

"Anyone who wants to know the best in contemporary poetry can't do better than start with Timothy Steele. Among those younger American poets still working in time-scarce forms, he stands clearly preeminent. For all their technical brilliance, how so rare, these poems don't merely show off; they say intelligent things triumphantly, in words that look dug in to endure."

—X. J. Kennedy

"Timothy Steele seems to me one of the very best young poets now writing. He has an easy, unforced mastery of form...and that truth and warmth of feeling which is sometimes denied to the formalist; and he has an exceptional range of themes and tone, encompassing the homely and the sophisticated."

—Richard Wilbur

"Timothy Steele's poems are energetic at all points, and good without being heavy. I can't think of any poet active in this country who writes constant poetry so well. He speaks to me as a contemporary, and I never feel he has chosen to do so in meter for any other reason than that by doing so he can make his speech more forceful."

—Thom Gunn
