Saving The Liar (Colors Reflected) Donato DiCristino, 2010-08-03 *Saving The Liar* was written from personal experience but narrated in poetry with metaphoric undertones. Because there is no one or nothing specific actually referenced in the book the reader is given a unique opportunity: the gift of choice. The book is divided into four sections with each section taking you into a different direction. First we go West in search of gold. Out West I examine the harsh reality experienced through unrequited love. After the heartbreak we head East to examine ourselves. There we discover a nest of undesirable feelings we either don't know exist or flat out ignore. Stumbling South is exactly as it sounds. I use this section to explore society and the effects it has in our lives. Finally we head North to discover the silver lining that exists within all of us. *Saving The Liar* is a one of a kind story. Deep but to the point. Enjoy.
