

The background of the cover is a painting of a young woman, Sarah Bishop, standing on a rocky shore. She is wearing a blue dress and a white shawl, and she is holding a long rifle. The painting is done in a style that uses broad, expressive brushstrokes, with a color palette dominated by blues, greens, and browns. The overall mood is somber and historical.

Illusive Shadows Lloyd E. Chiasson, 2003-11-30 As Chiasson and his contributors illustrate trials are media events that can have long reaching significance They can and have changed the way people think how institutions function and have shaped public opinions While this collection on ten trials is about witchcraft slavery religion and radicalism it is in many ways the story of America Trials are the stuff of news Those rare moments when justice or a reasonable facsimile is meted out And what offers up more high drama or melodrama than a highly publicized trial Most news events enjoy short life spans They happen they are reported they are quickly forgotten As Chiasson and his contributors make clear a trial often is a lingering living thing that builds in tension It is every once in a long while a modern Shakespearean drama with a twist The audience becomes members of the cast because every once in a long while society finds itself the defendant Trials can have lasting importance beyond how the public perceives them A trial can have long reaching significance if it changes the way people think or how institutions function or shapes public opinion Ten such American trials covering a span of 307 years are covered here In each the sociological underpinnings of events often has greater significance than either the crime or the trial The ten trials included are the Salem witch trials the Amistad trial the Sioux Indian Uprising trials the Ed Johnson Sheriff Shipp trial the Big Bill Haywood trial the Ossian Sweet trial the Clay Shaw trial the Manuel Noriega trial and the Matthew Shepard trial While the book is about ten crimes the subsequent trials and the media coverage of each it is also a book about witchcraft about religion slavery and radicalism It paints portraits of a racist America a capitalistic America an anarchist America It relates compelling tales of compassion greed stupidity and hate beginning in 17th century colonial times and ending in present day America In many ways it is the story of America
