*Meet Your Mother* Dr. Mark Miravalle, 1957 Ever wonder why so many people pay so much attention to Mary the Mother of Jesus From the most ancient traditions of Mary in Christianity to the Hail Mary pass in American football the Mother of Jesus has pervaded most world cultures for the last two thousand years But could the Mother of Jesus also be your mother That s the question explored in the exciting new book *Meet Your Mother* This easy read pocket book on Mary covers all the major teachings about the Mother of Jesus but is particularly written for the person who has little or no background knowledge about her Authored by Dr Mark Miravalle a professor who has taught and written about Mary for over 25 years *Meet Your Mother* is the perfect little book to introduce someone to the life and truth about Jesus Mother but also to renew a person s existing knowledge and love for the woman believed to have brought Jesus into the world and who Jesus gave personally to every human being with his dying words This is your mother Here s an excerpt from the Introduction of *Meet Your Mother* This little book is about your Mother I know you might not see her as that right now but that s the point of the book to meet her if you do not already know her and if you do already know her to love her more Now please consider reading on even if you do not consider Jesus to be your best friend and or if you don t presently believe Mary the Mother of Jesus is your spiritual mother I would be honored if you would at least give me the chance to try to explain why I believe you do in fact have the most beautiful and the most perfect mother in the world a maternal gift of love and sacrifice from the dying Jesus personally to you If nothing else you may have a new understanding of why well over 1.5 billion people living today do believe they have the Mother of Jesus as their own spiritual mother as well And beyond Catholics and Orthodox Christians there are millions and millions of other members of our human family including many Protestant Christians Muslims and other world religions who give a special place of honor to the Mother of Jesus

*New Being* Kenan B. Osborne, 2013-11-21 The following study on Tillich s theology is based on a doctoral dissertation presented to the Ludwig Maximilian University at Munich in December 1967 Tillich s theology however is not a simple structure to analyze since it is so systematically interrelated Certainly every major area of his theological system involves all other major areas and even the minor areas have complex ramifications to the total system itself The following pages there fore can only be construed as one among many viewpoints of his system Tillich s theological structure might be compared to a painting or some other work of art one must view it now from this direction now from that in order to

appreciate the total effect Certain points should however be mentioned here First of all a key notion in this system is essentialization This concept rounds off and completes Tillich's entire work Unfortunately Tillich himself did not write extensively on this topic nor did he actually correlate it to the beginning and middle of his system although it expresses the final telos of his entire theological work I have drawn out of the Systematic Theology as much as possible on the subject of essentialization and have tried to analyze it in light of other key concepts in his system 7 Saving Graces Steve DeNeff, 2010 Nearly everybody struggles against the same predictable urges that have plagued human beings since the Garden of Eden We aspire to rule rather than serve desire things more than God resent the successes of others and run away from hard things As a result we suffer unfulfilled lives lack contentment and can never seem to get a handle on how to improve our lot In this powerful book on personal spiritual change Steve DeNeff unlocks the seven secrets to a life filled with purpose contentment and a strong sense of well being Keying on the seven most common spiritual problems that we all face the seven deadly sins DeNeff points the way toward life transformation by embracing the virtue-filled life of the Spirit Readers will experience practical life changes as they learn how to cooperate with God changing what they do as he changes who they are Includes guide for personal or group study **A History of Intelligence and 'Intellectual Disability'** C F Goodey, 2013-07-28 Starting with the hypothesis that not only human intelligence but also its antithesis intellectual disability are nothing more than historical contingencies C F Goodey's paradigm-shifting study traces the rich interplay between labelled human types and the radically changing characteristics attributed to them From the twelfth century beginnings of European social administration to the onset of formal human science disciplines in the modern era A History of Intelligence and Intellectual Disability reconstructs the socio-political and religious contexts of intellectual ability and disability and demonstrates how these concepts became part of psychology medicine and biology Goodey examines a wide array of classical late medieval and Renaissance texts from popular guides on conduct and behavior to medical treatises and from religious and philosophical works to poetry and drama Focusing especially on the period between the Protestant Reformation and 1700 Goodey challenges the accepted wisdom that would have us believe that intelligence and disability describe natural trans-historical realities Instead Goodey argues for a model that views intellectual disability and indeed the intellectually disabled person as recent cultural creations His book is destined to become a standard resource for scholars interested in the history of psychology and medicine the social origins of human self-representation and current ethical debates about the genetics of intelligence *The Method of Grace, in the Holy Spirit's Applying to the Souls of Men the Eternal Redemption Contrived by the Father, and Accomplished by the Son.
