Science Of Hermes Paperback By Levi Eliphas:

Science of Spirit Robert Donald Tonelli, 2011-01-17 Beyond the Secret Beyond the Power of Now is the Science of Spirit a Deeper look at life Why are we here alive on planet earth trapped in a life of 9 to 5 wage slavery Science of Spirit Lost Keys to the Kingdom of Heaven on Earth shows that all life on planet earth and in the universe is based on an evolution of consciousness from the beginning of time the Big Bang It clarifies the connectedness of all life with Science and to Spirit through the understanding of world old Hermetic Teachings in a balance of Reason and Faith Consciousness is the very fabric that all form is made out of and is the ground of all beingness of life Consciousness and the energy that makes up matter are inextricably combined or linked emerging in a sequence of events called occasions of experience that ultimately create our experiences in life and our reality The universe isn't made of things or particles It's a process It's made up of events The result of this evolution of consciousness is an Analogical Awareness of life living in the now moment of unlimited potentials for the growth of a new super conscious species of humanity moving through an Omega Point in time between 2011 2013 These Hermetic Teachings were clarified for me through the teaching of Ramtha and his Ancient Gnostic School much of what I have learned in 20 years my philosophy of life has its foundation in Ramtha's philosophy Our accelerating consciousness is moving to a quantum existence of Spirit in Mass God Man realized alive with all the lower species of life specifically the Sheeple of Economic Western Society The Science of Spirit is based on my personal experience my research and my understanding of the ancient philosophy that this work comes from It uses from research the philosophy and experience of other very credible people that have studied different aspects of a Science of Spirit as a philosophy to live by I use this eclectic approach to build an accurate model of reality based in consciousness that allows us to create our own reality once we rid ourselves of the illusions of society This approach gives credibility to my overall viewpoint a modern interpretation of a very old philosophy and way of life A Science of Spirit that is inherent in Mother Nature It goes in depth about understanding What Consciousness Is An Analogical State of Awareness that is continuously evolving faster and faster to the eternal Now Moment It uses the discovery of a new perspective of the Mayan Calendar that is supposed to end in a religious Apocalypse at The Omega Point in time around 2012 as its foundational understanding of an Evolution of Consciousness on earth This philosophy and research show an Evolution of Consciousness a rising of an Analogical Awareness of life revealing a Science to the nature of Spirit It explains from a new perspective this battle between the Forces of Good and Evil at The End of Time This Ancient Science of Spirit philosophy explains how the primeval forces of life Spirit that are inherent in Mother Earth growing for 16 4 billion years are pitted against the dogmatic stagnant god fearing personalities that runs the Engines of Commerce of our Global Society with their focus on monetary control of the people and the planet This is a real life battle between evolving evolutionary beings against the Anti Christ Social Consciousness of The Multi National Corporations Religious dogmas talk about an Apocalypse at the end of time to help warn us of our impending

doom the remarkable thing is that the word Apocalypse means the lifting of a veil or a disclosure to certain privileged persons of something hidden from the majority of humankind I will show in this book that the lifting of a veil is a rising of consciousness that knows no fear of the unknown and clarifies ancient predictions of the end days and the real battle of Armageddon This ancient Science

Thoth is the equivalent of Hermes and Moses Helena Petrovna Blavatsky, 2019-09-17 With the Kabbalists Fire and Motion were instrumental in the formation of the world out of pre existing Matter Aditi the primordial Water of Space is the original of Sephirah and crown of the Sephiroth The AUM of the Hindus had become the Aion with the Greeks and the vum with the Romans the Pan or All With Moses Elohim and Jehovah were numerical indices of geometrical relations and stood for a diameter and a circumference value respectively When Shimon ben Yohai s heavenly light gave place to the darkness of the gloomy cave then only the disciples of Israel perceived that the lamp of Israel was extinguished The key of things concealed is the key of the sanctuary Mount Sumeru is the father of the Greek Parnassos and Tomaros The Hindu Kailasa Heaven too is the father of the Greek Heaven Koilon Even the German Heaven Himmel was inspired by the Heavenly Himalaya From where the Greeks obtained their Parnassos thence proceeded most of the biblical personages Abram was one of them a Chald an Brahman transformed later into A brahm A braham i e no Brahman who emigrated westward and became the father of many nations Every God and hero in ancient Pantheons including those of the Bible has three biographies in the narrative running parallel with each other and each connected with one of three aspects of the hero historical astronomical and perfectly mythical the last serving to link the other two together and smooth away the asperities and discordances in the narrative and gathering into one or more symbols the verities of the first two Moreover localities are made to correspond with astronomical and even with psychic events History was thus made captive by ancient Mystery to become later on the great Sphinx of the

