International Bibliography of Political Science British Library of Political and Economic Science,2003-10-23 IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences *Anti-Corruption and its Discontents* Grant W. Walton,2017-08-03 The fight against corruption is now a core part of development policy and practice Some call these efforts a war on corruption What does this so called war mean for developing countries And how do international perspectives on corruption relate to local and national concerns This book examines the relevance of anti corruption discourse in Papua New Guinea PNG one of the most culturally rich and corrupt countries on earth Despite increased international national and local efforts to address corruption over the past two decades many fear that levels of corruption continue to rise largely unabated Some believe that the mismatch between international national and local assumptions regarding the nature of corruption and how it should be addressed is at the heart of the issue International anti corruption initiatives stress zero tolerance and try to strengthen formal state based institutions However many people in PNG are more concerned about maintaining social relationships than following state laws and rules This book critically examines the implications of the anti corruption agenda and the collision of international national and local perspectives In doing so it provides a diagnostic on international assumptions about corruption and how it should be fought in developing countries offering surprising and important lessons This book is essential reading for scholars and students of Development Studies Geography Political Studies and Economics as well as practitioners and policy makers working in development **Global Corruption from a Geographic Perspective** Barney Warf,2018-12-26 This monograph explores the nature of corruption around the world from a geographic perspective It focuses on historical context and cultural factors Readers will learn that though corruption is pervasive geography greatly shapes its character This book will offer a better understanding of the level of corrupt activity in any given country The book analyzes an array of countries and regions Coverage ranges from democratic societies where corruption is low due to high rates of literacy and a free press to the most corrupt places where centralized power structures and lack of a free media allow corruption to unfold unimpeded Anti corruption campaigns and their effectiveness are also reflected upon In addition to data from Transparency International the text examines relevant political events In each case the analysis focuses on the major actors and institutions involved the cultural norms that often regard corruption as a normal part of doing business and the attempts by foreign and domestic actors to minimize corruption This book will help readers better understand the causes and consequences of corruption as well as its type and severity

varies widely across the planet It will appeal to students researchers policy makers and interested general readers

Public Sector Integrity A Framework for Assessment OECD,2005-11-18 This assessment framework for public sector integrity provides policy makers and managers with a pioneering roadmap to design and organise sound assessments in specific public organisations and sectors

The West Versus the Rest and The Myth of Western Exceptionalism Imad A. Moosa,2023-02-28 In this book the author attempts to debunk some myths about Western exceptionalism and to evaluate critically the characteristics that make the West superior to the Rest The author suggests that the West does not represent a homogenous group of countries and that the most common characteristic of the core Western countries is imperialism The author goes on to provide a detailed critique of the proclaimed characteristics of Western countries including democracy human rights judicial independence transparency the rule of law and exclusive contribution to science and technology A critique is presented of the views expressed by Samuel Huntington Francis Fukuyama and Niall Ferguson arguing that they do not recognize the historical fact that civilizations rise and fall It is argued that the Western economic system which is based on neoliberalism has adverse consequences for democracy morality and peace as well as inequality poverty and homelessness Written in a simple but powerful language this book is a must read for those interested in international relations and anyone interested in current affairs
