

MAN VS SOCIETY CONFLICT

The man vs society conflict in literature and film involves the protagonist in a fight against the powers-that-be in the society surrounding them.

EXPLANATION

At its core, man vs society is a clash between an individual's wants and needs versus what is expected from them by others and society at large.

This type of conflict can manifest in many different ways. For example, it may involve rebelling against unjust social hierarchies or standing up for one's beliefs in the face of widespread opposition.

EXAMPLES

- **1984:** In a totalitarian society, the protagonist fights against a government that seeks to control every aspect of life.
- **Brave New World:** In a society where people are genetically engineered to not to experience emotions or passions, the protagonist challenges the status quo.
