Bernardone is known for his profound piety. He is especially remembered for how he renounced worldly possessions in order to focus on spiritual things. At great personal risk he attempted to convert the Sultan in Egypt to end the Crusades. His Franciscan Order grew quickly in his time and has since birthed several other orders that persist to this day. He is known particularly for his love of the Eucharist. According to tradition he received the stigmata while in prayer in 1224 making him the first recorded saint to receive this blessing.

The Life and Prayers of Saint Francis of Assisi Wyatt North, 2012-06-22

One part biography one part prayer book. The Life and Prayers of Saint Francis of Assisi is an essential book for any Christian. Saint Francis of Assisi is quite possibly the most popular of all Christian saints. Perhaps it is his adoration for all living things or his unrelenting generosity that has made so many people open their hearts to him. Perhaps it is the deep conviction and piety expressed not only by the saint himself but in his name in the Franciscan orders throughout the centuries. Whatever the reason in a world that is quickly developing in a direction diametrically opposite to the saint's own simple asceticism, Saint Francis of Assisi still stirs strong emotions and compassion. How close he found God in the very nature around him is inspiring.

The Writings of Saint Francis of Assisi St. Francis of Assisi, 2021-10-15 Saint Francis is considered the first Italian poet by some literary critics. He believed commoners should be able to pray to God in their own language and he often wrote in the dialect of Umbria instead of Latin. Francis writing fully reflects his personality and spirituality, making them at once formidably mystic and exquisitely human. They combine great elevation of thought with much picturesqueness of expression. Through his prayers, correspondence and regulars, readers will connect and unite with one of the most beloved saints of the Catholic Church.
