**Classical Music In America** Joseph Horowitz, 2005-03-15 Classical Music in America is a pioneering history by an award winning scholar and leading authority on American symphonic culture Joseph Horowitz argues that classical music in the United States is peculiarly performance driven and he traces a musical trajectory rising to its peak at the close of the nineteenth century and receding after World War I He defines the decades of ascendancy as the quest for an American compositional voice painting vivid vignettes of America's most celebrated performers and such pathbreaking institutions as the New York Philharmonic and the Metropolitan Opera He explores a century of decline characterized by illustrious orchestras conductors and virtuosos mostly foreign born and in a final chapter he exposes a crisis of leadership and suggests new musical directions in our postmodern age As with his acclaimed cultural histories Horowitz here fashions a sweeping narrative backed with personality and incident textured by literature sociology and intellectual history that freshly illuminates the American experience 32 pages of illustrations

studies media studies communication studies the sociology of culture popular culture and other related subjects World in Motion Simon Hart, 2018-05-10 Italia 90 was the best and worst of World Cups It made a global star of England's inspirational Paul Gascoigne and gave fresh confidence to English football but it was also the lowest scoring of all World Cups leading directly to the back pass ban that transformed the sport World In Motion travels from Africa to South America via Europe and the Middle East to hear from the protagonists of Italia 90 and find out why it is still seen as a special and transformative moment not just in English eyes but in other countries far and wide It was a World Cup of firsts from Cameroon's quarter final trail blazers via the feats of newcomers like the Republic of Ireland and Costa Rica but a tournament too which marked the last hurrah of the old footballing powers of the Eastern Bloc amid the collapse of the Iron Curtain It began with the biggest shock of any opening game as nine man Cameroon beat Argentina and it ended with the worst final of all as West Germany beat nine man Argentina with a much disputed penalty In between it gave us a big spectacle a winning soundtrack and some unforgettable storylines World In Motion speaks to players and coaches referees and administrators reporters and fans to gauge the full impact of football's dramatic Italian summer including meeting Roger Milla at his home in Cameroon and Toto Schillaci at his football school in Sicily In the process it rediscovers a time when the game stood on the brink of change with the Premier League and Champions League on the horizon yet the World Cup remained a thrilling voyage of discovery a land of novelties from Fair Play flags to fan embassies to that first ever penalty shoot out heartbreak for England **The 20th Century O-Z** Frank N. Magill, 2013-05-13 Each volume of the Dictionary of World Biography contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history This is not a who's who Instead each entry provides an in depth essay on the life and career of the individual concerned Essays commence with a quick reference section that provides basic facts on the individual's life and achievements The extended biography places the life and works of the individual within an historical context and the summary at the end of each essay provides a synopsis of the individual's place in history All entries conclude with a fully annotated bibliography **Dynamics of Meaning** Gennaro Chierchia, 2009-02-20 In The Dynamics of Meaning Gennaro Chierchia tackles central issues in dynamic semantics and extends the general framework Chapter 1 introduces the notion of dynamic semantics and discusses in detail the phenomena that have been used to motivate it such as donkey sentences and adverbs of quantification The second chapter explores in greater depth the interpretation of indefinites and issues related to presuppositions of uniqueness and the E type strategy In Chapter 3 Chierchia extends the dynamic approach to the domain of syntactic theory considering a range of empirical problems that includes backwards anaphora reconstruction effects and weak crossover The final chapter develops the formal system of dynamic semantics to deal with central issues of definites and presupposition Chierchia shows that an approach based on a principled enrichment of the mechanisms dealing with meaning is to be preferred on empirical grounds over approaches that depend on an enrichment of the syntactic apparatus

Dynamics of Meaning illustrates how seemingly abstract stances on the nature of meaning can have significant and far reaching linguistic consequences leading to the detection of new facts and influencing our understanding of the syntax semantics pragmatics interface      Romance Languages and Linguistic Theory 2003 Twan Geerts,Ivo van Ginneken,Haike Jacobs,2005-11-08 The annual Going Romance conference is the major European discussion forum for theoretically relevant research on Romance languages where current ideas about language in general and about Romance languages in particular are tested Starting with the thirteenth conference held in 1999 volumes with selected papers of the conferences are published under the title Romance Languages and Linguistic Theory This is the fifth such volume containing a selection of papers that have been presented at the seventeenth Going Romance conference held at the Radboud University Nijmegen The Netherlands from 20 22 November 2003 The three day program included a workshop on Diachronic Phonology The present volume contains a broad range of articles dealing not only with syntax and phonology but also with morphology semantics and acquisition of the Romance languages      New York Magazine ,1994-03-21 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea      The New York Times Guide to the Arts of the 20th Century: 1900-1929 ,2002 Reviews news articles interviews and essays capturing 100 years of art architecture literature music dance theater film and television      Halfway Home Ronan Tynan,2002-01-19 In Halfway Home a beautifully written memoir Ronan Tynan a member of the enormously popular Irish Tenors shares his remarkable story of overcoming adversity and attaining worldwide success in several different areas Diagnosed with a lower limb disability at birth Ronan Tynan had his legs amputated below the knee when he was twenty years old Eight weeks later he was climbing the stairs of his college dorm and within a year he was winning races in the Paralympic Games amassing eighteen gold medals and fourteen world records After becoming the first disabled person ever admitted to the National College of Physical Education he served a short stint in the prosthetics industry and began a new career in medicine He continued his studies at Trinity College where he specialized in orthopedic sports injuries After earning his medical degree Ronan chose music for the next act in his life Less than one year after he began studying voice he won both the John McCormick Cup for Tenor Voice and the BBC talent show Go for It He went on to win the prestigious International Operatic Singing Competition in France and in 1998 his debut Sony album My Life Belongs to You became a top five hit in England within just two weeks and eventually went platinum Later that year he was invited to join The Irish Tenors furthering a journey that started in a small Irish village and has brought him to the world s grandest stages In Halfway Home Tynan movingly describes his life story which Barbara Walters called so amazing you may find it hard to believe      Laser Video Guide ,1997 The complete laser disc catalog movies music
