THE UNSEEN KALKI : THE RISE OF TRIBAL WOMEN Dr. BINAY KR. PANDEY, 2025-06-19

My journey through the heart of Jharkhand began as an academic pursuit a mission to uncover the untold stories of the Santhal community and their rich cultural heritage But what started as a research project for my PhD transformed into something far deeper a profound encounter with a forgotten history an awakening to the resilience wisdom and hidden strength of tribal women who in their quiet dignity carry the essence of something ancient and powerful As I traversed the villages of Santhal Parganas I immersed myself in the lives of the people especially the women whose voices had long been muted in the grand narrative of history I sat with the elders listened to the laughter of children and shared countless cups of tea with the women who toiled under the sun in the fields bearing stories passed down through generations It was in these conversations among the red soil and the rolling hills of Jharkhand that I began to unravel something extraordinary The villagers especially the women told me stories that spanned across generations These were tales of gods and goddesses of spirits and supernatural beings of triumphs and struggles The mythological stories they shared were not simply folklore they were deeply interwoven with the rhythms of their everyday lives In the Santhal s oral traditions I found a unique blend of history and myth of personal experiences and divine interventions But it was the women s stories that stood out the most From the tales of Karam Baha a goddess once revered but now forgotten to the stories of brave women who faced oppression with quiet resilience I began to see a common thread between these folk tales and the stories from Hindu mythology that I had studied during my academic years I began to ask myself Could the Kalki the prophesied avatar of the future not be a female warrior riding a white horse as traditionally imagined in Hindu texts but rather a woman one who has been hidden in plain sight her power silenced by centuries of patriarchy This book is the result of that exploration *The Unseen Kalki The Rise of Tribal Women* is not just a collection of stories it is a journey of connection discovery and awakening It is the story of how the myth of Kalki the savior destined to end the dark age of Kaliyug may very well find its embodiment in the women of the Santhal tribes These women who for centuries have been oppressed marginalized and unheard are the true unsung avatars powerful resilient and capable of rising against all odds Through the eyes of the Santhal women I came to understand that Kalki is not a singular figure but rather a symbol of transformation one that has lived within these women all along in their courage in their stories and in their silent defiance against a system that seeks to suppress them In this book I have woven together the narratives I gathered from the villagers of Jharkhand stories of gods goddesses and spirits interspersed with the lives of modern day women whose experiences mirror the mythological struggles of the past The conversational format of these stories serves not only to bring these voices to life but also to connect the past and the present revealing how the spirit of Kalki lives on in the everyday struggles of tribal women As I reflect on my time spent in the villages of Jharkhand I realize

that this journey was not just an academic exercise but a spiritual awakening The women of the Santhal community are not just survivors they are warriors guardians of an ancient wisdom keepers of forgotten stories and perhaps the very embodiment of the Kalki prophecy itself In the pages that follow you will walk alongside me through the villages of Jharkhand hear the voices of the Santhal people and discover how in the most unexpected places the unseen Kalki rises not as a mythological figure of old but as a woman a mother a sister and a leader whose time has come This is their story And in many ways it is our story too

The Santhals of Bengal, India ,1894 **Witches, Tea Plantations, and Lives of Migrant Laborers in India** Soma Chaudhuri, 2013-08-15 *Witches Tea Plantations and Lives of Migrant Laborers in India* *Tempest in Teapot* is a unique book that brings together a holistic theoretical approach on the subject of witchcraft accusations specifically those taking place inside a tea workers community in India Using a combination of in depth and extensive qualitative methods and drawing on sociological anthropological and historical perspectives Chaudhuri explores how adivasi tribal migrant workers use witchcraft accusations to deal with worker management conflict Chaudhuri argues that witchcraft accusations can be interpreted as a periodic reaction of the adivasi worker community against their oppression by the plantation management The typical avenues of social protest are often unavailable to marginalized workers due to lack of organizational and political representation and resources As a result the dain witch becomes a scapegoat for the malice of the plantation economy Within this discourse witch hunts can be seen not as exotic and primitive rituals of a backward community but rather as a powerful protest by a community against its oppressors The book attempts to understand the complex network of relationships ties of friendship family politics and gender that provide the necessary legitimacy for the witch hunt to take place In most cases examined here seemingly petty conflicts within the villagers often escalate to a hunt At the height of the conflict the exploitative relationship between the plantation management and the adivasi migrant workers often gets hidden The book demonstrates how witchcraft accusations should be interpreted within this backdrop of labor planters relationship

