Southern Counterpart to Lewis & Clark Dan Louie Flores, 2002 In 1806 President Thomas Jefferson sent cartographer Thomas Freeman and botanist Peter Custis to explore the southern Louisiana Purchase westward to the Rocky Mountains Stopped by a Spanish army in what is today extreme southern Oklahoma they did not complete their mission President Jefferson minimized their failure by focusing instead on the success of their northern counterparts Lewis and Clark Hence the fame of Lewis and Clark and the virtual anonymity of Freeman and Custis until now thanks to editor Dan L Flores Dan Flores presents the primary documents created by Freeman and Custis during their ill fated attempt to explore the Louisiana territory and areas west of the Mississippi in 1806

The Caddo Indians Foster Todd Smith, 1995 In 1542 members of the thriving Caddo Indian culture came face to face with Luis de Moscoso successor to Hernando de Soto as leader of a Spanish exploration party That encounter marked a turning point for this centuries old people whose history would from then on be dominated by the interaction of the native confederacies with the empires of various European adventurers and settlers Much has been written about the confrontations of Euro Americans with Native Americans but most of it has focused on the Anglo Indian relations of the eastern part of the continent or on the final phases of the western wars This thorough and

engaging history is the first to focus intensively on the Caddos of the Texas Louisiana border area Primarily from the perspective of the Caddos themselves it traces the development and effect of relations over the three hundred years from the first meeting with the Spaniards until the resettlement of the tribes on the Brazos Reserve in 1854 F Todd Smith chronicles all three of the Caddo confederacies Kadohadacho Hasinai and Natchitoches as they consolidated into a single tribe to face the waves of soldiers traders and settlers from the empires of Spain France the United States Mexico and the Republic of Texas It describes the balance the Caddos struck with the various nations claiming the region and how that gradually evolved into a less beneficial relationship Caught in the squeeze between Euro American nations the Caddos eventually sacrificed their independence and much of their culture to gain the benefits offered by the invaders Falling victim to swindlers they at last lost their lands and were moved to a reservation
