Political Psychology Of Appeasement Finlandization And Other Unpopula

Derek Jones

Political Psychology Of Appeasement Finlandization And Other Unpopula:

The Political Psychology of Appeasement Walter Laqueur, 2017-07-05 First published in the 1980s The Political Psychology of Appeasement contains some of the most influential political journalism of the 1970s The author a leading contemporary historian and commentator on international affairs provides an incisive critique of the weaknesses and inconsistencies of U S foreign policy in the 1970s as well as a diagnosis of the malaise of Western Europe Laqueur s essays range from the subject of Finlandization to the problems of peace in the Middle East and the origins of political terrorism To each of these areas he brings a deep and compassionate sensibility the knowledge of a professional historian and the sharp eye of an experienced journalist Not only is Laqueur a global thinker but his thought is undergirded by the experiences of world travel and an intimate knowledge of world leaders Most of this book s essays are pessimistic because the author addresses his topics bluntly and pragmatically Many of Laqueur s predictions have been borne out by subsequent events As he ruefully says in his original preface there is nothing so conducive to lack of popularity than to be right prematurely Made timeless by their insightful honesty his essays teach us about the art of political appeasement and prediction in the modern geopolitical landscape

The Political Psychology of Appeasement Walter Laqueur, 2017-07-05 First published in the 1980s The Political Psychology of Appeasement contains some of the most influential political journalism of the 1970s The author a leading contemporary historian and commentator on international affairs provides an incisive critique of the weaknesses and inconsistencies of U S foreign policy in the 1970s as well as a diagnosis of the malaise of Western Europe Laqueur s essays range from the subject of Finlandization to the problems of peace in the Middle East and the origins of political terrorism To each of these areas he brings a deep and compassionate sensibility the knowledge of a professional historian and the sharp eye of an experienced journalist Not only is Laqueur a global thinker but his thought is undergirded by the experiences of world travel and an intimate knowledge of world leaders Most of this book s essays are pessimistic because the author addresses his topics bluntly and pragmatically Many of Laqueur s predictions have been borne out by subsequent events As he ruefully says in his original preface there is nothing so conducive to lack of popularity than to be right prematurely Made timeless by their insightful honesty his essays teach us about the art of political appeasement and prediction in the modern geopolitical landscape

Tightrope: Finland and Hungary in the Cold War Dennis Werling, 2023-10-13 Finland and Hungary both fought on the losing side in WWII Yet the former was able to resist the overwhelming power of its Soviet neighbour while Hungary whose status was uncertain until 1947 was not Could the revolt of 1956 have been a turning point How did the Helsinki Accords contribute to the end of the Cold War

The Postwar Legacy of Appeasement R. Gerald Hughes, 2014-01-16 Focusing on the Cold War and the post Cold War eras R Gerald Hughes explores the continuing influence of Appeasement on British foreign policy and re evaluates the relationship between British society and Appeasement both as historical memory and as a foreign policy process The Postwar Legacy of Appeasement explores the reaction of British policy

