

Heading:
John Locke
("John Locke's Political Philosophy")

Research:

What is John Locke's political philosophy with regards to the following:

- Government (Why? How? Purpose?)
- **Natural Rights**
- **Social Contract**
- **Right of Rebellion**

Political Thought Of John Locke

M. Seliger

Political Thought Of John Locke:

The Political Thought of John Locke John Dunn, 1982-09-09 This study provides a comprehensive reinterpretation of the meaning of Locke's political thought John Dunn restores Locke's ideas to their exact context and so stresses the historical question of what Locke in the Two Treatises of Government was intending to claim By adopting this approach he reveals the predominantly theological character of all Locke's thinking about politics and provides a convincing analysis of the development of Locke's thought In a polemical concluding section John Dunn argues that liberal and Marxist interpretations of Locke's politics have failed to grasp his meaning Locke emerges as not merely a contributor to the development of English constitutional thought or as a reflector of socio economic change in seventeenth century England but as essentially a Calvinist natural theologian

The Political Thought of John Locke John Dunn, 1969 **Liberty, Governance and Resistance** John William Tate, 2024-08-30 John Locke is widely perceived as a foundational figure within the liberal tradition This book investigates the competing discourses that inform Locke's political philosophy each underwritten by a distinct purpose not all of which result in philosophical outcomes consistent with what we today understand as liberal ideals Locke himself was unaware that he belonged to a liberal tradition Traditions only acquire meaning in retrospect But many have perceived the development of Locke's political philosophy as involving a smooth evolution from authoritarian origins to liberal conclusions beginning with Locke's Two Tracts on Government 1660/62 and culminating in his later political works the Two Treatises of Government 1689 and A Letter Concerning Toleration 1689 This book advances an interpretation of this development which reveals how from the time of his earliest writings Locke sought to advance competing discourses within his political philosophy each reflecting a different purpose with the result that this evolution was not as smooth as often supposed Indeed many of Locke's earlier commitments and purposes remained in his later political writings The result is a much more complex and variegated understanding of Locke's political philosophy than hitherto supposed within the Locke literature Liberty Governance and Resistance will be of interest to students and researchers studying Locke liberalism and the history of ideas

John Locke's Political Philosophy: Eight Studies John Wiedhofft Gough, 1973 The Moral and Political Philosophy of John Locke Sterling Power Lamprecht, 1918 Examines the moral and political philosophies of John Locke in comparison with his predecessors and contemporaries such as Hobbes and Filman

Second Treatise on Government John Locke, 2020-11-21 First anonymously published in 1689 John Locke's Second Treatise on Government has become one of the most iconic pieces of political philosophy ever written and greatly influenced the founding fathers of the American Constitution This work outlines John Locke's philosophy for a better society based on contract law and the natural rights of an individual In this work Locke argues for the inalienable rights and freedoms of the individual including the right for revolution basic property rights and limited government where the legitimacy of a government rests in the hands of its people and not its monarchs Due to its revolutionary ideas Second Treatise on Government has garnered far reaching

influence in the political science community as a foundation of political thought and study *Locke: Political Essays* John Locke, 1997-09-25 This book brings together a comprehensive collection of the writings of one of the greatest philosophers in the Western tradition Along with five of John Locke's major essays seventy shorter essays are included that stand outside the canonical works that Locke published during his lifetime For the first time students will be able to fully explore the evolution of Locke's ideas concerning the philosophical foundations of morality and sociability the boundary of church and state the shaping of constitutions and the conduct of government and public policy *Liberty, Governance and Resistance* John William Tate, 2023-09 John Locke is widely perceived as a foundational figure within the liberal tradition This book investigates the competing purposes that informed Locke's political philosophy not all of which resulted in outcomes consistent with what we today understand as liberal ideals Locke himself was unaware that he belonged to a liberal tradition Traditions only acquire meaning in retrospect But many have perceived the development of Locke's political philosophy as involving a smooth evolution from authoritarian origins to liberal conclusions beginning with Locke's Two Tracts on Government 1660-62 and culminating in his later political works the Two Treatises of Government 1689 and A Letter Concerning Toleration 1689 This book advances an interpretation of this development which reveals how by the time of his mature political writings Locke sought to advance three competing imperatives within his political philosophy only two of which were consistent with ideals of individual liberty The other imperative sustained purposes much more aligned with the authoritarianism with which Locke's political philosophy began The result is a much more complex and variegated understanding of Locke's political philosophy focusing on its competing purposes Liberty Governance and Resistance will be of interest to researchers studying Locke liberalism and the history of ideas *The Political Thought of John Locke* John Dunn, 1975 **The Empire of Habit** John Baltes, 2016 John Locke's political thought provides much of the theoretical underpinning for our own liberal democracy According to Locke's liberalism the rights and freedoms of civil society are grounded in natural law which is known and observed by all citizens In this volume John Baltes challenges this interpretation of Locke Examining Locke's Essay Concerning Human Understanding and Some Thoughts Concerning Education Baltes reveals a Locke who is in conflict with the natural law philosopher found in his famous Two Treatises of Government In his works on epistemology and education Locke describes morality as a construct and human nature as malleable Drawing on Foucault's concept of discipline Baltes reconsiders Locke's liberalism and shows that it requires citizens governed not by natural law but habit that is subjects who are constructed by carefully controlled space and visibility and regulated in their conduct to become capable of self government The Empire of Habit thus offers not only a new reading of one of the most important political philosophers of the Western tradition but also new insight into our own political liberalism John Baltes is an independent scholar of political theory **Two Treatises of Government and a Letter Concerning Toleration** John Locke, 2014-01-27 Two of Locke's most influential political writings have been combined here in one volume Among the most

influential writings in the history of Western political thought John Locke's Two Treatises of Government and A Letter Concerning Toleration remain vital to political debates more than three centuries after they were written Taken together the texts and essays in this volume offer insights into the history of ideas and the enduring influence of Locke's political thought

