The Making of Bigfoot Greg Long, 2004-03 Bigfoot Huge hairy foul smelling this legendary apelike

animal continues to captivate the public's imagination. This fascination hinges on a single piece of motion picture film shot in northern California in 1967. For thirty-five years, Bigfoot believers have been convinced that this sixty-second piece of film proves the physical reality of Bigfoot. But now comes a book that demolishes that belief that produces final proof that the film footage is a hoax. *The Making of Bigfoot* tells the amazing story of Roger Patterson of Yakima, Washington. A part-time rodeo rider, chronically unemployed and dying of cancer, Patterson propelled himself into short-lived fame and fortune by exploiting his obsession with the Bigfoot subject and leveraging his expertise in manipulating and conning people to pull off one of the world's great hoaxes. Living within two hours of Patterson's hometown for three years, paranormal investigator and author Greg Long interviewed more than forty witnesses in Yakima who knew Patterson intimately. The voices of these witnesses combined with facts unearthed from newspaper archives, books, and court documents tell the real story of Roger Patterson. Both tragic and comical, a unique slice of Americana, *The Making of Bigfoot* captures the testimony of a colorful cast of characters who bring to life a man and a time in the 1960s when Bigfoot strode into the American imagination and the world embraced a myth.

Bigfoot! Loren Coleman, 2009-11-24. For years, scientists and researchers have studied, speculated about, and searched for an enigmatic creature that is legendary in the annals of American folklore. Now learn the truth about BIGFOOT. In this fascinating and comprehensive look at the fact, fiction, and fable of the North American Sasquatch, award-winning author Loren Coleman takes readers on a journey into America's biggest mystery: could an unrecognized ape be living in our midst? Drawing on over forty years of investigations, interviews, and fieldwork on these incredible beasts, Coleman explores the modern debates about these powerful ape-like creatures, why they have remained a mystery for so long, and what we can learn about ourselves from these animals, our nearest cousins. From reports of Bigfoot's existence found in ancient Native American traditions to the controversial Patterson-Gimlin film of a Bigfoot in the wild to today's Internet sites that record the sightings almost as soon as they occur, Coleman uncovers the past, explains the present, and considers the future of one of the greatest unsolved mysteries in the natural world.

Night Club & Bar, 2004-07. **Bigfoot** Joshua Blu Buhs, 2009-08-01. Last August, two men in rural Georgia announced that they had killed Bigfoot. The claim drew instant, feverish attention, leading to more than 1,000 news stories worldwide, despite the fact that nearly everyone knew it was a hoax. Though Bigfoot may not exist, there's no denying Bigfoot mania. With *Bigfoot*, Joshua Blu Buhs traces the wild and woolly story of America's favorite homegrown monster. He begins with nineteenth-century accounts of wildmen roaming the forests of America, treks to the Himalayas to reckon with the Abominable Snowman, then takes us to northern California in 1958 when reports of a hairy hominid loping through remote woodlands marked Bigfoot's emergence as a modern marvel. Buhs delves deeply into the trove of lore and misinformation that has sprung up around Bigfoot in the ensuing half-century. We meet charlatans, pseudo-scientists, and dedicated hunters of the beast, and with Buhs as our guide, the focus is always less on evaluating their claims than on understanding why Bigfoot has inspired all this drama and devotion in the first place. What

does our fascination with this monster say about our modern relationship to wilderness individuality class consumerism and the media Writing with a scientist's skepticism but an enthusiast's deep engagement Buhs invests the story of Bigfoot with the detail and power of a novel offering the definitive take on this elusive beast *The Serial Killers Club* Jeff Povey, 2007-06-01 When our hero finds himself in the path of a serial killer he somehow manages to defend himself and give the blood thirsty madman a taste of his own medicine But when he goes through the dead man's wallet he finds a mysterious personal ad inviting him to join a party hosted by Errol Flynn What begins with passing curiosity soon becomes uncontrollable obsession as our hero becomes acquainted with 18 killers Their game to share the thrill of the hunt and to make sure no two members choose the same two victims To protect their identities they have all chosen names of old Hollywood stars and before long our hero becomes Douglas Fairbanks Jr But he has no intention of following the rules With a government special agent on his trail who will soon become his partner in crime Dougie plans to knock off the killers one by one from Carole Lombard to Chuck Norris to Laurence Olivier and Cher But what happens when the stars notice their numbers dropping **The Single Undead Moms Club** Molly Harper, 2015-10-27 Pocket Books paranormal romance Spine
