

Political Elites in Modern Societies

Empirical Research and Democratic Theory

Samuel A. Huntington

Political elites in modern societies have been the subject of a great deal of empirical research. This research has been conducted in a variety of ways, and the results have been mixed. Some studies have found that political elites are more democratic than others, while others have found the opposite. The purpose of this paper is to review the empirical research on political elites in modern societies and to discuss its implications for democratic theory.

The first part of the paper will review the empirical research on political elites in modern societies. This research has been conducted in a variety of ways, and the results have been mixed. Some studies have found that political elites are more democratic than others, while others have found the opposite. The purpose of this paper is to review the empirical research on political elites in modern societies and to discuss its implications for democratic theory.

The second part of the paper will discuss the implications of the empirical research for democratic theory. This research has important implications for our understanding of the relationship between political elites and the public. It suggests that political elites are not always as democratic as we would like them to be, and that there are a number of factors that can influence their behavior.

The third part of the paper will discuss some of the ways in which we can improve the democratic behavior of political elites. This can be done in a number of ways, including by increasing the transparency of their decision-making process, by increasing the accountability of their actions, and by increasing the participation of the public in their decision-making process.

The fourth part of the paper will conclude by discussing the importance of the empirical research on political elites in modern societies. This research is important because it helps us to understand the relationship between political elites and the public, and it suggests ways in which we can improve the democratic behavior of political elites.

The fifth part of the paper will discuss some of the ways in which we can improve the democratic behavior of political elites. This can be done in a number of ways, including by increasing the transparency of their decision-making process, by increasing the accountability of their actions, and by increasing the participation of the public in their decision-making process.

The sixth part of the paper will conclude by discussing the importance of the empirical research on political elites in modern societies. This research is important because it helps us to understand the relationship between political elites and the public, and it suggests ways in which we can improve the democratic behavior of political elites.

The seventh part of the paper will discuss some of the ways in which we can improve the democratic behavior of political elites. This can be done in a number of ways, including by increasing the transparency of their decision-making process, by increasing the accountability of their actions, and by increasing the participation of the public in their decision-making process.

The eighth part of the paper will conclude by discussing the importance of the empirical research on political elites in modern societies. This research is important because it helps us to understand the relationship between political elites and the public, and it suggests ways in which we can improve the democratic behavior of political elites.
