Elayn Martin-Gay, 2016-03-02 Elayn Martin Gay's developmental math program is motivated by her firm belief that every student can succeed Martin Gay's focus on the student shapes her clear accessible writing inspires her constant pedagogical innovations and contributes to the popularity and effectiveness of her video resources This revision of Martin

Gay's worktext series continues her focus on students and what they need to be successful. This is the eBook of the printed book and may not include any media website access codes or print supplements that may come packaged with the bound book. **ALERT** Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab check with the seller before completing your purchase. Used or rental books: If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes: Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase.

Prealgebra and Introductory Algebra: An Applied Approach Richard N. Aufmann, Joanne Lockwood, 2013-02-15. As in previous editions, the focus in PREALGEBRA INTRODUCTORY ALGEBRA remains on the Aufmann Interactive Method (AIM). Students are encouraged to be active participants in the classroom and in their own studies as they work through the How To examples and the paired Examples and You Try It problems. Student engagement is crucial to success. Presenting students with worked examples and then providing them with the opportunity to immediately solve similar problems helps them build their confidence and eventually master the concepts. Simplicity is key in the organization of this edition, as in all other editions. All lessons, exercise sets, tests, and supplements are organized around a carefully constructed hierarchy of objectives. Each exercise mirrors a preceding objective, which helps to reinforce key concepts and promote skill building. This clear, objective-based approach allows students to organize their thoughts around the content and supports instructors as they work to design syllabi, lesson plans, and other administrative documents. New features like Focus on Success, Apply the Concept, and Concept Check add an increased emphasis on study skills and conceptual understanding to strengthen the foundation of student success. The Third Edition also features a new design enhancing the Aufmann Interactive Method and making the pages easier for both students and instructors to follow.
