Vasanthakumar,2024-07-22 When racial and sexual injustice have been reduced we shall still be left with the grave injustice of the smart and the dumb Thomas Nagel Education achieves many things it pulls people out of poverty enables socio economic mobility and promises a route to dignity But what does education mean to different people what does it do and whose needs are being met by education Even as globalization and formal education have established themselves as

unquestionable truths only a privileged few have cornered its benefits In this process education is being reconceived and its promises are being rewritten Today there clearly is more to education than going to school getting credentials and getting a job This book is an attempt to capture what this more is by exploring education s connections to caste class and gender and understanding how they affect the promise of education In documenting the fractured realities of the many children who want guns for Christmas and the psychological trauma of conflict in Manipur how a ban on toddy tapping affects educational choices in Tamil Nadu or why a grandmother chose to get her fifteen year old granddaughter married to a seventeen year old truck driver in rural Rajasthan and many such stories this book attempts to paint a portrait of the political and cultural processes that affect education
