The Journal of Jewish Studies, 2005 *Hitler Strikes Poland* Alexander B. There is a short chapter on women and philo-Semitism. The conclusion draws attention to the feelings of guilt that are revealed in a number of the texts.

Polin Antony Polonsky, 1992-07-27 Now in its sixth year of publication *Polin* is rapidly emerging as a leading forum for authoritative historical and cultural material on Polish and east European Jewry. Each volume contains articles representing original research, often including previously unpublished documents. Each issue also features an extensive review essay section and a forum for the exchange of ideas and views between authors. *Polin* is essential reading not only for all those working in Jewish studies but also for those involved in Slavonic and Eastern European studies. This year's volume traces the history of the Jews in Lodz 1820-1939.

Nation and Race Jeffrey Kaplan, Tore Bjørge, 1998 The unprecedented growth of hate movements on both sides of the Atlantic is thoroughly explored in this groundbreaking collection of original essays.

Yiddish and the Creation of Soviet Jewish Culture David Shneer, 2004-02-13 *Yiddish and the Creation of Soviet Jewish Culture* gives voice to the activists empowered by the state to create a Soviet Jewish national culture. These activists were striving for a national revolution to create a new culture for Jews to identify as Jews on new secular Soviet terms. This book explores the ways in which Jews were part of, not apart from, both the Soviet system and Jewish history. Soviet Jewish culture worked within contemporary Jewish national and cultural trends and simultaneously participated in the larger project of propagating the Soviet state and ideology. Soviet Jewish activists were not nationalists or Soviets but both at once. David Shneer addresses some of the painful truths about Jews' own implication and imbrication in the Soviet system and inserts their role in twentieth-century Jewish culture into the narrative of Jewish history.

Jews and the Renaissance of Synagogue Architecture, 1450-1730 Barry L. Stiefel, 2015-10-06 Before the mid-fifteenth century the Christian and Islamic governments of Europe had restricted the architecture and design of synagogues and often prevented Jews from becoming architects. Stiefel presents a study of the material culture and religious architecture that this era produced.
