

Polar Passion

Charles W. Johnson

Polar Passion:

The U.S. Naval Institute on Arctic Naval Operations Timothy J Demy, 2019-11-15 The U S Naval Institute Wheel Books provide important information pragmatic advice and cogent analysis on topics important to all naval professionals Drawn from the U S Naval Institute s vast archives the series combines articles from the Institute s flagship publication Proceedings selections from the oral history collection and Naval Institute Press books to create unique guides on a wide array of fundamental professional subjects This Wheel Book explores the Arctic a region with new strategic significance and includes the following articles America s Arctic Imperative by Admiral Robert J Papp USCG Ret Preparing for Arctic Naval Operations by Commander Mika Raunu Finnish Navy and Commander Rory Berke USN Cold Horizons Arctic Maritime Security Challenges by Commander John Patch USN Ret In the Dark and Out in the Cold by Lieutenant Commander Magda Hanna USN Geopolitical Icebergs by Dr David P Auerswald And more **Selections from Manuscripts** James Hinton, 1856 **A Passion for Wildlife** J. Alexander Burnett, 2011-11-01 A Passion for Wildlife chronicles the history of the Canadian Wildlife Service and the evolution of Canadian wildlife policy over its first half century It presents the exploits and accomplishments of a group of men and women whose dedication to the ideals of science conservation and a shared vision of Canada as a country that treasures its natural heritage has earned them the respect of their profession around the world Drawing on interviews and anecdotes personal correspondence and the published record the book addresses topics as varied as game law enforcement field biology habitat conservation environmental education toxicology federal provincial relations and international diplomacy Accessible to anyone interested in nature it will appeal particularly to wildlife managers scientists naturalists as well as students of biology wildlife technology and environmental studies *A Passion for the Pole* Louwrens Hacquebord, Nienke Boschman, 2008-12-31 With the publication of this volume of Circumpolar Studies the Arctic Centre of the University of Groningen and the contributors would like to honour Ko de Korte **Antarctica in Fiction** Elizabeth Leane, 2012-06-29 This comprehensive analysis of literary responses to Antarctica examines the rich body of literature that the continent has provoked over the last three centuries focussing particularly on narrative fiction Novelists as diverse as Edgar Allan Poe James Fenimore Cooper Jules Verne H P Lovecraft Ursula Le Guin Beryl Bainbridge and Kim Stanley Robinson have all been drawn artistically to the far south The continent has also inspired genre fiction including a Mills and Boon novel a Phantom comic and a Biggles book as well as countless lost race romances espionage thrillers and horror fantasies Antarctica in Fiction draws on these sources as well as film travel narratives and explorers own creative writing It maps the far south as a space of the imagination and argues that only by engaging with this space in addition to the physical continent can we understand current attitudes towards Antarctica **Ice Ship** Charles W. Johnson, 2014-10-07 In the golden age of polar exploration from the mid 1800s to the early 1900s many an expedition set out to answer the big question was the Arctic a continent an open ocean beyond a barrier of ice or an ocean covered with ice No one knew for the ice had kept its