age we live in Not only is everything in Western religion is related to measures geometrical figures and time calculations the principal periods being founded on historical personages but the latter are also connected with heaven and earth truly but only with the Indo Aryan heaven and earth not with those of Palestine The Old Testament was milked out of the most ingenious brains of Hebrew Kabbalists partly in Egypt and partly in Babylonia Astronomically Abraham is the sun measure and a portion of the sun while Enoch is the solar year as much as is Thoth Hermes Equally Thoth numerically is the equivalent of Moses and Hermes Lord of the lower realms and a teacher of wisdom More Abram and Brahm are equivalent in numerical value Neither the Book of Enoch nor the Zohar nor any other kabbalistic volume contains merely Jewish wisdom It was only in the Third Root Race that the wheel of Enoch was invented as a first attempt at symbology though Enoch No 1 had naught to do with it

Dogma and Ritual of High Magic. Book II Eliphas Levi, 2021-07-14 KNOWEST thou that old queen of the world who is on the march always and wearies never Every uncurbed passion every selfish pleasure every licentious energy of humanity and all its tyrannous weakness go before the sordid mistress of our tearful valley and scythe in hand these indefatigable labourers reap their eternal harvest That queen is old as time but her skeleton is concealed in the wreckage of women's beauty which she abstracts from their youth and love Her skull is adorned with lifeless tresses that are not her own Spoliator of crowned heads she is embellished with the plunder of queens from the star begemmed hair of Berenice to that white but not with age which the executioner sheared from the brow of Marie Antoinette Her livid and frozen body is clothed in faded garments and tattered winding sheets Her bony hands covered with rings hold diadems and chains scepters and crossbones jewels and ashes When she goes by doors open of themselves she passes through walls she penetrates to the cabinets of kings she surprises the extortioners of the poor in their most secret orgies she sits down at their board pours out their wine grins at their songs with her gumless teeth takes the place of the lecherous courtesan hidden behind their curtains

Dogma and Ritual of High Magic. Book I Eliphas Levi, 2021-07-15 Behind the veil of all the hieratic and mystical allegories of ancient doctrines behind the darkness and strange ordeals of all initiations under the seal of all sacred writings in the ruins of Nineveh or Thebes on the crumbling stones of old temples and on the blackened visage of the Assyrian or Egyptian sphinx in the monstrous or marvellous paintings which interpret to the faithful of India the inspired pages of the Vedas in the cryptic emblems of our old books on alchemy in the ceremonies practised at reception by all secret societies there are found indications of a doctrine which is everywhere the same and everywhere carefully concealed Occult philosophy seems to have been the nurse or god mother of all intellectual forces the key of all divine obscurities and the absolute queen of society in those ages when it was reserved exclusively for the education of priests and of kings It reigned in Persia with the Magi who perished in the end as perish all masters of the world because they abused their power it endowed India with the most wonderful traditions and with an incredible wealth of poesy grace and terror in its emblems it civilized Greece to the music of the lyre of Orpheus it concealed the principles of all sciences all progress of

the human mind in the daring calculations of Pythagoras fable abounded in its miracles and history attempting to estimate this unknown power became confused with fable it undermined or consolidated empires by its oracles caused tyrants to tremble on their thrones and governed all minds either by curiosity or by fear The Dogma of High Magic Eliphas Z.
