Schooner Sultana Building A Chesapeake Legacy 1st Hc :

Schooner Sultana Drew McMullen, 2002 McMullen former project director for the Sultana and photographer Niemeyer tell the story of the Sultana a reproduction of an 18th century schooner designed to be a floating classroom on the Chesapeake Bay The text and color photographs describe the day to day construction of the vessel and the shipwrights craftspeople and volunteers who helped to complete it Other chapters provide information about the original ship purchased by the British Navy for use as a revenue schooner to patrol East Coast harbors Oversize 9 5x12 5 Annotation copyrighted by Book News Inc Portland OR

Chesapeake Bay Schooners Quentin Snediker, Ann Jensen, 1992-01 Chesapeake Bay Schooners focuses on the evolution of a uniquely American vessel from its European origins to the shipyards and waters of the Bay where it was perfected The story of the schooners and those who sailed them takes the reader from the handy colonial schooner through the search for speed that led eventually to the graceful Baltimore clipper A major portion of the book is devoted to the history of the centerboarders that were the workhorses of the Bay in the nineteenth and twentieth centuries No other book has chronicled the entire history of the commercial schooner including its economic and social aspects Until this exhaustive study Chesapeake Bay schooners were seldom more than a footnote in the documentation of maritime history Authors Snediker and Jensen have relied heavily upon those who sailed the last schooners to tell their own stories and have spent hours with artists and photographers who had the foresight to document the last of these vessels with pen and camera Extensive research at private and public libraries in photo collections and in archives has yielded previously unpublished material and photographs to flesh out the history of this significant influence in Bay commercial enterprise But above all this narrative is a tribute to these often overlooked commercial vessels that were a mainstay of commerce on the Bay and to the tenacity and dedication of the men and women who operated them
