Satanic Affair:

After Satan Martine Hennard Dutheil de la Rochère, Kirsten Stirling, 2010-07-12 This volume is the result of a collective desire to pay homage to Neil Forsyth whose work has significantly contributed to scholarship on Satan This volume is after Satan in more ways than one tracing the afterlife of both the satanic figure in literature and of Neil Forsyth's contribution to the field particularly in his major books *The Old Enemy* Satan and the Combat Myth Princeton University Press 1987 revised 1990 and *The Satanic Epic* Princeton University Press 2003 The essays in this volume draw on Forsyth's work as a focus for their analyses of literary encounters with evil or with the Devil himself reflecting the richness and variety of contemporary approaches to the age old question of how to represent evil All the contributors acknowledge Neil Forsyth's influence in the study of both the Satan figure and Milton's *Paradise Lost* But beyond simply paying homage to Neil Forsyth the articles collected here trace the lineage of the Satan figure through literary history showing how evil can function as a necessary other against which a community may define itself They chart the demonised other through biblical history and medieval chronicle Shakespeare and Milton to nineteenth century fiction and the contemporary novel Many of the contributors find that literary evil is mediated through the lens of the Satan of *Paradise Lost* and their articles address the notion raised by Neil Forsyth in *The Satanic Epic* that the literary Devil figures under consideration are particularly interested in linguistic ambivalence and the twisted texture of literary works themselves The multiple responses to evil and the continuous reinvention of the devil figure through the centuries all reaffirm the textual presence of the Devil his changing forms necessarily inscribed in the shifting history of western literary culture These essays are a tribute to the work of Neil Forsyth whose scholarship has illuminated and guided the study of the Devil in English and other literatures Text and Trauma Ian Richard Netton, 2012-12-06 An essay in literary criticism with a difference addressing the nature of blasphemy and using selected novels by Salman Rushdie Najib Mahfuz and Nikos Kazantzakis as case studies **The Power of the Story** Michael Hanne, 1996 A spirited well researched volume This highly readable study is an impressive work of contemporary criticism richly deserving its intended general and academic audiences Choice *Offspring Fictions* Matt Kimmich, 2008-01-01 *Offspring Fictions* Salman Rushdie's Family Novels is the first book length study that examines families and especially the parent child relationship in Rushdie's core works It argues that Sigmund Freud's concept of the family and the author's variations thereon are central to a full understanding of the four novels *Midnight's Children* *Shame* the controversial *The Satanic Verses* and *The Moor's Last Sigh* a quasi sequel to Rushdie's first success Through close readings that make use of a variety of critical approaches *Offspring Fictions* provides a sustained examination of how the parents and children that people Rushdie's fictions reflect the larger issues his work is concerned with nationalism religion history and authorship Aimed primarily at academics and students but also of interest to the general reader *Offspring Fictions* provides a clear and insightful analysis of Rushdie's family tetralogy Islam and Postcolonial Narrative John Erickson, 1998-09-24 In