makers to the legacies of the era of Appeasement the memory of Appeasement in public opinion and the media and the use of Appeasement as a motif in political debate regarding threats faced by Britain in the post war era Using many previously unpublished archival sources this book clearly demonstrates that many of the core British beliefs and cultural norms that had underpinned the Chamberlainite Appeasement of the 1930s persisted in the postwar period **Neoconservative Images of Europe** Philipp Scherzer,2022-10-24 While in the last twenty years perceptions of Europe have been subjected to detailed historical scrutiny American images of the Old World have been almost wantonly neglected As a response to this scholarly desideratum this pioneering study analyzes neoconservative images of Europe since the 1970s on the basis of an extensive collection of sources With fresh insight into the evolution of American images of Europe as well as into the history of U S neoconservatism the book appeals to readers familiar and new to the subject matters alike The study explores how beginning in the early 1970s ideas of the United States as an anti Europe have permeated neoconservative writing and shaped their self images and political agitation The choice of periodization and investigated personnel enables the author to refute popular claims that widespread Euro critical sentiment in the United States during the early 21st century considerably ignited by neoconservatives was a distinct post Cold War phenomenon Instead the analysis reveals that the fiery rhetoric in the context of the Iraq War debates was merely the climax of a decade old development **Political Learning in Adulthood** Roberta S. Sigel,1989 In the wake of World War II the issues of political stability in general and the survival of stable democracies in particular captured the attention of American political scientists An inevitable offshoot of this interest was the study of political behavior how it is acquired and how and why it persists In its early stages work on political socialization focused exclusively on childhood and adolescence as if the learning process ends when adulthood begins Only recently has adult socialization emerged as a legitimate field of study within political science In Political Learning in Adulthood social scientists for the first time examine the changes in political outlook and behavior that take place during the adult years providing an invaluable overview of the problems theories and methodological approaches that characterize the field of political socialization They consider which political values remain constant and which are subject to change and they explore the ways in which both ordinary and extraordinary life events affect adults political worldviews Among specific topics considered are the effects of age and aging the relation between participation in the work force and the development and expression of political views continuity and change in the wake of revolutionary social and political movements and the effects of such traumatic and life threatening situations as war and terrorist activity **Best of Times, Worst of Times** Walter Laqueur,2012-07-03 A memoir by a prominent and highly respected historian and political commentator **Censorship** Derek Jones,2001-12-01 Censorship A World Encyclopedia presents a comprehensive view of censorship from Ancient Egypt to those modern societies that claim to have abolished the practice For each country in the world the history of censorship is described and placed in context and the media censored are examined art cyberspace literature music the press popular

culture radio television and the theatre not to mention the censorship of language the most fundamental censorship of all Also included are surveys of major controversies and chronicles of resistance Censorship will be an essential reference work for students of the many subjects touched by censorship and for all those who are interested in the history of and contemporary fate of freedom of expression

Political Symbolism in Modern Europe George Lachmann Mosse, Seymour Drescher, David Warren Sabean, Allan Sharlin, By collectively concentrating on the theme of political symbolism in modern Europe the contributors to this volume have chosen to honor a revered teacher and colleague by developing a set of variations on one of his primary scholarly concerns The essays deal with familiar domains in the history of European culture religion science philosophy theater popular culture and social ideologies They attempt to focus on their individual subjects as studies of the ways in which the terms of cultural discourse have been shaped and elaborated by social position and the inherently political nature of such discourse The essays also trace attempts to capture assent or compliance to particular world views which have had profound cultural and political consequences Many essays deal with the vocabularies of strategically located elites consciously or unconsciously shaping discourse to enhance their role in the European social hierarchy Others turn to the problem of the dynamics of symbolic reception and reception by popular audiences A third group of thematic essays deals with case studies of world views dominated by political metaphors of group identity and differentiation which became dominant in Western Europe toward the end of the nineteenth century class nation sex age and race The essays in the volume deal with George Mosse and political symbolism the medical model of cultural crisis in fin de siècle France cultural uses of fatigue in the nineteenth century Marburg neo Kantian thought and German popular culture the Ostjude as a cultural symbol in German anti-Semitism the function of myth and symbol in Georges Sorel feminism and eugenics in Edwardian England Darwinism and the working class in Germany science and religion in early modern Europe popular theater and socialism in fin de siècle France political symbolism in the paintings of the German war of liberation generational discourse in pre World War I France and cultural implications of national socialist religion

The Cold War Spencer C. Tucker, 2020-10-27 This sweeping reference work covers every aspect of the Cold War from its ignition in the ashes of World War II through the Berlin Wall and the Cuban Missile Crisis to the collapse of the Soviet Union in 1991 The Cold War superpower face off between the Soviet Union and the United States dominated international affairs in the second half of the 20th century and still reverberates around the world today This comprehensive and insightful multivolume set provides authoritative entries on all aspects of this world changing event including wars new military technologies diplomatic initiatives espionage activities important individuals and organizations economic developments societal and cultural events and more This expansive coverage provides readers with the necessary context to understand the many facets of this complex conflict The work begins with a preface and introduction and then offers illuminating introductory essays on the origins and course of the Cold War which are followed by some 1 500 entries on key individuals wars battles weapons

