Political Dynamics In Contemporary Japan

Leonard James Schoppa

Political Dynamics In Contemporary Japan:

Political Dynamics in Contemporary Japan Gary D. Allinson, Yasunori Sone, 1993 Social Science Centered Studies on Modern Japan Arne Holzhausen, Benjamin Lunau, 2002 *Cultural and Social Division in Contemporary Japan* Yoshikazu Shiobara, Kohei Kawabata, Joel Matthews, 2019-07-30 The recent manifestation of exclusionism in Japan has emerged at a time of intensified neoliberal economic policies increased cross border migration brought on by globalization the elevated threat of global terrorism heightened tensions between East Asian states over historical and territorial conflicts and a backlash by Japanese conservatives over perceived historical apologism The social and political environment for minorities in Japan has shifted drastically since the 1990s yet many studies of Japan still tend to view Japan through the dominant discourses of ethnic homogeneity *tanitsu minzoku shakai* and middle class society *so churyu shakai* which positions the exclusion of minorities as an exceptional phenomenon While exclusionism has been recognized as a serious threat to minority groups it has not often been considered a representative issue for the whole of Japanese society This tendency will persist until the discourses of *tanitsu minzoku shakai* and *so churyu shakai* are systematically debunked and Japan is widely recognized as both multiethnic and socio economically stratified Today as with most advanced capitalist countries serious social divides occasioned by the impacts of globalization and neoliberalism have destabilized Japanese society This book explores not only how Japanese society is diversified and unequal but also how diversity and inequality have caused people to divide into separate realities from which conflict and violence have emerged It empirically examines the current situation while considering the historical development of exclusionism from the interdisciplinary viewpoints of history policy studies cultural studies sociology and cultural anthropology In addition to analyzing the realities of division and exclusionism the authors propose theoretical alternatives to overcome such cultural and social divides **Dictionary of the Modern Politics of Japan** Prof J A A Stockwin, J. A. A. Stockwin, 2003-08-27 The politics of Japan are less widely reported than its economics Most people are aware of the economic miracle following the Second World War whereby Japan became the second largest economy in the world after the United States and the economic stagnation of the early 1990s is also well known But it is difficult to make sense of these phenomena without a knowledge of the political system and the ways in which it works in practice Containing an introductory essay an essay on theories of Japanese politics and over 250 A Z entries the Dictionary of the Modern Politics of Japan remedies this imbalance and answers the need for an accessible work of reference bringing together information and authoritative analysis on all aspects of the politics of Japan and the Japanese political system Including a fully annotated bibliography to guide the user to further reading the entries are thoroughly cross referenced and indexed and are supplemented with maps and tables to ensure that the Dictionary of the Modern Politics of Japan is essential reading for all scholars and students of the politics and international relations of Japan **Modern Japan** Elise K. Tipton, 2002 Ranging from the Tokugwa period to the present day this text provides a concise and fascinating introduction to

the social cultural and political history of modern Japan Tipton covers political and economic developments and shows how they relate to social themes and developments Her survey covers traditional political history as well as areas growing in interest gender issues labor conditions and ethnic minorities The Post-war Roots of Japanese Political Malaise Dagfinn Gatu,2015-06-12 Writings on post war Japanese politics have tended to take for granted the dominance of the Liberal Democratic Party LDP as inevitable without questioning how this came about This book analyses the nature of Japanese party politics over the first four decades following the Second World War assessing how the chief contenders the conservative LDP and the socialists JSP Japan Socialist Party competed in terms of their strengths and weaknesses relative to the other Throughout it addresses the questions How effectively were the parties strengths harnessed How did they alter over time To what extent was the winning formula challenged Did the loser have access to strengths with a major potential and if so why did these remain underdeveloped It extends widely to include discussion of the political system the social and economic environment in which parties operated internal party matters especially factions personal support groups special interest groups and the role of government bureaucracy It shows why the Liberal Democratic Party was dominant why the Japan Socialist Party remained out of power and how successive prime ministers conducted policymaking in ways which often resulted in the bureaucracy taking the lead Overall the book shows how precedents for the political system and for policymaking were set in this important period precedents which continue and which have contributed significantly to the present conservative stance on many key issues **Japan's Foreign Policy Maturation** Kevin Cooney,2013-09-05 The sudden end of the Cold War took the Japanese foreign policy community by surprise The Yoshida Doctrine which served Japanese foreign policy so well during the Cold War is no longer a viable foreign policy option This dissertation examines the restructuring of Japanese foreign policy since the end of the Cold War Through a series of 56 interviews with Japanese foreign policy elites the changes in Japanese foreign policy are put into the context of the foreign policy literature

Textiles and Industrial Transition in Japan Dennis L. McNamara,1995 Providing the fullest English language account of Japanese textiles Dennis L McNamara explores the entire sweep of the industry from the factory to the high fashion brokerage to the policymaking circle Tracing the strategies by which the textile industry has survived he provides a distinctive view of Japanese capitalism in a climate of change McNamara reconstructs a world riven by the competing interests of state and capital firm and industry labor and management mill and merchant We encounter giant mogul companies and upstart independent mavericks such firms as Toray Toyobo Itochu Tsuzuki Kondobo Onward and Renown all hustling to restructure for survival Critical Issues in Contemporary Japan Jeff Kingston,2013-12-17 This book provides undergraduate and graduate students with an interdisciplinary compendium written by a number of leading specialists on contemporary Japan Chapters reflect the standards of rigorous scholarly work but also exceed them in their accessibility of language and engagement with concerns relevant to non specialists The probing analysis of key debates and issues

confronting Japan make this ideal for college courses and an essential reference work on Japan Asia for libraries This book encompasses a range of disciplines in the social sciences and thus will be useful for a variety of courses including Comparative Politics Media Studies Anthropology Sociology Asian Studies International Relations Public Policy Healthcare Education Judicial Reform Gender and Minority Studies The strength of this volume is in the collective efforts of accomplished experts providing in depth analysis and up to date comprehensive coverage of Japan in the 21st century Students will gain the analytical insights and information necessary to assess the challenges that confront the Japanese people policymakers and private and public sector institutions Key issues covered in this volume include Rapidly Aging society Changing Employment system Energy policy Nuclear and Renewable Gender discrimination Immigration Ethnic minorities Trade policy Civil society Rural Japan Okinawa Post 3 11 Tsunami earthquake nuclear meltdown developments Internationalization Sino Japanese relations East Asia s divisive history

The Evolution of Japan's Party System

Leonard James Schoppa, 2011-01-01 The Evolution of Japan s Party System analyses the transition by examining both party politics and public policy This volume discusses how older parties such as the LDP and the Japan Socialist Party failed to adapt to the new policy environment of the 1990s
