SAS Jungle Survival Barry Davies, 2013-01-08 When we think of jungles we often think of a densely forested area with thick foliage this is what is known as a primary jungle But jungles can also include swamps grasslands and cultivated areas Primary jungles can fall into the category of either a tropical rain forest or a deciduous forest depending on the types of trees and plants found growing there A tropical rain forest is typified by having tall trees whose upper branches interlock to form canopies Yet of all the environments in which man has to survive the jungle offers the best chance The SAS have operated in the jungle for years sometimes staying in the forest for months at a time They developed a technique whereby they had two sets of clothing one for daytime use and one for night Just before they went to sleep they would change from their wet clothing which was normally hung under the shelter to dry out In the morning they would change from their dry clothing and put on the wet It is an uncomfortable change but one that guaranteed a good night's sleep in dry clothing The SAS Guide to Jungle Survival will teach the reader to come to terms with the jungle environment understand it and work with it as opposed to fighting it The jungle forest can provide

shelter food and water in abundance and this book will show you how If the jungle offers any problems it is with disease and wild animals The SAS Guide to Jungle Survival will show you how to avoid and resist both and come out alive **The SAS Personal Survival Handbook** John Wiseman,2000-07-01 With the clarity common sense and directness you would expect from the SAS s former Chief Survival Instructor Lofty Wiseman shares the skills he has perfected over a 26 year career taking the reader through the essentials for combatting the problems and stresses of urban life for you and your family The handbook shows how to make and keep your home and avoid domestic accident or injury It shows the dangers of DIY tools chemicals and poisonous plants in your home and garden and gives help and strategies for home security and fire prevention
