His miracles and teachings are still a great mystery to even those who are acquainted with Him. Source of the Dream is thoroughly researched and gives an objective appreciation of Sai Baba's teachings about spirituality and modern science. Priddy gives an in-depth analysis of Sai Baba's miraculous actions and words. He includes investigations he made with the late professor N. Kasturi, Sai Baba's official biographer, into how Sai Baba's earlier teachings have been written or recorded, edited, translated, published, and authenticated. Some common misunderstandings about interpretation and application of the teachings and of Baba's own words are discussed. Priddy included color photographs of Sai Baba and some of His miraculous manifestations. Robert Priddy shares his experiences, both subtle and direct, which ultimately led him to a life transformation. He appeals to both devotees and newcomers to Sai's teaching, explaining how Sai Baba reaches out to those in need over great distances and what it's like to visit Sai Baba's ashram and attend an interview with Him. For devotees, Priddy shares his accounts of Sai's emanation of mystery and grace with balanced reflections upon their likely purpose and meaning.

**The Hagiographer and the Avatar** Antonio Rigopoulos, 2021-04-01 In this biographical study, Antonio Rigopoulos explores the fundamental role of a hagiographer within a charismatic religious movement. In this case, the postsectarian cosmopolitan community of the Indian guru Sathya Sai Baba. The guru's hagiographer, Narayan Kasturi, was already a distinguished litterateur by the time he first met Sathya Sai Baba in 1948. The two lived together at the guru's hermitage, more or less continuously, from 1954 up until Kasturi's death in 1987. Despite Kasturi's influential hagiography, Sathya Sivam Sundaram, little scholarly attention has been paid to the hagiographer himself and his importance to the movement. In detailing Kasturi's relationship to Sathya Sai Baba, Rigopoulos emphasizes that the hagiographer's work was not subordinate to the guru's definition of himself. Rather, his discourses with the holy man had a reciprocal and reinforcing influence, resulting in the construction of a unified canon. Furthermore, Kasturi's ability to perform a variety of functions as a hagiographer successfully mediated the relationship between the guru and his followers. Drawing on years of research on the movement, as well as interviews with Kasturi himself, this book deepens our understanding of this important pan-Indian figure and his charismatic religious movement.

**ENCOUNTERS with GOD** William K. Dorrance, 2025-05-20 Read this book to learn facts which support religious beliefs: why and how God communicates with humanity; why bad things happen to good people; about the evidence for God, souls, and an afterlife; why the evidence is ignored by science and Christianity; about the continuation of thinking, seeing, and hearing near-death experiences when the body is clinically dead; what mediums, channeling, and between-lives regression reveal about life after death; what the experience of empathy reveals about you; about contemporary Jesus-like spiritual teachers; where and how to experience your soul; why human behavior, wars, conflicts, and crimes have not improved despite science's achievements.
