Political Philosophy Of Merleau Ponty Modern Revivals In Philosophy S:

The Political Philosophy of Hannah Arendt Maurizio Passerin d'Entrèves, 2002-01-04 First published in 1993 This is a systematic introduction to the thought of one of the most important political philosophers of the twentieth century The author uncovers the concepts of modernity action judgement and citizenship that underpin her work The Political Philosophy of Merleau-Ponty Sonia Kruks, 1981 **The Collaborative Bibliography of Women in Philosophy** Noël Hutchings, 1997

Feminist Interpretations of Simone de Beauvoir Margaret A. Simons, 2010-11-01 **Subject Guide to Books in Print**, 1993 **Tradition(s)** Stephen H. Watson, 1997 What exactly is tradition Stephen H Watson provides a fine grained account of tradition that draws on Gadamer who conceives of tradition in terms of continuity and Foucault who engages in critique through the presentation of difference Tradition s accomplishes this through a series of original readings of Kant and post Kantian German philosophy Whitaker's Books in Print, 1998 **Economic Methodology and Freedom to Choose (Routledge Revivals)** Patrick O'Sullivan, 2012-07-26 First published in 1987 Professor O Sullivan s work provides an in depth philosophical examination of the foundations of method in Economics and other human sciences The argument is unabashedly dialectical in the great Socratic Platonic tradition and the reissue will be very welcome to all students of methodology in particular those students of economic methodology seeking a refreshing alternative to yet more mathematical game playing In an age dominated and perhaps to an extent perplexed by an ultimately non committal postmodernism the book provides a root and branch critique of the epistemological relativism which must lie at the root of the whole post modernist approach and in reasserting the fundamental importance not only for the methods of science but also for European civilisation of the pursuit of truth it takes a stance which is very much against the tide of the times A heterodox perspective is also provided and defended in detail regarding the real nature of economic methodology whereby it is shown that Economics epitomises a teleological mode of explanation which is significantly different from the efficient causal modes of explanation of the natural sciences In fact Economics is the ultimate subjectivist interpretative discipline in the methodological sense of Max Weber and Alfred Schutz a fact which has only been recognised and welcomed in the Austrian school of Economics **The British National Bibliography** Arthur James Wells, 1994 *Merleau-Ponty and the Foundation of Existential Politics* Kerry H. Whiteside, 2014-07-14 Drawing on previously unexplored sources Kerry H Whiteside presents the political theory of Maurice Merleau Ponty 1908 1961 one of France s best known twentieth century philosophers Whiteside argues that Merleau Ponty s objective in his political writings was to make existentialism into the foundation for a philosophically consistent mode of political thinking This study discusses the inadequacies Merleau Ponty found in the traditional philosophies of empiricism and idealism and then examines the subject object dualism that he believed deprived previous forms of existentialism of political significance Whiteside shows how Merleau Ponty overcame these problems by grounding political reasoning in a theory of consciousness that emphasized both its individuality and its

need for socially created meaning After explaining Merleau Ponty s modifications of the views of Sartre Aron and others the book investigates how he applied his political theory in editorial exchanges with Communists and liberals Throughout this study Whiteside traces and criticizes the changes in the philosopher s concept of Marxism and points to his many ideas that bear on current controversies in political theory Originally published in 1988 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
