which is critical to the twenty first century war business makes every diamond a blood diamond Blood diamonds provide the ultimate money laundering opportunity for organised crime while the Israeli war business thwarts efforts at peaceful resolution of conflict Israel itself has become a promised land for organised crime where assassinations money laundering and other criminal activities are justified in the national interest Crawford Browne shows in this well researched and hard hitting book that the international war business and the corruption it unleashes is completely out of control     **The Last Letters** Jesús S.
