Sarah Wentworth Mistress Of Vacluse:

Sarah Wentworth, Mistress of Vacluse Carol Liston, 1988 **Scandal In The Colonies** McKenzie, Kirsten, 2013-06-18
In 1830s Sydney a visiting aristocrat Viscount Lascelles is exposed as a former convict In Cape Town during the same decade veiled accusations of incest and murmurs about a concealed pregnancy surround the family of the Chief Justice Sir John Wylde In these British colonies the divide between the respectable and the disreputable is not as vast as might first appear Rumour and hearsay muddy the lines between public and private worlds and ensure that secret transgressions do not remain secret for very long Scandal in the Colonies explores how colonial societies offered European settlers the opportunity to invent new identities an opportunity exploited with a vengeance But as people goods and correspondence crossed the imperial realm scandal was never far behind In this lively and richly researched book Kirsten McKenzie uncovers the hidden stories of two port towns that were rife with gossip and dubious reputations She argues that scandal influenced imperial policy and became a key element in the emergence of societies divided by class and race Touching on themes such as masculinity and commercial culture female sexuality in civil litigation and gossip in political culture McKenzie offers a fresh and engaging approach to colonial history *Colonial Ambition* Peter Cochrane, 2016-10-18 Colonial Ambition tells the story of the politicians and would be politicians of Sydney who were driven by a determination to lift themselves and their new colony to a higher level They wanted parliamentary liberty though they were sharply divided over the form it might take and these divisions centred in Sydney were unrelenting Peter Cochrane tells of the fight for responsible government and democracy through a memorable cast of characters W C Wentworth Sir George Gipps Robert Lowe Lord Howick Earl Grey Henry Parkes Charles Cowper Lord John Russell and more all of whom speak for themselves in the robust language of the day Written with great brio and verve Peter Cochrane has brought to life the various players in a way that is very rare in the writing of Australian history Colonial Ambition is testament that Australia does have a rich and exciting political history

Pictorial History Eastern Suburbs Alan Sharpe, Joan Lawrence, 1999 Packaging The Past? John Rickard, Peter Speerit, 2014-02-28 In this book a special edition of the journal Australian Historical Studies essays by leading academic and freelance historians look at the newest trends in teaching and appreciating the past **The Europeans in Australia** Alan Atkinson, 2016-07-01 It is the duty of historians to be wherever they can accurate precise humane imaginative using moral imagination above all and even handed Alan Atkinson The second of three volumes of the landmark award winning series The Europeans in Australia gives an account of early settlement by Britain It tells of the political and intellectual origins of this extraordinary undertaking that began during the 1780s a decade of extraordinary creativity and the climax of the European Enlightenment Volume Two Democracy takes the story from around 1815 to the early 1870s By exploring the nineteenth century communications revolution Atkinson casts new light on the way Australia first found its place in a global world This volume is more than a story of geography and politics It describes the way people thought and felt Throughout the trilogy

Atkinson traces subtle and sudden shifts of common imagination by analysing the lives of both powerful and ordinary Australians. He sets out the ideas and the imagery that moved and marked the people. This book like all his work is grounded in thorough and rigorous scholarship yet imbued with compassion and insight. Written from the inside it is as he says history caught up with the flesh and memory it describes. The culmination of an extraordinary career in the writing and teaching of Australian history. The Europeans in Australia grapples with the Australian historical experience as a whole from the point of view of the settlers from Europe. Ambitious and unique it is the first such large single author account since Manning Clark's *A History of Australia*. *The Cambridge Legal History of Australia* Peter Cane, Lisa Ford, Mark McMillan, 2022-08-18

Featuring contributions from leading lawyers, historians and social scientists, this path-breaking volume explores encounters of laws, people and places in Australia since 1788. Its chapters address three major themes: the development of Australian settler law in the shadow of the British Empire; the interaction between settler law and First Nations people; and the possibility of meaningful encounter between First laws and settler legal regimes in Australia. Several chapters explore the limited space provided by Australian settler law for respectful encounters, particularly in light of the High Court's particular concerns about the fragility of Australian sovereignty. Tracing the development of a uniquely Australian law and the various contexts that shaped it, this volume is concerned with the complexity, plurality and ambiguity of Australia's legal history.

John Oxley Rob Tickle, 2020-02-01. This immaculately and painstakingly researched book, through its biographies of Oxley, Evans, Fraser and Harris, explains the impulses that drove these men to explore and map the colony to collect, identify and categorise its flora. But it succeeds in doing more than that because it also elucidates the motivations that drove them to become colonial entrepreneurs, farmers and businessmen who, in the pursuit of individual wealth, advanced colonial prosperity. This important book makes an invaluable contribution to our understanding of Australia's European origins. Emeritus Professor Richard Waterhouse. *"Ballycurragh to Tasmania 1649 - 1868" Grey Family and Innes Clan. Volume One* Ian Broinowski, 2018-09-04. This is a narrative about three Gray families and their new lives in their chosen home of Van Diemen's Land in the late 1820s. There are two volumes: the first written by Kate Dougherty in the early 1950s and the second, more recently, by her great nephew Dr Ian Broinowski. The former sees the world through the eyes of the four Grey girls who arrived in 1829. Their preparation for such an adventure to a remote colony 12,000 miles from Ireland was to be sent to finishing school in Paris to learn music, dancing and French. Necessary attributes for catching a suitable husband. We are given a unique insight into their ethos, loves and losses while living on their property Eastbourne near Avoca. It is both entrancing and revealing. On their way out, Margaret is proposed to by the Governor of Rio de Janeiro but realises in time that her future residence would provide all the comforts of a harem. Fifteen-year-old Catherine is forced to cut off the finger of her groom and falls in love with William Talbot, who gives her a Claddagh ring passed down from Queen Elizabeth I. Elizabeth meets young Frederick Maitland Innes, who eventually becomes Premier of Tasmania, and whose family line is also

followed Volume Two offers background to the social and economic theatre on which their lives are staged Their family journey originated centuries before in Ireland during the tumultuous English Civil War when their ancestor Lt Colonel John Grey stepped ashore at Ringsend Dublin as part of Cromwell s Army on the 15th August 1649 It goes onto explore the many events since which have steered and influenced the lives of one family and its descendants **Transition** ,1996
