Polish Jews A Pictorial Record:

Polish Jews, 1947 Polish Jews, 1969 **Polish Jewish** Roman Vishniac, 1947 **The Jewish Experience** Fishburn Books (Firm), 2007 Categorically Jewish, Distinctly Polish Moshe Rosman, 2022-03-16 Moshe Rosman's revolutionary approach has become a cornerstone of Polish Jewish historiography. Challenging conventions, he asserts that the marriage of convenience between the Jews and the Polish Lithuanian Commonwealth was a dynamic relationship that, though punctuated by crisis and persecution, developed into a saga of overall achievement and stability. With that fundamental message, this book forges a thematic survey of Jewish history in early modern Poland. These essays, written by Rosman over the course of a distinguished career, have all been updated and enhanced with new detail and nuanced arguments, taking account not only of new archival material and research but also of the ongoing evolution of the author's own knowledge and perspectives. Some appear here in English for the first time. The volume's structure highlights key topics for understanding the Polish Jewish past: relations between Jews and other Poles; Jewish communal life; Polish Jewish women and Hasidism. One section analyses how this past has been presented in both scholarly and popular modes. The essays are crafted to place them in dialogue with each other. Analytical introductions weigh their significance in the light of modern and postmodern Jewish and Polish historiography. An extensive general introduction sets the context of the history portrayed here, while a thoughtful conclusion elucidates the larger motifs that emerge.

The Jewish Holocaust Marty Bloomberg, Buckley Barry Barrett, 1995-01-01 This expanded edition of the guide to major books in English on the Holocaust is organized into ten subject areas: reference materials; European antisemitism; background materials; the Holocaust years; Jewish resistance.

Ambivalent Embrace Rachel Kranson, 2017-09-19 This new cultural history of Jewish life and identity in the United States after World War II focuses on the process of upward mobility. Rachel Kranson challenges the common notion that most American Jews unambivalently celebrated their generally strong growth in economic status and social acceptance during the booming postwar era. In fact, a significant number of Jewish religious, artistic, and intellectual leaders worried about the ascent of large numbers of Jews into the American middle class. Kranson reveals that many Jews were deeply concerned that their lives, affected by rapidly changing political pressures, gender roles, and religious practices, were becoming dangerously disconnected from authentic Jewish values. She uncovers how Jewish leaders delivered jeremiads that warned affluent Jews of hypocrisy and associated good Jews with poverty, even at times romanticizing life in America's immigrant slums and Europe's impoverished shtetls. Jewish leaders, while not trying to hinder economic development, thus cemented an ongoing identification with the Jewish heritage of poverty and marginality as a crucial element in an American Jewish ethos.

Testimonial Montage Sheila E. Jelen, 2024-04-30 Testimonial Montage: A Family of Israeli Holocaust Testimonies from the Cracow Ghetto Resistance explores interconnected testimonies of four Holocaust survivors who were members of the Akiva youth group in Cracow, Poland, who participated in the ghetto resistance. Drawing on literary and photographic discourse,

Jelen extracts the contours of personal narrative from the collective voice present in these interconnected testimonies. Attuned to stories of lost youth, sexual exploitation, and the dissolution of community and family, Jelen approaches Holocaust testimonies as one would members of a family with their shared experiences and common background but also as individuals with their own unique voices. Departing from historical methodologies, Jelen models a different wholistic approach to Holocaust testimonies, one which seeks to make sense of testimonies in the full breadth of their unfolding across time, across space, and across genre.

Jewish Space in Contemporary Poland Erica Lehrer, Michael Meng, 2015-04-27. Essays on the restoration and revival of Jewish sites in post-Holocaust, post-Communist Poland. Highly recommended. Choice. In a time of national introspection regarding the country's involvement in the persecution of Jews, Poland has begun to reimagine spaces of and for Jewishness in the Polish landscape, not as a form of nostalgia but as a way to encourage the pluralization of contemporary society. The essays in this book explore issues of the restoration, restitution, memorializing, and tourism that have brought present inhabitants into contact with initiatives to revive Jewish sites. They reveal that an emergent Jewish presence in both urban and rural landscapes exists in conflict and collaboration with other remembered minorities, engaging in complex negotiations with local, regional, national, and international groups and interests. With its emphasis on spaces and built environments, this volume illuminates the role of the material world in the complex encounter with the Jewish past in contemporary Poland. Evokes a revolution; the word is not too strong in the possibilities, new goals, and shifting facts on the ground associated with Jewish history and lives in Poland today. Canadian Jewish News.
