Saul Bellow Against The Grain:

Saul Bellow Against the Grain Ellen Pifer, 1991-06 Pifer contends that Bellow's fiction is fundamentally radical. Going against the grain of contemporary culture and its secular pieties, he undermines accepted notions of reality and challenges the orthodoxies created by materialist values and rationalist thought. Charged by his belief in the soul, his 10 novels test the assumptions of traditional realism. Pifer stresses the importance to Bellow of the invisible world, the longing for revelation and the capacity to love and to suffer. She also shows how Bellow's hero is a man torn between his modern predilection for secular rationalism and a primordial attachment to the soul and how he is led to demolish reigning idols of contemporary thought and culture. ISBN 0 8122 8203 5 29 95 The Cambridge Companion to Saul Bellow Victoria Aarons, 2017 This book demonstrates the complexity of Bellow's work by emphasizing the ways in which it reflects the changing conditions of American identity Saul Bellow Mark Connelly, 2016-03-29 A three-time National Book Award for Fiction winner, Saul Bellow (1915-2005) is one of the most highly regarded American authors to emerge since World War II. His 60-year career produced 14 novels and novellas, two volumes of nonfiction, short story collections, plays, and a book of collected letters. His 1953 breakthrough novel *The Adventures of Augie March* was followed by *Seize the Day* (1956), *Herzog* (1964), and *Mr Sammler's Planet* (1970). His *Humboldt's Gift* won a Pulitzer Prize in 1976 and contributed to his receiving the Nobel Prize for Literature that year. This literary companion provides more than 200 entries about his works, literary characters, events, and persons in his life. Also included are an introduction and overview of Bellow's life, statements made by him during interviews, suggestions for writing and further study, and an extensive bibliography The Life of Saul Bellow, Volume 1 Zachary Leader, 2015-05-05 For much of his adult life, Saul Bellow was the most acclaimed novelist in America, the winner of among other awards the Nobel Prize in Literature, three National Book Awards, and the Pulitzer Prize. *The Life of Saul Bellow* by the literary scholar and biographer Zachary Leader marks the centenary of Bellow's birth as well as the tenth anniversary of his death. It draws on unprecedented access to Bellow's papers, including much previously restricted material, as well as interviews with more than 150 of the novelist's relatives, close friends, colleagues, and lovers, a number of whom have never spoken to researchers before. Through detailed exploration of Bellow's writings and the private history that informed them, Leader chronicles a singular life in letters, offering original and nuanced accounts not only of the novelist's development and rise to eminence but of his many identities as writer, polemicist, husband, father, Chicagoan, Jew, American. The biography will be published in two volumes. The first volume, *To Fame and Fortune, 1915-1964*, traces Bellow's Russian roots, his birth and early childhood in Quebec, his years in Chicago, his travels in Mexico, Europe, and Israel, the first three of his five marriages, and the novels from *Dangling Man* and *The Adventures of Augie March* to the best-selling *Herzog*. New light is shed on Bellow's fellow writers, including Ralph Ellison, John Berryman, Lionel Trilling, and Philip Roth, and on his turbulent and influential life away from the desk, which was as full of incident as his fiction. Bellow emerges as a compelling character, and Leader's powerful accounts of

his writings published and unpublished forward the case for his being as the critic James Wood puts it the greatest of American prose stylists in the twentieth century **Saul Bellow at Seventy-five** Gerhard Bach, Jakob J. Köllhofer, 1991

Robert A. Chodat, 2018-07-05 Ants ghosts cultures thunderstorms stock markets robots computers this is just a partial list of the sentient things that have filled American literature over the last century From modernism forward writers have given life and voice to both the human and the nonhuman and in the process addressed the motives behaviors and historical pressures that define lives or things both everyday and extraordinary In *Worldly Acts and Sentient Things* Robert Chodat exposes a major shortcoming in recent accounts of twentieth century discourse What is often seen as the death of agency is better described as the displacement of agency onto new and varied entities Writers as diverse as Gertrude Stein Saul Bellow Ralph Ellison and Don DeLillo are preoccupied with a cluster of related questions Which entities are capable of believing something saying something desiring hoping hating or doing Which things in turn do we treat as worthy of our care respect and worship Drawing on a philosophical tradition exemplified by Ludwig Wittgenstein and Wilfrid Sellars Chodat shows that the death of the Cartesian ego need not entail the elimination of purposeful action altogether Agents do not dissolve or die away in modern thought and literature they proliferate some in human forms some not Chodat distinguishes two ideas of agency in particular One locates purposes in embodied beings persons the other in disembodied entities presences *Worldly Acts and Sentient Things* is a an engaging blend of philosophy and literary theory for anyone interested in modern and contemporary literature narrative studies psychology ethics and cognitive science *Conversations with Saul Bellow* Saul Bellow, 1994

Renowned writer Saul Bellow reflects on the times in which we live and the craft of writing Bellow asks what meaningful words are left to write in the face of such events as revolutions world wars the atom bomb and who would take the time to read them if new words were found or invented Fortunately Faulkner is no longer alive and unfortunately neither is Hemingway **A Room of His Own** Gloria L. Cronin, 2001-01-01 The world of Saul Bellow is peopled largely by men often intellectuals who manifest Bellow's unique conception of American masculinity In this timely analysis of the Bellow oeuvre from a feminist perspective Gloria Cronin offers a stunning and insightful critique of the Nobel Prizewinning novelist Drawing on her comprehensive knowledge of Western thought and Western philosophical tradition Cronin also incorporates the brilliant insights of French feminist theory on Western male philosophers into her critique Cronin's mastery of these intellectual traditions informs her fruitful examination of Bellow's explicit dialogue rich consideration of his misogyny and the many masculinities he presents Cronin demonstrates how Bellow's almost exclusively male protagonists simultaneously search for and destroy a lost feminine essence that they yearn for and in so doing create their own prisons She also looks at the self irony pervading Bellow the comic dimension of his character's gender struggles and the spiritual sensibility that attempts to reach beyond gendered and other paradigms of selfhood *A Room of His Own* makes an extraordinary contribution to gender studies of masculinity and its formations *The Complete Idiot's Guide to American Literature* Laurie
