Young Lord of Khadora (Forgotten Legacy #1) Richard S. Tuttle,2001-07-07 Ages ago the continent was invaded by massive armies intent on creating a new home for themselves The peaceful indigenous peoples fled before the marauding hordes and hid defiantly in the mountain peaks awaiting a signal from god They learned the arts of magic and warfare as they hid from the intruders who divided the land amongst themselves and set up a civilization where

the many toil and slave for the elite few The Forgotten Legacy series begins with Young Lord of Khadora as Marak a young soldier in the service of one of the clans of Khadora is chosen as a sacrifice for the benefit of his lord Marak is sent on a fool's mission to defeat one of the small bands of indigenous people known as the Chula a race of dreaded cat people Marak however is not your normal clan soldier His mother is a mage slave to the clan lord and his father is unknown presumed dead What makes Marak different though is his abhorrence for Khadoran culture a society that feeds on the helpless and victimizes all but the most wealthy and powerful Refusing to accept his given role in life Marak sets out to change the very fabric of society The young soldier has a brilliant military mind and warrior skills that so far have not been bested but his real weapons are the resources that Khadoran society discards In Khadora mages are typically slaves who tend the fields often thought of as little more than farm implements The average Khadoran soldier is taught to follow orders and not think The workers on the clan estates are treated barely better than the slaves Marak intends to use a secret weapon to not only accomplish the futile mission he is sent on but to start a reform of the entire society His weapon is compassion and it is an emotion that has long been dead in Khadora It is a fine edge that Marak must walk to stay alive While not knowing how a populace will react to his endeavors Marak has little doubt what the reactions of the clan lords will be Marak will have to defend himself against rival clan lords fearful of his efforts the dreaded cat people who hate all Khadorans and even his own clan to whom he owes his very life and allegiance *Web of Deceit (Forgotten Legacy #3)* Richard S. Within these pages I lay pen to paper a perfect recounting of our adventures that changed the very fate of our world These words were taken from my journal which I kept during these adventures I know that many will believe this is just some fantasy novel written by some random person but I assure you it is not Believe me the tale I have to tell did happen in a realm

somewhere near or distant but no less real These are the first chapters of the Legacy we fought to protect against an overwhelming dark army and their masters A Legacy Remembered Donna Mauk,2014-08-25 Jennifer Lund was on a quest for answers to some of life's most enduring and unresolvable questions Why am I here Have I been here before Who was I Jennifer had a unique predisposition for psychic experiences which had surfaced in childhood But she began to suspect that these brief encounters with the unknowable might be more than they appeared Now a middle aged professional administrator she has managed to dismiss her somewhat inconvenient abilities But on the day she suddenly and inexplicably becomes terrified of her own husband she begins a quest for answers that leads her back in time Finding herself as a young child daughter of a cobbler in a small Basque village during the early nineteenth century Carlist Wars the events of that lifetime unfold casting shadows upon the present and the choices that both she and her skeptical therapist are about to make Her journey weaves itself through pre Christian Basque mythology and nineteenth century French history to present day psychology and back again Is it merely a creation of her mind or is she calling up memories from another time Another place Another life Legacy of Chaos: A Demonica Birthright Novel Larissa Ione,2024-12-03 The legacy continues It's a gritty new world Three decades after the events of REAPER the world is a different place The secret is out The existence of demons vampires shapeshifters and angels has been revealed and humans are struggling to adapt Out of the chaos The Aegis has risen to global power on the promise of containing or exterminating all underworlders even if that means ushering in the End of Days Standing in their way is the next generation of warriors the children of demons and angels and the Four Horsemen of the Apocalypse See how they become legends in their own right Legacy of Chaos Stryke son of Shade and Runa grew up a happy well adjusted incubus alongside his four brothers A supergenius he took an interest in science and technology at an early age with a dream of joining NASA until a moment of carelessness resulted in the death of his little brother Unable to forgive himself and desperate to prevent a similar tragedy from happening to others he started up his own anti demon tech company and sequestered himself behind its walls Now he's a household name and one of the wealthiest people on the planet Cyan a technomancer who works as a cybersecurity expert for DART lost her best friend to a weapon designed by Stryke's company She's hurt angry and wants revenge So when an opportunity to work with Stryke on a project arises she jumps at the chance to help DART and make Stryke's life miserable At first Cyan and Stryke butt heads about everything But she soon finds that deep down he's desperately wounded and willing to sacrifice everything including his family to achieve his goals Can she help him heal before he destroys himself and everyone around him **The Jaynes Legacy** Lawrence Wile,2018-01-03 Julian Jaynes 1976 book *The Origins of Consciousness in the Breakdown of the Bicameral Mind* continues to arouse an unsettling ambivalence Richard Dawkins called it either complete rubbish or a work of consummate genius nothing in between The present book suggests that the bicameral mind is a phantasm the dating of the origin of consciousness contradicts archeological and literary evidence and the theory contributes nothing toward explaining why some physical

states are conscious while others are not because the nonconscious bicameral brain is neurophysiologically equivalent to the conscious brain However the author pays tribute to Jaynes s work as a work of consummate genius because it compels us to re evaluate the significance of humankind s earliest traditions and texts that might shine light on the very suspicious totem of evolutionary mythology that consciousness has evolved continuously and gradually from worms to man The present book suggests that the evolution of the relationship between consciousness mass energy and spacetime radically changed nearly 6 000 years ago during the epigenetic evolutionary degeneration of a little known threadlike structure originating from the center of the central nervous system called Reissner s fiber The earliest Egyptian Hebrew Indian and Chinese traditions buried beneath the dust of fallen Babel and thousands of years of distortions and disguisings describe this process during the origin of religion and mystical traditions