systems diplomacy politics economics and art and culture Each entry has cross references and a list of books for further reading The text includes more than 100 key primary source documents a detailed chronology a glossary and a selective bibliography Numerous illustrations and maps are inset throughout to provide additional context to the material Fin de Si cle and Other Essays on America and Europe Walter Laqueur, The essays collected in Fin de Si cle and Other Essays on America and Europe cover the political and cultural spectrum of our time specifically the rise fall and reemergence of radical movements of what was once called the extreme left and right If the essays have a common denominator it is that they do not join in the chorus of rejoicing after the end of the cold war When the Soviet Empire collapsed and the cold war came to an end there was a general celebration similar to the joy expressed after World Wars I and II Walter Laqueur in contrast to many of his peers realized that Russia s and Eastern Europe s road to freedom would be at best protracted and arduous with many setbacks And as he shows ten years after the reforms in the communist world power such as it is is again in the hands of the communists or of nationalists closely cooperating with communists While they may not be old Stalinists their style remains authoritarian and no one can say for certain whether the conversion to democracy is lasting Throughout Europe the extreme right has reemerged in force in France Italy Russia and Austria these parties are among the strongest While only a few years have passed since the demise of communism there is already nostalgia among many in Russia with regard to the good old days when vodka was cheap and order prevailed in the streets In the West the positive aspects of Nazism and fascism are being rediscovered One might argue that it should have been obvious that the end of the cold war would in many ways create new and greater uncertainties rather than a new world order in international affairs In certain nations including the United States there has been an unmistakable trend toward isolationism How to explain such attitudes In a brilliant assemblage of published and hitherto unpublished essays Laqueur brings his concerns about these issues in a post cold war environment Essays include The Long Way to Europe Russian Nationalism In Praise of Menshevism The End of the Cold War Feuchtwanger and Gide and The Empire Strikes Out Laqueur includes a profile of Andrei Sakharov who played such a crucial role in the movement of democratic dissent in the Soviet Union Fin de Si cle and Other Essays on America and Europe will be of significant interest to historians of European and American culture sociologists economists and political scientists The Military Balance in the Cold War David Walsh, 2007-07-20 This book examines the impact of American perceptions of the military balance between the United States and the Soviet Union during the key period of 1976 1985 That decade witnessed the decline of the US Soviet d nte and the resurgence of superpower confrontation often called the Second Cold War Among the factors contributing to this shift was **Winners and Losers** Irving Louis Horowitz, 1984 Leading sociologist Irving Louis Horowitz examines the response social science has made to contemporary subjects and issues the so called new class of the intelligentsia the ecology movement social planning alienation privatization anomie the threat of nuclear war Horowitz evaluates as a social scientist the question of values those disclosed through analysis and those threatened by it and

discusses the overall political and moral impact of knowledge and methodology in social science **No End to Alliance**

Geir Lundestad,2016-07-27 Distinguished historians and political scientists on both sides of the Atlantic as well as former German foreign minister Hans Dietrich Genscher are the contributors to No End to Alliance The book focuses on some crucial issues in transatlantic relations in the past present and future with emphasis on America s relations with West Germany Britain France and Scandinavia While the contributors hold somewhat different views the emphasis is on the remarkable strength and duration of the Atlantic alliance

Deterrence Essentials David Garnham,1995-09-21 This paper examines the challenges of conventional deterrence It emphasizes the knowledge and capabilities required for the successful implementation of strategies such as deterrence by punishment by denial and by appeasement Intelligence requirements including knowledge of adversary preferences and personalities of decision makers are also addressed Examples of conflicts such as the Japanese attack on Pearl Harbor NATO s deterrence of the Soviet Union and the Gulf War of 1990 1991 are cited to illustrate the dynamics of deterrence success and failure Due to the importance and timely nature of the topic this paper is also published in Arabic as Issue No 2 of Strategic Studies Arabic Series *The Other God that Failed* Jerry Z.

