münch's analysis spans several centuries of historical and political development While ethics has played a clear role in the West's transition to modernity he shows that its role has varied substantially and that it has influenced the development of each nation's political and social institutions The book begins with an assessment of the ethics of the West in contrast with the East Münch then looks at the formation of the ethics of modernity from ancient Judaism to ascetic Protestantism and modern secularized culture The Ethics of Modernity builds a systematic reconstruction of the ethical formation of modernity in its different stages and variations concluding with current

traditions in Paul's letters are investigated and compared to similar synoptic sayings of Jesus. Allusions to Jesus traditions in 1 Thessalonians and Romans are revisited. Special attention is paid to possible allusions in Galatians. The findings show that Paul does make use of Jesus traditions resembling those of the synoptics, particularly the Gospel of Matthew. Paulus und die synoptische Jesustradition. In dieser Arbeit wird die Jesustradition in den Proto-Paulinen mit der synoptischen Jesustradition verglichen. Ziel der Untersuchung ist es, Parallelen zwischen den Jesustraditionen in den Paulusbriefen und Synoptikern aufzuweisen und festzustellen, ob die von Paulus benutzte Jesustradition im Wortlaut näher an einer der Synoptiker bzw. Q ist. Die Zitate der Herrenworte in 1 Kor 7,10-11,9,14 und 11,23-25 werden erneut untersucht sowie mögliche Anspielungen des Paulus auf die synoptische Jesustradition im ersten Thessalonicherbrief und im Römerbrief. Ein Schwerpunkt wird auf den Galaterbrief gestellt. Die Untersuchung zeigt, dass Paulus in seinen Briefen synoptische Jesustraditionen benutzt, die vor allem mit dem Matthäusevangelium Gemeinsamkeiten aufzeigen.

Paulus unter den Philosophen Christian Strecker, Joachim Valentin, 2013-07-11. Was Paul of Tarsus a philosopher? Does he even rank amongst those philosophers who influenced occidental life and thought? The Italian philosopher Giorgio Agamben says that the Epistle to the Romans is the fundamental messianic text of the western culture. The Jewish scholars Jacob Taubes and Daniel Boyarin insist on the philosophical and political force of Pauline thinking. Long before that Friedrich Nietzsche and Martin Heidegger dealt intently with the Epistle. Was Paul a philosopher? In any case he received a lot of attention from the modern philosophers. The collection of contributions by theologians and philosophers gives profound insights into his thinking.

Kleine Hinführung zu Paulus Prof. Horacio E. Lona, 2016-10-11. Die Briefe des Apostels Paulus im NT erwecken den Eindruck großer Lebendigkeit. Dennoch kommen dem modernen Leser der Paulusbriefe Sprache und Denken des Apostels recht fremd vor, was die Begegnung mit ihm erschwert. Das Buch wirkt dem entgegen. Durch einen genauen Blick auf die Paulusbriefe und in die Tiefe der paulinischen Theologie gelingt es dem Autor, die historische Singularität und theologische Eigenheit des unermüdlichen Missionars herauszuarbeiten.

Paul and Mark Oda Wischmeyer, David C. Sim, Ian J. Elmer, 2014-08-20. The hypothesis that the Gospel of Mark was heavily influenced by Pauline theology and/or epistles was widespread in the nineteenth century but fell out of favour for much of the twentieth century. In the last twenty years or so, however, this view has begun to attract renewed support, especially in English language scholarship. This major and important collection of essays by an international team of scholars seeks to move the discussion forward in a number of significant ways, tracing the history of the hypothesis from the nineteenth century to the modern day, searching for historical connections between these two early Christians, analysing and comparing the theology and christology of the Pauline epistles and the Gospel of Mark, and assessing their reception in later Christian texts. This major volume will be welcomed by those who are interested in the possible influence of the apostle to the Gentiles on the earliest Gospel.

Paul as Benefactor Stephan Joubert, 2016-07-16. Stephan Joubert offers a new theoretical angle of incidence to Paul's collection by distinguishing between the basic interpretative framework within

which the collection was conceptualized and the various theological reflections on this project