secret well ships trying to penetrate it all failed often catastrophically Norway's charismatic scientist explorer Fridtjof Nansen convinced that it was a frozen ocean intended to prove it in a novel if risky way by building a ship capable of withstanding the ice joining others on an expedition then drifting wherever it took them on a relentless one way journey into discovery and fame or oblivion Ice Ship is the story of that extraordinary ship the Fram from conception to construction through twenty years of three epic expeditions to its final resting place as a museum It is also the story of the extraordinary men who steered the Fram over the course of 84 000 miles on a three year ice bound drift finding out what the Arctic really was in a remarkable four year exploration of unmapped lands in the vast Canadian Arctic and on a two year voyage to Antarctica where another famous Norwegian explorer Roald Amundsen claimed the South Pole Ice Ship will appeal to all those fascinated with polar exploration maritime adventure and wooden ships and will captivate readers of such books as The Endurance In the Heart of the Sea and The Last Place on Earth With more than 100 original photographs the book brings the Fram to life and light *True North* Bruce Henderson,2012-04-16 Nail biting true adventure Kirkus Reviews In 1909 two men laid rival claims to this crown jewel of exploration A century later the battle rages still This book is about one of the most enduring and vitriolic feuds in the history of exploration What a consummate cur he is said Robert Peary of Frederick Cook in 1911 Cook responded Peary has stooped to every crime from rape to murder They had started out as friends and shipmates with Cook a doctor accompanying Peary a civil engineer on an expedition to northern Greenland in 1891 Peary's leg was shattered in an accident and without Cook's care he might never have walked again But by the summer of 1909 all the goodwill was gone Peary said he had reached the Pole in September 1909 Cook scooped him presenting evidence that he had gotten there in 1908 Bruce Henderson makes a wonderful narrative out of the claims and counterclaims and he introduces fascinating scientific and psychological evidence to put the appalling details of polar travel in a new context **A Passion for Mathematics** Clifford A. Pickover,2011-02-25 A Passion for Mathematics is an educational entertaining trip through the curiosities of the math world blending an eclectic mix of history biography philosophy number theory geometry probability huge numbers and mind bending problems into a delightfully compelling collection that is sure to please math buffs students and experienced mathematicians alike In each chapter Clifford Pickover provides factoids anecdotes definitions quotations and captivating challenges that range from fun quirky puzzles to insanely difficult problems Readers will encounter mad mathematicians strange number sequences obstinate numbers curious constants magic squares fractal geese monkeys typing Hamlet infinity and much much more A Passion for Mathematics will feed readers fascination while giving them problem solving skills a great workout *Expedition into Empire* Martin Thomas,2014-09-04 Expeditionary journeys have shaped our world but the expedition as a cultural form is rarely scrutinized This book is the first major investigation of the conventions and social practices embedded in team based exploration In probing the politics of expedition making this volume is itself a pioneering journey through the cultures of empire With contributions from established and emerging scholars Expedition

into Empire plots the rise and transformation of expeditionary journeys from the eighteenth century until the present. Conceived as a series of spotlights on imperial travel and colonial expansion, it roves widely from the metropolitan centers to the ends of the earth. This collection is both rigorous and accessible, containing lively case studies from writers long immersed in exploration travel literature and the dynamics of cross-cultural encounter.

Never Cry Wolf Farley Mowat, 2009-01-13

EYE TO EYE WITH DEATH: THE WOLF PROJECT Hordes of bloodthirsty wolves are slaughtering the arctic caribou, and the government's Wildlife Service assigns naturalist Farley Mowat to investigate. Mowat is dropped alone onto the frozen tundra where he begins his mission to live among the howling wolf packs and study their ways. Contact with his quarry comes quickly, and Mowat discovers not a den of marauding killers but a courageous family of skillful providers and devoted protectors of their young. As Mowat comes closer to the wolf world, he comes to fear with them the onslaught of bounty hunters and government exterminators out to erase the noble wolf community from the Arctic. *Never Cry Wolf* is one of the brilliant narratives on the myth and magic of wild wolves and man's true place among the creatures of nature. We have doomed the wolf not for what it is but for what we deliberately and mistakenly perceive it to be: the mythologized epitome of a savage, ruthless killer, which is in reality no more than the reflected image of ourselves. From the new Preface.

Getting the books **Polar Passion** now is not type of challenging means. You could not lonely going as soon as book stock or library or borrowing from your links to open them. This is an unquestionably simple means to specifically get guide by on-line. This online declaration Polar Passion can be one of the options to accompany you as soon as having supplementary time.

It will not waste your time. tolerate me, the e-book will agreed tune you extra matter to read. Just invest tiny period to admittance this on-line statement **Polar Passion** as capably as evaluation them wherever you are now.
