Precious Liquid Drinking Water And Culture In The Valley Of Mexico:

A Precious Liquid Michael C. Ennis-McMillan, 2006 The text provides an ethnographic analysis of the social and cultural aspects of installing and managing a piped drinking water system in La Purificacion Tepetitla a community located in the densely populated and semiarid region of the Valley of Mexico The account shows how politics and culture shape community initiatives to develop adequate and equitable drinking water supplies in the Valley of Mexico s changing ecology The research is based on 22 months of ethnographic fieldwork carried out from 1993 to 2000 The book applies the culture concept to drinking water issues and furthers students understanding of human diversity in terms of economics ecological adaptation politics kinship gender ethnicity health beliefs and practices and religion and ritual **Water Culture in South**

Asia Suzanne Hanchett, Tofazzel Hossain Monju, Kazi Rozana Akhter, Shireen Akhter, Anwar Islam, 2014-11-30 Water is life in Bangladesh This book introduces the reader to the vast range of meanings that water has in this South Asian country Mythology ancient sciences folklore and language provide a cultural foundation for water s uses in the home One chapter is devoted to the problem of arsenic in drinking water Includes Glossary Bibliography 70 photos Index Reviews and Endorsements Interesting and important for anyone working in water in Bangladesh and world wide If only there were such books for all countries Joke Mulwijk Executive Director Gender and Water Alliance A group of authors have in this delightful book explored familiar cultural nuances nuances that generally escape the notice of policy makers sitting in distant headquarters formulating policies for villagers The authors have narrated myths related to ponds for instance Each aspect of cultural use has been described in so much detail and with such authenticity that but for the paucity of space one feels like reproducing the entire book here Conventionally policy makers always neglect the cultural aspects of any new product they have introduced But it became apparent that there were side effects of having water from tube wells people would get afflicted with skin diseases including cancer because of the arsenic content present in the water Even though the focus of this book is Bangladesh its lessons hold true for India and Pakistan as well another strong indication of how each of them share a common culture Professor Bidyut Mohanty Head Women s Studies Department Institute of Social Sciences New Delhi Review published in Social Change 2016 **In the Shadow of Tungurahua** A.J. Faas, 2022-10-14 In the Shadow of

Tungurahua is about villagers learning to co live with an active volcano while adapting to disasters largely produced by a protean state s attempts to settle and govern its rural margins It s also about people responding creatively to cooperate confront hardships and craft new futures through locally derived disaster recovery projects and politics **Indigenous Mexico Engages the 21st Century** Jay Sokolovsky, 2016-12-05 This innovative interactive ethnography employs a range of media to explore the lives of the residents of a village set in the rugged mountains overlooking Mexico City focusing on how these villagers react and adapt to a rapidly globalized world Students can view the evolving life of San Jer nimo Amanalco and its region over the past four decades through print web embedded and e reader enabled resources This book offers a

multimedia approach including archival images and documents original photographs audio recordings and extensive video incorporates ethnographic information gathered during the author s four decades of research in the region includes community members responses to the author s research through social media email and video taped comments A *Companion to the Anthropology of Environmental Health* Merrill Singer,2016-05-31 A Companion to the Anthropology of Environmental Health presents a collection of readings that utilize a medical anthropological approach to explore the interface of humans and the environment in the shaping of health and illness around the world Features the latest ethnographic research from around the world related to the multiple impacts of the environment on health and of societies on their environments Includes contributions from international medical anthropologists conservationists environmental experts public health professionals health clinicians and other social scientists Analyzes the conditions of cultural and social transformation that accompany environmental and ecological impacts in all areas of the world Offers critical perspectives on theoretical and methodological advancements in the anthropology of environmental health along with future directions in the field *Water Insecurity and Water Governance in Urban Kenya* Anindita Sarkar,2022-10-22 This book explores water service provisions of the urban poor in the cities of Africa with particular emphasis on Kenya and its capital city of Nairobi In particular the book addresses the insecurity of tenure and how the colonial segregation of land continues to shape water access and service provision even today in Nairobi The book seeks to understand how urban water management entails the production of thirst among the urban poor and documents how cultural norms political commitments and seemingly mundane practices of water managers combine to exclude the poor from accessing water Supporters of privatization argue that private companies may succeed where governments have failed in supplying water to the urban poor The author takes a closer look at this argument demonstrating the limitations of some of the current reforms whilst also exploring alternatives and solutions This book will be an invaluable reference for students researchers and practitioners working in this field **Water Planet** Camille Gaskin-Reyes,2016-10-24 Through case studies opposing viewpoints and primary documents this reference work examines the environmental and sustainability issues regarding water as well as how water is an intrinsic part of human culture Every culture and ecosystem on earth depends on water As the world s climate changes human culture is increasingly threatened by the seemingly opposite problems of having too little clean potable water and having too much water e g flooding melting polar ice caps and rising sea levels What are the solutions that humanity must collectively pursue to protect our ability to flourish on planet earth *Water Planet The Culture Politics Economics and Sustainability of Water on Earth* offers an unprecedented examination of the critical subject of water sustainability Its essays viewpoints case studies and documents show how this vital resource that many in first world countries take for granted is intricately woven into not only basic human survival but also cultural political and economic stability Readers will learn about topics such as flooding and drought the growing problem of water pollution the connections between water and gender including gender equity and

gender aspects of water ownership the effects of global temperature changes on the water supply concerns regarding fishing and overfishing water security and sustainable water management **Global Mental Health** Brandon A Kohrt,Emily Mendenhall,2016-07-01 While there is increasing political interest in research and policy making for global mental health there remain major gaps in the education of students in health fields for understanding the complexities of diverse mental health conditions Drawing on the experience of many well known experts in this area this book uses engaging narratives to illustrate that mental illnesses are not only problems experienced by individuals but must also be understood and treated at the social and cultural levels The book includes discussion of traditional versus biomedical beliefs about mental illness the role of culture in mental illness intersections between religion and mental health intersections of mind and body and access to health care is ideal for courses on global mental health in psychology public health and anthropology departments and other health related programs *Environmental Anthropology* Helen Kopnina,Eleanor Shoreman-Ouimet,2013-07-18 This volume presents new theoretical approaches methodologies subject pools and topics in the field of environmental anthropology Environmental anthropologists are increasingly focusing on self reflection not just on themselves and their impacts on environmental research but also on the reflexive qualities of their subjects and the extent to which these individuals are questioning their own environmental behavior Here contributors confront the very notion of natural resources in granting non human species their subjectivity and arguing for deeper understanding of nature and wilderness beyond the label of ecosystem services By engaging in interdisciplinary efforts these anthropologists present new ways for their colleagues subjects peers and communities to understand the causes of and alternatives to environmental destruction This book demonstrates that environmental anthropology has moved beyond the construction of rural small group theory entering into a mode of solution based methodologies and interdisciplinary theories for understanding human environmental interactions It is focused on post rural existence health and environmental risk assessment on the realm of alternative actions and emphasizes the necessary steps towards preventing environmental crisis **Joyce in the Belly of the Big Truck; Workbook** Joyce A.