Locke: Political Essays John Locke, 1997 We know more about the development of John Locke's ideas than we do about almost any other philosopher's before modern times This book brings together a comprehensive collection of the writings on politics and society that stand outside the canonical works which Locke published during his lifetime In the aftermath of the Revolution of 1688 the three works by which he is chiefly known appeared the Two Treatises of Government An Essay Concerning Human Understanding and A Letter Concerning Toleration and the themes raised in these works had been reflected upon over many years Mark Goldie's edition makes possible the fullest exploration of the evolution of Locke's ideas concerning the philosophical foundations of morality and sociability the boundary of church and state the shaping of constitutions and the conduct of government and public policy

The Political Thought of John Locke John Dunn, 1982

Political philosophy of John Locke Marcel Bode, 2008-03-05 Seminar paper from the year 2007 in the subject Philosophy Philosophy of the 17th and 18th Centuries grade 1.0 Schmalkalden University of Applied Sciences course Political Philosophy language English abstract Today in most western countries the political structure is characterized by a democratic system and the separation of powers Moreover individual liberty and property rights are for most western states self-evident qualities But to achieve these political modern comforts it took a long time of development In this connection one of the key pathfinders and masterminds for democratic system was John Locke John Locke's philosophical works can be seen as a part of the Enlightenment More and more thinkers examined the nature of existence the way of thinking the justification of religion and political power There were different streams in arguing and different points of views In this connection John Locke is considered one of the founders of the British Empiricists and also a very important representative and developer of the Social Contract Theory His ideas had huge influence on the development of epistemology and political philosophy and he is widely regarded as one of the most influential Enlightenment thinkers and contributors to liberal theory His writings influenced many Enlightenment philosophers as well as the American revolutionaries The objective of this paper is to highlight the basic ideas of John Locke's political philosophy To classify his philosophy and the way it was influenced it is necessary to give a short overview over the historic conditions and brief biography of Locke's life This is done in the second chapter Based on this the third chapter is dealing with Locke's political philosophy itself In this connection especially the reasons for forming a political society and the extent and share of political power are in the centre of this examination In the last chapter the influence of Locke's political philosophy on subsequent history and current political systems is pointed out

John Locke Geraint Parry, 2013-07-23 From earliest times Locke's writings have been the subject of controversy An intellectual caught up in the politics of late 17th century England his writings on politics reveal a man attempting to combine

an analysis of the underlying principles of society with a deep commitment to a specific political stance and party This study first published in 1978 explains why Locke s vision of political life has continued to fascinate political thinkers of many different persuasions

Revolutionary Politics and Locke's Two Treatises of Government Richard Ashcraft,2021-07-13 Richard Ashcraft offers a new interpretation of the political thought of John Locke by viewing his ideas especially those in the Two Treatises of Government in the context of his political activity Linking the implications of Locke s political theory with his practical politics Professor Ashcraft focuses on Locke s involvement with the radical Whigs who challenged the established order in England from the 1670s to the 1690s An equally important aim of the author is to provide a case study of a revolutionary movement that includes a discussion of its organization ideology socio economic composition and political activities Based upon a detailed examination of manuscripts diaries correspondence and newspapers Professor Ashcraft presents a wealth of new historical evidence on the political life of Restoration England This study represents an example of an approach to political theory that stresses the importance of authorial intentions and of the political social and economic influences that structure a particular political debate

The Mind of John Locke Ian Harris,1998-08-20 John Locke 1632 1704 is a central figure in the history of thought and in liberal doctrine especially This major study brings a range of his wider views to bear upon his political theory Every political theorist has a vision a view about the basic features of life and society as well as technique which mediates this into propositions about politics Locke s vision spanned questions concerning Christian worship ethics political economy medicine the human understanding revealed theology and education This study shows how the character of these wider concerns informed Two Treatises of Government especially in respect of a view of divine teleology and situated a distinctive view of politics which treated the state and the church in parallel terms

Locke's Two Treatises of Government Richard Ashcraft,2013-10-17 This volume guides the reader through a detailed examination of the text to an understanding of Locke s political ideas in relation to his writings on philosophy education religion and economics and the influence these ideas had upon eighteenth century political theorists The author shows how Locke carefully constructed his political perspective as a defence of the principles of natural rights constitutional government and popular resistance He offers an original interpretation of the Two Treatises emphasizing the specific ways in which Locke s political purposes in writing the work influence his discussion of such concepts as the state of nature property consent and tyranny The author discusses the historical and biographical context of the work and demonstrates how eighteenth century political thinkers developed or rejected aspects of Locke s political theory and summarizes important recent studies of Locke s work

The Second Treatise on Civil Government John Locke,2009-12-04 As one of the early Enlightenment philosophers in England John Locke sought to bring reason and critical intelligence to the discussion of the origins of civil society Endeavoring to reconstruct the nature and purpose of government a social contract theory is proposed The Second Treatise sets forth a detailed discussion of how civil society came to be and the nature of its inception Locke s

discussion of tacit consent separation of powers and the right of citizens to revolt against repressive governments has made The Second Treatise one of the most influential essays in the history of political philosophy *The Liberal Politics of John Locke* M. Seliger, 2019-08-01 Originally published in 1968 This book presents the synthesis of a coherent view of the Lockeian argument from his various works This tests the inner consistency of Locke s political theory against his own examples from history The layers of Locke s argumentation are analysed on metaphysics in the first part his attitude towards historical precedents in the second and in the third with the nature of the regime which he was ready to endorse This provides the guidelines for a comprehensive reassessment of the liberal tradition as well as an evaluation of what is still vital to it
