Carole Mortimer, Carole\* Boyd, Savage

Interlude Dan Cushman, 1952 **High Noon of Empire** B A 'Jimmy' James, 2007-11-13 Henry Tyndall was a typical product of the Victorian age an intensely patriotic army officer who served in India on the North West Frontier on the Western Front and in East Africa at the height of the British empire For 20 years from 1895 to 1915 he kept a detailed diary that gives a vivid insight into his daily life and concerns his fellow officers and men and the British army of his day He also left a graphic account of his experiences on campaign in the First World War and in the Third Afghan War B A Jimmy James has edited and annotated Tyndall's diary in order to make it fully accessible to the modern reader As he notes in his introduction this marching soldier of the queen was a gallant officer who conscientiously served his sovereign wherever duty called his diary deserves attention as it reflects the manners customs and attitudes of this vanished age **Beyond the March of Death**

Myrrl W. McBride, Sr., 2010-07-28 The first to admit that he did not volunteer for military service Myrrl W McBride Sr was just a young man trying to work and return to college when he was drafted into a world completely foreign to him and a war he never envisioned Soon he would suffer through one of the most tragic events in U S military history the U S surrender at Bataan and the Bataan Death March This memoir written in 1948 while memories were fresh but never before published recounts the horrors of the march and its aftermath followed by three and a half years as a prisoner of war at Camp O'Donnell the Bilibid and Cabanatuan prisons onboard a prison hellship and in slave labor in Japan The heartbreaking narrative reveals qualities that were undoubtedly critical to the author's survival his courage ingenuity sense of humor and enduring hope *Injun Joe's Ghost* Harry John Brown, 2004 What does it mean to be a mixed blood and how has our understanding of this term changed over the last two centuries What processes have shaped American thinking on racial blending Why has the figure of the mixed blood thought too offensive for polite conversation in the nineteenth century become a major representative of twentieth century native consciousness In *Injun Joe's Ghost* Harry J Brown addresses these questions within the interrelated contexts of anthropology U S Indian policy and popular fiction by white and mixed blood writers mapping the evolution of hybridity from a biological to a cultural category Brown traces the processes that once mandated the mixed blood's exile as a grotesque or criminal outcast and that have recently brought about his ascendance as a cultural hero in contemporary Native American writing Because the myth of the demise of the Indian and the ascendance of the Anglo

Saxon is traditionally tied to America's national idea; nationalist literature depicts Indian-white hybrids in images of degeneracy, atavism, madness, and even criminality. A competing tradition of popular writing, however, often created by mixed-blood writers themselves, contests these images of the outcast half-breed by envisioning hybrid vigor both biologically and linguistically as a model for a culturally heterogeneous nation. In *Injun Joe's Ghost*, Brown focuses on a significant figure in American history and culture that has until now remained on the periphery of academic discourse. Brown offers an in-depth discussion of many texts, including dime novels and Depression-era magazine fiction that have been almost entirely neglected by scholars. This volume also covers texts such as the historical romances of the 1820s and the novels of the twentieth-century Native American Renaissance from a fresh perspective. Investigating a broad range of genres and subjects over two hundred years of American writing, *Injun Joe's Ghost* will be useful to students and professionals in the fields of American literature, popular culture, and native studies.

**Women on the Margins** Natalie Zemon Davis, 1995 Maria Sibylla Merian, a German painter and naturalist, produced an innovative work on tropical insects based on the lore she gathered from the Carib, Arawak, and African women of Suriname.

*Inca Apocalypse* R. Alan Covey, 2020-05-01 A major new history of the Spanish conquest of the Inca Empire, set in a larger global context than previous accounts. Previous accounts of the fall of the Inca empire have played up the importance of the events of one violent day in November 1532 at the highland Andean town of Cajamarca. To some, the Cajamarca miracle, in which Francisco Pizarro and a small contingent of Spaniards captured an Inca who led an army numbering in the tens of thousands, demonstrated the intervention of divine providence. To others, the outcome was simply the result of European technological and immunological superiority. *Inca Apocalypse* develops a new perspective on the Spanish invasion and transformation of the Inca realm. Alan Covey's sweeping narrative traces the origins of the Inca and Spanish empires, identifying how Andean and Iberian beliefs about the world's end shaped the collision of the two civilizations. Rather than a decisive victory on the field at Cajamarca, the Spanish conquest was an uncertain, disruptive process that reshaped the worldviews of those on each side of the conflict. The survivors built colonial Peru, a new society that never forgot the Inca imperial legacy or the enduring supernatural power of the Andean landscape. Covey retells a familiar story of conquest at a larger historical and geographical scale than ever before. This rich new history, based on the latest archaeological and historical evidence, illuminates mysteries that still surround the last days of the largest empire in the pre-Columbian Americas.

