Gender and Trauma Fatima Festić, 2011-11-15 This volume presents eight integrated essays that explore the intersection of the scholarly fields of gender and trauma combining work that can broadly be located in the subject areas of literary studies the humanities and the social sciences The contributors search for a more comprehensive theoretical ground to analyze the overlapping inter agency and also the lines that separate the issues of gender and trauma to establish a more political linking of the materiality of the effects of trauma to the performativity of gender as well as to examine the ways in which the categories of sex sexual difference and sexual identity figure within such a relationship Likewise our discussion is guided by the increasing awareness of the cross cultural delineation dynamics and translatability of these fields the awareness that facilitates the understanding of the instances of their interference in the rhetoric of a dominant culture and in dominant societal structures This specific input which refers to structurally quite comparable identity formations or to their prevention and also to complex terms of symbolic legitimacy and intelligibility is the attainment of a joined intercultural and interdisciplinary work on some of the key concerns we are confronting today *Obituaries in the Performing Arts, 2017* Harris M. The New Biographical Dictionary of Film David Thomson, 2010 Thomson independent scholar writing of The Biographical Dictionary of Film aka A Biographical Dictionary of the Cinema 1975 edition described it as a personal opinionated and obsessive biographical dictionary of the cinema Thirty five years and several editions later that description still holds true of this expanded work The new dictionary summarizes salient facts about its subjects lives and discusses their film credits in terms of the quality of the filmmakers work In ambition it has competitors including Leslie Halliwell's various editions of Halliwell's Filmgoers Companion 12th ed 1997 and Halliwell's Who's Who in the Movies edited by John Walker 4th ed rev and updated 2006 which cover films and technical terms categories not included in Thomson's but whose entries are neutral and exceedingly brief Additionally Francophile Richard Roud's edited Cinema A Critical Dictionary The Major Filmmakers 2 v 1980 is as passionate a work as Thomson's but narrower in scope with entries written by various experts rather than only by Roud Finally the multivolume magnum opus The International Dictionary of Films and Filmmakers 4th ed 2000 ed by T Pendergast and S Pendergast 2nd ed ed by N Thomas v 1 CH May 91 1st ed ed by C Lyon v 1 2 CH Jan 85 v 3 CH Apr 87 v 4 5 CH Jun 88 covers everything films directors actors writers and production artists with generous measured scholarly entries and lavish illustrations However it looms large and heavy unlike the handy one volume work by Thomson Arguably Thomson's work for its scope is
