## **Political Continuity Change:**

*Political continuity and change* Peter H. Merkl, 1975      **Change and Continuity in North Korean Politics** Adam Cathcart, Robert Winstanley-Chesters, Christopher K. Green, 2016-11-03 In the years since the death of Kim Jong il and the formal acknowledgement of Kim Jong un as head of state the North Korean regime has made a series of moves to further augment and consolidate the ideological foundations of Kimism and cement the young leader s legitimacy Historical narratives have played a critical if often unnoticed role in this process This book seeks to chronicle these historical changes and continuities Continuity and Change in North Korean Politics explores the stable and shifting political cultural and economic landscapes of North Korea in the era of Kim Jong un The contributors deploy a variety of methodologies of analysis focused on the content narratives and discourses of politics under Kim Jong un tracing its historical roots and contemporary practical and conceptual manifestations Moving beyond most analyses of North Korea s political and institutional ideologies the book explores uncharted spaces of social and cultural relations including children s literature fisheries grassland reclamation commemorative culture and gender By examining critical moments of change and continuity in the country s past it builds a holistic analysis of national politics as it is currently deployed and experienced Demonstrating how historical political and cultural narratives continue to be adapted to suit new and challenging circumstances this book will be of interest to students and scholars of Korean Studies Korean Politics and Asian Studies      **Continuity and Change in Turkish Politics** Mustafa Aydın, Kerem Yıldırım, 2024-12-02 This book features leading scholars examining the dynamics of Turkish politics through alternative themes including political economy and behavior It provides a comprehensive understanding of continuity and change within Turkey s political system utilizing rigorous empirical work and data This book delves into the complexities of Turkish politics the political economy of democratic backsliding economic voting trends political competition and change populism ideology candidate nomination and the impact of the international political economy on Turkey While doing so it focuses on the 2023 elections in Turkey The chapters in this edited volume analyze these themes offering fresh insights into systemic party competition voting behavior and the political economy of Turkey This timely publication promises to be an essential resource for understanding recent shifts in Turkish politics and will benefit students researchers and scholars interested in Politics Political Economy and Turkish Studies The chapters in this book were originally published as a special issue of Southeast European and Black Sea Studies      **Continuity and change before and after the Arab uprisings** Paola Rivetti, Rosita Di Peri, 2017-10-02 The Arab uprisings of 2011 have sparked much scholarly discussion with regards to democratisation the resilience of authoritarian rule mobilisation patterns and the relationship between secularism and Islam all under the assumption that politics has changed for good in North Africa and the Middle East While acknowledging the post 2011 transformations taking place in the region this book brings to the forefront an understudied yet crucial aspect related to the uprisings namely the interplay between continuity and change

Challenging simplified representations built around the positions that either all has changed or nothing has changed the in depth case studies in this volume demonstrate how elements both of continuity and rupture with the past are present in the post uprising landscapes of Morocco Tunisia and Egypt Public policy contentious politics the process of institution making and re making and the relations of power connecting national and international economies are at the core of the comparative investigations included in the book The volume makes an important contribution to the study of North African politics and to the study of political change and stability by contrasting the different trajectories of the uprisings and by offering theoretical reflections on their meaning consequences and scope This book was originally published as a special issue of the British

Journal of Middle Eastern Studies *Political Continuity and Change* Peter H. Merkl,1967 **War and Change in World Politics** Robert Gilpin,1981 rofessor Gilpin uses history sociology and economic theory to identify the forces causing change in the world order *Political Traditions and UK Politics* M. Hall,2011-08-16 An exploration of political traditions and their usage in explanations of British politics This book includes an evaluation of both classical and critical approaches to the British Political Tradition It also analyses more recent uses of political tradition by Bevir Rhodes and Marquand

Conjunctures and Continuities in Southeast Asian Politics Narayanan Ganesan,2013 In their evolution of political structures and life countries often undergo significant conjunctures major events that reorder political structures and norms The examination of such conjunctures offers an important methodological framework to uncover and document changes that have significantly altered the political template of a country This collection of case studies examines the critical conjunctures that have affected the countries of Southeast Asia in recent decades Each chapter traces the antecedent conditions prior to the event describes the changes brought about by the conjuncture and details the lasting legacy **Continuities in Political Action** M. Kent Jennings,Jan W. van Deth,2014-10-09 No detailed description available for Continuities in Political Action Political Theology of International Order William Bain,2020-04-09 Is contemporary international order truly a secular arrangement Theorists of international relations typically adhere to a narrative that portrays the modern states system as the product of a gradual process of secularization that transcended the religiosity of medieval Christendom William Bain challenges this narrative by arguing that modern theories of international order reflect ideas that originate in medieval theology They are in other words worldly applications of a theological pattern This ground breaking book makes two key contributions to scholarship on international order First it provides a thorough intellectual history of medieval and early modern traditions of thought and the way in which they shape modern thinking about international order It explores the ideas of Augustine Thomas Aquinas William of Ockham Martin Luther and other theologians to rise above the sharp differentiation of medieval and modern that underpins most international thought Uncovering this theological inheritance invites a fundamental reassessment of canonical figures such as Hugo Grotius and Thomas Hobbes and their contribution to theorizing international order Second this book shows how theological ideas continue to shape modern theories of

international order by structuring the questions theorists ask as well as the answer they provide It argues that the dominant vocabulary of international order system and society anarchy balance of power and constitutionalism is mediated by the intellectual commitments of nominalist theology It concludes by exploring the implications of thinking in terms of this theological inheritance albeit in a world where God is only one of several possibilities that can called upon to secure the regularity of order