*Time* Briton Hadden, Henry R. Luce, 1929

**Exorcising Hitler** Frederick Taylor, 2011-05-10 The collapse of the Third Reich in 1945 was an event nearly unprecedented in history. Only the fall of the Roman Empire, fifteen hundred years earlier, compares to the destruction visited on Germany. The country's cities lay in ruins; its economic base devastated. The German people stood at the brink of starvation; millions of them still in POW camps. This was the starting point as the Allies set out to build a humane, democratic nation on the ruins of the vanquished Nazi state, arguably the most monstrous regime the world has ever seen. In *Exorcising Hitler*, master historian Frederick Taylor tells the story of Germany's

Year Zero and what came next He describes the bitter endgame of war the murderous Nazi resistance the vast displacement of people in Central and Eastern Europe and the nascent cold war struggle between Soviet and Western occupiers The occupation was a tale of rivalries cynical realpolitik and blunders but also of heroism ingenuity and determination not least that of the German people who shook off the nightmare of Nazism and rebuilt their battered country Weaving together accounts of occupiers and Germans high and low alike Exorcising Hitler is a tour de force of both scholarship and storytelling the first comprehensive account of this critical episode in modern history      **Double Trouble** Sheldon Jaffery,1992-01-01 It was the 1950s in postwar America and paperback books were the hot new product in the publishing industry Of course to stand out from the crowd and sell one needed a gimmick Into this newly exuberant market came a publishing house named Ace Books with the seductive promise of two books for the price of one It also had the eye catching premise of two separate covers joined at the spine like Siamese twins Finished with one book Flip the paperback over and begin again with a new novel complete with its own package It was something completely different and it sold Double Trouble tours the short yet popular era of the Ace Mystery Doubles and includes both author title and title indexes for easy reference      **Faith And Credit** Susan George,2019-03-13 The authors compare the ideologies of the free market with religious faith giving the World Bank the role of a secular church setting out to convert the world s underdeveloped economies to the consumer capitalist way and so to create an enormous secular empire This book is published in September 1994 to coincide with the World Bank s 50th annive      A Century of Great Western Stories John Jakes,2001-06-23 Presents western stories by both legendary and contemporary authors of the genre such as Zane Grey Louis L Amour Loren Estleman Marcia Muller and Bill Pronzini      Cumulative Paperback Index, 1939-1959 R. Reginald,2009-12-01 This was the first bibliography and guide to the American mass market paperback book and it remains one of the most definitive The major index is by author and lists author title publisher book number year of publication and cover price The title index lists titles and authors only The publisher index provides a history of that imprint with addresses number ranges and general physical description of the books issued This is the place that all study of the American paperback must begin      **Two Tudor Interludes** Ian Lancashire,1980      *Savage Interlude* John B. Beckett,1968      *Caribbean History* Toni Martin,2016-09-13 More centrally focused on the Caribbean than any other survey of the region Caribbean History examines a wide range of topics to give students a thorough understanding of the region s history The text favors a traditional largely chronological approach to the study of Caribbean history however because it is impossible to be entirely chronological in the complex agglomeration of often disparate historical experiences some thematic chapters occupy the broadly chronological framework The author creates a readable narrative for undergraduates that contains the most recent scholarship and pays particular attention to the U S Caribbean connection to more fully relate to students      **Okra's Child** Njé Knowles,2012-08-16 Suffering a fall on the Island of Long Island Bahamas the heroine forces herself to answer the question What is my purpose in life Fearing death

she questions wheatear God wants her or not Guiding her on this journey are the likes of Alice in Wonderland movie stars and dead relatives They force her into accepting her own mortality even as she attends her own funeral The story is told from her hospital bed by way of flashbacks Among her flashbacks are visits to the Joe McCarthy and Apartheid era of the 1940 50 s There is humor beginning with Bobby Darin s Splish Splash recording to assisting the airline pilot in landing the plane and tears as she relives her kidnapping and other childhood molestations She discovers her own mechanisms of surviving The Magnificent Moll John Gonzales,1952 **Creating Their Own Image** Lisa E. Farrington,2005 Creating Their Own Image marks the first comprehensive history of African American women artists from slavery to the present day Using an analysis of stereotypes of Africans and African Americans in western art and culture as a springboard Lisa E Farrington here richly details hundreds of important works many of which deliberately challenge these same identity myths of the carnal Jezebel the asexual Mammy the imperious Matriarch in crafting a portrait of artistic creativity unprecedented in its scope and ambition In these lavishly illustrated pages some of which feature images never before published we learn of the efforts of Elizabeth Keckley fashion designer to Mary Todd Lincoln the acclaimed sculptor Edmonia Lewis internationally renowned for her neoclassical works in marble and the artist Nancy Elizabeth Prophet and her innovative teaching techniques We meet Laura Wheeler Waring who portrayed women of color as members of a socially elite class in stark contrast to the prevalent images of compliant maids impoverished malcontents and exotics others that proliferated in the inter war period We read of the painter Barbara Jones Hugu s collaboration on the famed Wall of Respect even as we view a rare photograph of Hugu in the process of painting the mural Farrington expertly guides us through the fertile period of the Harlem Renaissance and the New Negro Movement which produced an entirely new crop of artists who consciously imbued their work with a social and political agenda and through the tumultuous explosive years of the civil rights movement Drawing on revealing interviews with numerous contemporary artists such as Betye Saar Faith Ringgold Nanette Carter Camille Billops Xenobia Bailey and many others the second half of Creating Their Own Image probes more recent stylistic developments such as abstraction conceptualism and post modernism never losing sight of the struggles and challenges that have consistently influenced this body of work Weaving together an expansive collection of artists styles and periods Farrington argues that for centuries African American women artists have created an alternative vision of how women of color can are and might be represented in American culture From utilitarian objects such as quilts and baskets to a wide array of fine arts Creating Their Own Image serves up compelling evidence of the fundamental human need to convey one s life one s emotions one s experiences on a canvas of one s own making
