House of Representatives

Political Parties In Australia

Alan J. Ward

Political Parties In Australia:

Parliamentary Government in Australia Alan J. Ward, 2014-02-15 Alan J Ward combines constitutional history and political science to compare all nine of Australia's political systems federal state and territorial from colonial times to the present Guided by a model of parliamentary government drawn from comparative politics he considers the following key topics the selection of the government the prime minister and cabinet government control of the lower house the primacy of the lower house in bicameral systems the head of state the influence of Australian federalism on parliamentary government and the growth of executive democracy in Australia Ultimately Ward argues that as only one of Australia's nine constitutions accurately describes parliamentary government as practiced in the country it is a democratic imperative that the other eight be rewritten

Contemporary Politics in Australia Rodney Smith, Ariadne Vromen, Ian Cook, 2012-02-02 A diverse range of experts provide a comprehensive introduction to current theories debates and research in Australian political science

APAIS 1992: Australian public affairs information service, **The Cambridge Handbook of Social Sciences in Australia** Ian McAllister, Steve Dowrick, Riaz Hassan, 2003-08-07 First published in 2003 The Cambridge Handbook of Social Sciences in Australia is a high quality reference on significant research in Australian social sciences The book is divided into three main sections covering the central areas of the social sciences economics political science and sociology Each section examines the significant research in the field placing it within the context of broader debates about the nature of the social sciences and the ways in which institutional changes have shaped how they are defined taught and researched

Australian Political Institutions Gwynneth Singleton, Don Aitkin, Brian Jinks, John Warhurst, 2012-11-07 Australian Political Institutions 10e introduces students to the structure and organisation of the institutions and functions of government in Australia with reference to contemporary issues and debates A lot has changed in recent times in the Australian political environment Finally there is a text that incorporates all these important changes As an introduction to the principles of political science the text provides an analysis of key issues in the Australian political system in a clear and concise manner This new tenth edition retains its core focus on the Australian political system but also includes expanded comparative analysis of the similarities and differences in the structure and operation of political institutions in other countries which students can use to consider the strengths and weaknesses of the Australian political system and whether it could be improved

The Oxford Handbook of Australian Politics Jenny M. Lewis, Anne Tiernan, 2021-10-20 The Oxford Handbook of Australian Politics is a comprehensive collection that considers Australia's distinctive politics both ancient and modern at all levels and across many themes It examines the factors that make Australian politics unique and interesting while firmly placing these in the context of the nation's Indigenous and imported heritage and global engagement The book presents an account of Australian politics that recognizes and celebrates its inherent diversity by taking a thematic approach in six parts The first theme addresses Australia's unique inheritances examining the development of its political culture in relation to the arrival of British colonists

and their conflicts with First Nations peoples as well as the resulting geopolitics The second theme improvisation focuses on Australia's political institutions and how they have evolved Place making is then considered to assess how geography distance Indigenous presence and migration shape Australian politics Recurrent dilemmas centres on a range of complex political problems and their influence on contemporary political practice Politics policy and public administration covers how Australia has been a world leader in some respects and a laggard in others when dealing with important policy challenges The final theme studying Australian politics introduces some key areas in the study of Australian politics and identifies the strengths and shortcomings of the discipline The Oxford Handbook of Australian Politics is an opportunity for others to consider the nation's unique politics from the perspective of leading and emerging scholars and to gain a strong sense of its imperfections its enduring challenges and its strengths

Government Politics in Australia Alan Fenna, Jane Robbins, John Summers, 2013-09-05 Government and Politics in Australia 10e is the comprehensive and scholarly political science text that provides thorough and accessible content written by authorities in the field Now in its 10th edition Government and Politics in Australia continues to provide students with a research based in depth contemporary introduction to the Australian political system A strengthened focus on government and politics ensures that this classic text remains the most comprehensive and authoritative guide to the structure and institutions of Australian government as well as political parties representation interest groups and the role of the media in Australian politics The 10th edition has been thoroughly revised and updated by experts in the field led by a new editor team and includes a completely new chapter on Australia in the world

Australia's Evolving Democracy Mark Evans, Patrick Dunleavy, John Phillimore, 2024-12-05 In recent times Australia has developed into one of the world's leading liberal democracies Its governments have delivered continuous economic growth for more than three decades even against the turmoil of a global pandemic And the country's highly competitive elections and strong political institutions operate within a stable and balanced federal system In Australia's Evolving Democracy a team of leading academic authors use an audit approach to critically explore national government institutions as well as state and territory level politics and to examine how each has contributed to or held back Australian political life as it has changed and diversified For instance the top two parties monopoly of governance has only begun to adjust to a modern transition to multi party politics although balanced voting systems for two house legislatures have allowed for some adaptation To date the country has successfully avoided both rancorous populist politics as in the USA and serious governance decline as in the UK Each of the book's 28 chapters tackles one institution or issue outlining recent developments along with an analysis of strengths weaknesses opportunities and threats to fully evaluate the state of Australian democracy in the 21st century In doing so the authors draw key lessons for other democracies showing in detail how robust major and micro institutions can guard against democratic backsliding and policy failures This comprehensive audit also highlights scope for potential democratic improvements Australia continues to confront the challenges of partisan

political barriers to addressing climate change and improving the situation of First Nations peoples redressing modern social inequalities and responding to popular mistrust of government and politicians By taking an in depth nuanced approach to multiple democratic issues across the whole of the country s distinctive political system this book provides analysis that is accessible for students new to Australian politics along with many insights for political scientists studying comparative democratic politics and Australian institutions **APAIS 1999: Australian public affairs information service ,**

Reviewing **Political Parties In Australia**: Unlocking the Spellbinding Force of Linguistics