Muller,2021-04-13 Why did some of the best and brightest of Weimar intellectuals advocate totalitarian solutions to the problems of liberal democratic capitalist society How did their radical conservatism contribute to the rise of National Socialism What roles did they play in the Third Reich How did their experience of totalitarianism lead them to recast their social and political thought This biography of Hans Freyer a prominent German sociologist and political ideologist is a case study of intellectuals and a god that failed not on the political left but on the right where its significance has been overlooked The author explores the interaction of political ideology and academic social science in democratic and totalitarian regimes the transformation of German conservatism by the experience of National Socialism and the ways in which tension between former collaborators and former opponents of National Socialism continued to mold West German intellectual life in the postwar decades

Engaging with Videogames: Play, Theory and Practice Dawn Stobbert,Monica Evans,2019-01-04 This volume was first published by Inter Disciplinary Press in 2014 Engaging with Videogames focuses on the multiplicity of lenses through which the digital game can be understood particularly as a cultural artefact economic product educational tool and narrative experience Game studies remains a highly interdisciplinary field and as such tends to bring together scholars and researchers from a wide variety of fields and analytical practices As such this volume includes explorations of videogames from the fields of literature visual art history classics film studies new media studies phenomenology education philosophy psychology and the social sciences as well as game studies design and development The chapters are organised thematically into four sections focusing on educational game practices videogame cultures videogame theory and the practice of critical analysis Within these chapters are explorations of sexual identity and health videogame history slapstick player mythology and belief systems gender and racial ideologies games as a body without organs and controversial games

from Mass Effect 3 to Raid over Moscow This volume aims to inspire further research in this rapidly evolving and expanding field

Words of War Eric Min, 2025-02-15 In *Words of War* Eric Min pulls back the curtain on when why and how belligerents negotiate while fighting Of all interstate conflicts across the last two centuries two thirds have ended through negotiated agreement Wartime diplomacy is thus commonly seen as a costless and mechanical process solely designed to end fighting But as Min argues that wartime negotiations are not just peacemaking tools They are in fact a highly strategic activity that can also help states manage fight and potentially win wars To demonstrate that wartime talk does more than simply end hostilities Min distinguishes between two kinds of negotiations sincere and insincere Whereas sincere negotiations are good faith honest attempts to reach peace insincere negotiations exploit diplomacy for some other purpose such as currying gaining political support or remobilizing forces Two factors determine whether and how belligerents will negotiate the amount of pressure that outside parties can place on belligerents them to engage in diplomacy and information obtained from fighting on the battlefield Combining statistical and computational text analyses with qualitative case studies ranging from the War of the Roman Republic to the Korean War Min shows that negotiations are more likely to occur with strong external pressures A combination of such pressures and indeterminate battlefield activity however will most likely leads to insincere negotiations that may stoke fighting rather than end it By revealing that diplomacy can sometimes be counterproductive to peace *Words of War* compels us to rethink the assumption that it cannot hurt to promote diplomacy during war

America, Europe, and the Soviet Union Walter Laqueur, 1983-01-01 Bringing together for the first time his many penetrating and influential essays on U S foreign policy Europe and the Soviet Union Laqueur focuses here on the absence of a U S global strategy He shows that this vacuum has its counterpart in Western European politics Both the United States and Europe exhibit a weakening of political will and Laqueur reveals how the media and the academic community have been unwilling to accept the fact of diminished U S stature in the Western world

Parties, Governments and Voters in Finland Lauri Karvonen, 2014-11-03 Finland s modern technologically advanced welfare state is in fact a fairly recent creation because the social changes that led to it occurred in Finland much later than elsewhere in the West Once underway however such changes took place with unprecedented speed This book is the story of what happens to parties governments and voters when the fundamental features that conditioned party formation and voter alignments undergo rapid change It is this that makes the Finnish case interesting and as far as possible this book examines Finland in a comparative perspective Karvonen s study is based on a wealth of new primary evidence It demonstrates that Finland is indeed a special case in certain respects especially when it comes to the attenuation of ideological rivalry and the recurrent waves of populist protest

Decoding **Political Psychology Of Appeasement Finlandization And Other Unpopula**: Revealing the Captivating Potential of Verbal Expression

In a period characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its power to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring.
