Political Theory The Foundations Of Twen

Frederick L. Holler

Political Theory The Foundations Of Twen:

The Absolute Weapon Revisited T. V. Paul, Richard J. Harknett, James J. Wirtz, 2000 Discusses the contemporary role of nuclear weapons in international relations

Brezhnev's Peace Program Peter M. E. Volten, 2019-03-13 Dr Volten analyses the foreign policy making process in the Soviet Union particularly in connection with the Brezhnev's Peace programme in the 1970s which was supposed to normalise political economic relations with the West and curb military rivalry

Comparative Politics J. C. Johari, 1982

Political Theory Arnold Brecht, 2015-12-08 In this distinguished work Arnold Brecht who served under more than a dozen German Chancellors and whose work in defense of democracy received recognition by the Adenauer government in 1953 surveys the philosophical and scientific foundations of political theory in the twentieth century His wide ranging treatise sweeps over the entire scope of this century's contributions including the philosophical juridical scientific sociological methodological and historical The book is a pioneering effort toward an integrated presentation a first attempt to offer a comprehensive modern political theory The aim is both a systematic presentation and a full description of the recent genesis of thought The pertinent teachings of representative writers some from the past from Hume and Kant to Darwin Mill and Marx and most of the present century from Peirce James Simmel and Weber to Husserl Dewey Lasswell Northrop and Fuller are analyzed Dr Brecht incorporates chapter by chapter his own contributions Social scientists philosophers lawyers and students of religion will find it a challenging guide written with penetrating clarity and rich in fruitful suggestions Originally published in 1959 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

International Handbook of Political Science William G. Andrews, 1982-12-20 Product information not available

The Nature of Political Theory Andrew Vincent, 2004-03-25 In his controversial new book Andrew Vincent sets out to analyse and challenge the established nostrums of contemporary political theory The nature of Political Theory offers three major contributions to current scholarship It offers first a comprehensive synoptic and comparative analysis of the major conceptions of political theory predominantly during the twentieth century This analysis incorporates systematic critiques of both Anglo American and continental contributions The nature of theory is seen as intrinsically pluralistic and internally divided Secondly the idea of foundationalism is employed in the book to bring some coherence to this internally complex and fragmented practice The book consequently focuses on the various foundational concerns embedded within conceptions of political theory Thirdly the book argues for an adjustment to the way we think about the discipline Political theory is reconceived as a theoretically based indeterminate subject which should be more attuned to practice and history Andrew

Vincent makes a case for a more ecumenical and tolerant approach to the discipline suggesting that there are different but equally legitimate answers to the question what is political theory Acceptance of this view would involve a supplementation of the standard substantive approaches to contemporary political theory The Nature of Political Theory offers a unique and idiosyncratic perspective on our current understanding of political theory making it an indispensable resource for all scholars and students of the discipline *The Information Sources of Political Science: Federal government, State government, local government, political behavior, public law, international law* Frederick L. Holler,1975 **A Guide to the Collection of the Asian Library** Ramon Magsaysay Award Foundation. Asian Library,1970 *Political Theory, Science Fiction, and Utopian Literature* Tony Burns,2010-02-19 Ursula K Le Guin s *The Dispossessed* is of interest to political theorists partly because of its association with anarchism and partly because it is thought to represent a turning point in the history of utopian dystopian political thought and literature and of science fiction Published in 1974 it marked a revival of utopianism after decades of dystopian writing According to this widely accepted view *The Dispossessed* represents a new kind of literary utopia which Tom Moylan calls a critical utopia The present work challenges this reading of *The Dispossessed* and its place in the histories of utopian dystopian literature and science fiction It explores the difference between traditional literary utopia and novels and suggests that *The Dispossessed* is not a literary utopia but a novel about utopianism in politics Le Guin s concerns have more to do with those of the novelists of the 19th century writing in the tradition of European Realism than they do with the science fiction or utopian literature It also claims that her theory of the novel has an affinity with the ancient Greek tragedy This implies that there is a conservatism in Le Guin s work as a creative writer or as a novelist which fits uneasily with her personal commitment to anarchism *The Information Sources of Political Science: Social sciences, political sciences, history, anthropology, sociology, psychology, economics, geography* Frederick L. Holler,1975

Political Theory The Foundations Of Twen Book Review: Unveiling the Magic of Language

In a digital era where connections and knowledge reign supreme, the enchanting power of language has become more apparent than ever. Its capability to stir emotions, provoke thought, and instigate transformation is truly remarkable. This extraordinary book, aptly titled "**Political Theory The Foundations Of Twen**," written by a highly acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound impact on our existence. Throughout this critique, we shall delve into the book's central themes, evaluate its unique writing style, and assess its overall influence on its readership.
