*Das deutsche Hörspiel* Stefan Bodo Würffel, 2016-12-13      *Ethnic Drag* Katrin Sieg, 2023-06-20 The Holocaust is considered a singularly atrocious event in human history and many people have studied its causes Yet few questions have been asked about the ways in which West Germans have forgotten unlearned or reconstructed the racial beliefs at the core of the Nazi state in order to build a democratic society This study looks at ethnic drag Ethnomaskerade as one particular kind of performance that reveals how postwar Germans lived disavowed and contested Germanness in its complex racial national and sexual dimensions Using engaging case studies Ethnic Drag traces the classical and travestied traditions of Jewish impersonation from the eighteenth century onward to construct a pre history of postwar ethnic drag It examines how shortly after World War II mass culture and popular practices facilitated the repression and refashioning of Nazi racial precepts During a time when American occupation authorities insisted on remembrance and redress for the Holocaust the Wild West emerged as a displaced theater of the racial imagination where the roles of victim avenger and perpetrator of genocide were reassigned Ethnic Drag is an accessible and sophisticated critical and entertaining book that examines the phenomenon of cultural masquerade in order to examine racial feeling thought and behavior in postwar German culture Contributing to considerations of drag in postcolonial feminist and queer scholarships this book will be of interest to people in German studies theater performance ethnic studies and women s queer studies Katrin Sieg is Associate Professor Department of German and Center for German and European Studies Georgetown University      Das Hörspiel Uwe Rosenbaum, 1974