characterized by rigidity of power patronage and social distance Witches Tea Plantations and Lives of Migrant Laborers in India should appeal to criminologists sociologists anthropologists labor historians gender scholars labor migration scholars witch hunt and witchcraft accusation global scholars adivasi scholars South Asian scholars and anyone interested in India's tribes witchcraft accusations gender in a global world labor conflict and Indian tea plantations **Narratives from the Margins** Sanjukta Das Gupta, Raj Sekhar Basu, 2012 Adivasis have principally been studied in the context of rebellion environmental history and the politics of identity However preoccupations with definitions and notions of identity while important in themselves tend to shift attention away from the inner lives of these communities This book deals with different aspects of the histories of adivasi communities from Rajasthan in the west to Bengal and Orissa in the east The essays in this book discuss a range of issues affecting the socio economic and cultural life of adivasis and explore the long term continuities and discontinuities between different political regimes They also reflect some of the new concerns that have come up relating to methodology and sources historiography and colonial concerns the impact of missionaries gender issues the agrarian situation famines and migration Some of the issues addressed in this volume are the genesis and development of tribal studies in India during the colonial period the peasantization of adivasi groups and their assimilation within the Hindu caste fold as reflected in Tulsidas Ramcharitmanas the work of the Protestant missions among the Santals of Chotanagpur the social and ritual relations between the Bhils and the Rajput ruling dynasties of Dungarpur in southern Rajasthan the aspect of agrarian change among the Hos of Singhbhum the factors behind the migration from Chotanagpur its nature and organization and its impact upon the adivasi village community the question of women's agency in colonial Chotanagpur and an exploration of land rights witchcraft employment patterns and how women challenged patriarchy in their everyday lives and the impact of globalisation and liberalization upon adivasis in contemporary India The book will be of use to students and scholars of history anthropology and sociology and also to policy planners *The Poet's Song* Priyanka Basu, 2023-08-27 This book explores the folk performance genre of Kobigaan a dialogic song theatre form in which performers verse duel in contemporary West Bengal in India and Bangladesh The book shows how the genre thought to be a nearly extinct form is still prevalent in the region The author shows how like many other folk practices in South and South East Asia the content and format of this genre has undergone vital changes thus raising questions of authenticity patronage and cultural politics She captures live performances of Kobigaan through ethnographies spread across borders from village rituals to urban festivals and from Bengali cinema to television and new media While understanding Kobigaan from the practitioners' points of view this book also explores the crucial issues of gender marginalisation and representation that are true of any performance genre Drawing on case studies it underlines the issues of artistic agency empowerment cultural labour and heritage rituals authenticity creative industries media gender and identity politics Part of the South Asian History and Culture series this book is a major intervention in South Asian folklore and performance studies It also expands into the larger disciplines of

Scroll Paintings of Bengal Amitabh SenGupta, 2012-06-14 The art of vernacular painting in India is not only varied and rich but also intriguing for several reasons With such observations the book addresses certain issues like the validity of the historical information on Indian Art that excludes vernacular trends The information on vernacular art in India has either been ignored such as in ancient literary discourses or inadvertently misconstrued within the theoretical purviews of modern days If the hierarchy of the Hindu caste system has marginalised the culture of the lower rung groups the lexicon of twentieth century anthropological studies has

seen this art as material evidence of undeveloped societies both creating the same value to be patronised but not art Can art be weighed on a scale of development Arguments have been developed within the specific focus on scroll paintings by the itinerant painter bards in Bengal The bardic tradition has been known to exist in India since a pre Christian era and still continues within two vibrant trends of vernacular art forms Bangla and Santhal pat The book redefines and repositions the notion of art with contemporary folk art As the picture Plates are self evident the book draws attention on a world of art that has not been present in Indian Art History Behind the Mask Anindita Mukhopadhyay,2006-10-06 This book investigates the deeper area of class antagonism between the privileged and underprivileged classes as they faced the colonial state and its different ideas of legality and sovereignty in colonial Bengal It examines the ambiguity in the bhadralok the educated middle class response to courts and jails The author argues that the discourse of superior bhadralok ethics and morals was juxtaposed against the chhotolok who were devoid of such ethical values This enabled the bhadralok to claim for themselves the position of the aware legal subject as a class a good subject obedient to the dictates of the new rule of law unlike the recalcitrant and ethically ill equipped chhotolok The author underlines the development of a new cultural language of morality that delineated the parameters of bhadralok public behaviour As the rule of law of the British government slid unobtrusively into the public domain the criminal courts and the jails turned into public theatres of infamy spaces that the ethically bound bhadralok dreaded occupying The volume thus documents how the colonial legal and penal institutions streamlined the identities of some sections of the lower castes into criminal caste It also examines the nature of colonial bureaucracy and highlights the social silence on gender and women s criminality **Primitive Tribal (PVTGs) of Central India** S.N. Chaudhary,2016-01-01 Particularly Vulnerable Tribal Groups PVTGs are more backward and under developed in comparison to other tribes in terms of their socio economic and health status Over the time various institutional and voluntary efforts have been made for their upliftment Their exposures to outside world have also increased over the period Articles covered in this volume make attempt to examine impact of these initiatives on their status from human rights and social justice point of view Attempts have been made to present comprehensive picture of their condition with the help of both Book View and Field View The book will be quite useful for planners researchers and change agents working in the area of tribal development *State, Society, and Tribes* Virginius Xaxa,2008
