Point Of View An Anthology Of Religion:

The Journal of Religion ,1928 Includes section Book reviews **The Personalist** ,1928 *Wittgenstein's Religious Point of View* Tim Labron,2006-09-01 Wittgenstein once said I cannot help seeing every problem from a religious point of view However since he never advocated any one religion many people have wondered just what this religious point of view could be This book answers this question by clarifying the overall nature s of his philosophies the early and the later and then by exploring the idea of a religious point of view as an analogy for a philosophy As a result the author reveals the concordance between the later Wittgenstein and central aspects of Hebraic thought Although perhaps this ought not to be surprising Wittgenstein himself described his thought as one hundred per cent Hebraic the truth of the matter has been obscured by popular supposition that Wittgenstein was anti Semitic **The Point of View** Paul Carus,Catherine Cook,2013-10 This is a new release of the original 1927 edition

Sociology of Religion Roberto Cipriani,2020-10-28 In adopting an international perspective that goes beyond the conventional framework of western theology this volume bridges the divide between European and North American scholars through its careful retrieval of their common theoretical and research interests Cipriani provides a critical analysis of both classical thought and contemporary currents in this readable text aimed at both experts and students He has achieved a broadening in the scientific approach to the study of religion

Peacebuilding in Pakistan Heike Ruhland,2019 When Pakistan was carved out of India in 1947 as a homeland for the Muslims of the subcontinent it was envisioned as a secular state where non Muslims would be granted freedom of religion and equal citizenship However the subsequent historical events led to a fast Islamization of nearly every part of public life and discrimination against the country s religious minorities who today make up less than 4 per cent of the overall population Based on extensive field work involving more than 100 non structured qualitative interviews this study explores the situation of the religious minorities and the dynamics of interfaith peacebuilding in the Islamic Republic of Pakistan Primary focus was laid on the practice of interfaith dialogue which given the draconic blasphemy laws differs from interfaith dialogue as conceived of in the West Additionally other peacebuilding measures as offered by various non governmental organizations were taken into account be they advocacy promotion of human rights and unbiased education or policy negotiation with the government Heike Ruhland holds two master s degrees one in Islamic Studies University of Zurich and one in International Information Management University of Hildesheim She attained her PhD from the Academy of World Religions University of Hamburg

Philosophy of Religion Louis J. Pojman,2008-11-19 Covering the major issues of the field succinctly and lucidly this text takes an analytically rigorous approach and makes it accessible in presentation Pojman writes from an impartial perspective presenting various options and points of view while guiding students in their own search for truth within these often emotion laden crucial issues The text includes original discussions of religious experience the possibility that hope is an adequate substitute for belief and the relationship between ethics and religion *The Point of View* Paul

Carus,1927 The Image in Mind Charles Taliaferro,Jil Evans,2011-01-01 A philosophical inquiry into the strengths and weaknesses of theism and naturalism in accounting for the emergence of consciousness the visual imagination and aesthetic values The authors begin by offering an account of modern scientific practice which gives a central place to the visual imagination and aesthetic values They then move to test the explanatory power of naturalism and theism in accounting for consciousness and the very visual imagination and aesthetic values that lie behind and define modern science Taliaferro and Evans argue that evolutionary biology alone is insufficient to account for consciousness the visual imagination and aesthetic values Insofar as naturalism is compelled to go beyond evolutionary biology it does not fare as well as theism in terms of explanatory power **John Hick's Religious Pluralism in Global Perspective** Sharada Sugirtharajah,2023-01-01 This volume contains fresh scholarly contributions to mark the birth centenary of John Hick the internationally well known philosopher of religion whose works continue to have significant global relevance in today s religiously diverse and conflict ridden world His writings have reset the parameters of religious pluralism Up till now Hick s religious pluralism has been mainly seen in relation to the Western context where Christianity is the predominant religion This volume includes both Western and non Western engagement with his thinking in contexts such as Japan China Korea Nigeria and India where Christianity is a minority religion with little political power Its distinctiveness lies in widening the debate on religious pluralism by bringing Hick s pluralistic hypothesis into a constructive cross cultural and interreligious conversation with scholars of Hinduism Jainism Daoism Judaism Christianity Islam and African traditional religions In doing so this collection examines how Hick s philosophy of religious pluralism has been received appropriated and appraised by these scholars It has been appreciated and critiqued in equal measure and continues to impact on current thinking on religious pluralism This volume makes a significant contribution to the debate initiated by Hick
