Ziemba, 2019-06-20 When one considers traditional high school football powers in the United States a tiny institution in Chicago is never mentioned It has been decades since Morgan Park Military Academy last fielded a football team yet the influence of its gridiron program cannot be disregarded With a decorated football history dating back to 1893 the private school on Chicago s south side completed nine undefeated seasons sent four representatives to the College Football Hall of Fame and often experienced difficulty scheduling games due to the powerful teams it sent out on the field Yet it rarely

enrolled more than 200 students in its high school curriculum Author Joe Ziemba details the fascinating history of the Academy football program from its beginnings in 1893 through its final season as Morgan Park Military Academy in 1958 Cadets Cannons and Legends The Football History of Morgan Park Military Academy focuses on individual and team stories throughout the years taking the reader back to a time when game travel was via horse and buggy game reports were carried by the major Chicago newspapers and football stars were treated as local celebrities Ziemba whose father was the football coach at the Academy in the 1940s and 1950s uncovered numerous forgotten incidents from the past including an episode in 1900 when the students were so pleased with a football victory that they accidentally burned down a campus building The reader will also meet former Academy players and College Football Hall of Famers like Jesse Harper who became the legendary coach at Notre Dame Wallace Wade who led Alabama to three national championships as well as Albert Benbrook a two time All American at the University of Michigan In addition the steady hand of University of Chicago coach Amos Alonzo Stagg who helped guide the Academy squad in its early years is profiled Aside from these four Hall of Famers the Academy football program also produced numerous collegiate head coaches at schools such as Illinois Baylor and Cincinnati a Broadway playwright an NFL official and even a man who ascended to one of the highest political offices in the country Along the way Ziemba offers a glimpse at the history of the school itself around since 1873 including student food strikes financial challenges one of the greatest unsolved crimes in Chicago gangland history and the fact that over 800 graduates served in WWII an astounding number for a prep school of this size More than just a history of one school Cadets Cannons and Legends is must reading for any lover of football It traces the very history of the game detailing significant rules changes that saved the sport after years of catastrophic deaths on the field including one at the Academy Later it details efforts to keep this private school extant during the Great Depression including opening the campus doors to a professional football team the Chicago now Arizona Cardinals in the summer months to generate income and lowering the pay of its own football coach to 25 per month Cadets Cannons and Legends provides new insight into the early days of high school football when game travel could be hundreds of miles rather than just against a neighborhood rival and recognizes the forgotten pioneers of what is now America s favorite competition Rarely has a high school program with such an extraordinary contribution to the game of football been so thoroughly researched and resurrected from its own forgotten past It is not merely a journey into the gridiron history of Morgan Park Military Academy but rather it ushers us down to a front row seat where we can closely observe the roots of football itself Ziemba s scholarly rigor is indefatigable and remarkable For readers interested in an astute history of the game s inception this is a worthy option A remarkably well researched history of a football team that should appeal to fans of the school or the game Kirkus Reviews     **The Raiders Encyclopedia** Richard J.
