Science of the Gods David A. Ash, Peter Hewitt, 1991

The Divining Heart Patricia C. Wright, Richard D.

Wright, 1994-07-01 Building on the principles and practices presented in *The Divining Mind* Richard Wright's first book on dowsing coauthored by T Edward Ross II authors Richard and Pat Wright define dowsing as the process of uncovering information through the medium of the self The Wrights believe as do many dowsers that the ability to dowse is innate but they also feel that its proper development is contingent upon the parallel unfoldment of the spiritual qualities in our nature Through this process the dowser becomes increasingly cognizant of the interconnectedness of all aspects of life and begins to play his or her part as an agent of healing and positive change Includes detailed information on Responsibility in dowsing Practical dowsing Earth energies Planetary stewardship Healing and prayer The supersensory worlds An indispensable guide for the advanced dowser as well as a beginner's sourcebook

First Templar Nation Freddy Silva, 2017-11-21

Overturns the long established historical narrative about the origins and purpose of the Knights Templar Explains how and why the Templars created Europe's first nation state Portugal with one of their own as king Reveals the Portuguese roots of key founding members their relationship with the Order of Sion the Templars devotion to Mary Magdalene and John the Baptist and the meaning and exact location of the Grail Provides evidence of Templar holy sites and hidden chambers throughout Portugal Includes over 700 references many from new and rare sources Conventional history claims that nine men formed a brotherhood called the Knights Templar in Jerusalem in 1118 to provide protection for pilgrims traveling to the Holy Land Overturning this long established historical narrative Freddy Silva shows that the Order of the Temple existed a decade earlier on the opposite side of Europe that the protection of pilgrims was entrusted to a separate organization and that in league with the Cistercian monks and the equally mysterious Order of Sion the Templars executed one of history's most daring and covert plans the creation of Europe's first nation state Portugal with one of their own as king Including over 700 references many from new and rare sources Silva reveals Portugal not Jerusalem as the first Templar stronghold He shows how there were eleven founding members and how the first king of Portugal a secret Templar was related to Bernard de Clairvaux head of the Cistercians The author explains the Templars motivation to create a country far from the grasp of Rome where they could conduct their living resurrection initiation whose candidates were declared risen from the dead a secret for which the Church silenced millions and which the Templars protected to the death Placing the intrepid Knights in a previously unknown time and place Silva's historical narrative reveals the Portuguese roots of key founding members their relationship with the Order of Sion the Templars unshakeable devotion to Mary Magdalene and John the Baptist and how they protected a holy bloodline in Portugal He also provides evidence of secret Templar holy sites initiation chambers and hidden passageways throughout Portugal often coinciding with pagan and Neolithic temples and explains how their most important site forms a perfect triangle with the Abbey of Mont Sion in Jerusalem and the Osirion temple in Egypt The author

also reappraises the meaning of the Grail and reveals its exact location hidden in plain sight to this very day **Falling Leaf**

Essences Grant R. Lambert, 2002-06 Autumn embodies the energy of change transformation and release Essences prepared from autumn leaves can relieve ailments associated with the autumn experiences of our lives separation job change or the release of old patterns Contains descriptions of 160 essences and their healing properties **Anatomy of a Witch** Laura

Tempest Zakroff, 2021-06-08 Embodied Witchcraft for Wisdom Connection Power This book is a guide to the most magical tool in your possession your body Not just your physical flesh and blood body but also your symbolic Witch body the conduit for bringing the material and metaphysical worlds together Within these pages you will explore hands on magical practices exercises and sigils related to your Witch Lungs Heart Bones Mind and the spiraling path of your inner Serpent Magic flows most freely when you are in tune with your intuition and the power of your true self Through dozens of activities prompts spells and rituals Anatomy of a Witch helps you connect with the seen and unseen worlds your ancestors and your living community Discover the profound correspondences between your body the mythos of tarot and the five elements Practice rituals and activities for protection warding rebalancing your home and embracing your body despite the limiting beliefs that society foists upon us This book teaches you how to tap into your personal power as you make a pilgrimage to the inner workings of your true self Includes a foreword by Christopher Penczak bestselling author of The Temple of Witchcraft series

Radiant Healing Isabel Bellamy, Donald MacLean, 2005 A compendium of information covering various aspects of the subtle energies of Man With illustrations and diagrams this work presents an account of how our bodies and our world work and how our etheric astral and mental bodies channel cosmic and earth energies through our meridians and chakras

Spreading the Light Archie Crawford, 2004 This book is about life and is written in plain everyday language The author boldly faces up to those fundamental questions rankling at the back of one's mind such as Is there really a God Where is He What is the nature of the soul What is truth Is reincarnation true Is there any purpose in the universe Does God cause suffering Do angels exist Who am I Can effect become cause Does space and time really exist etc He probes deep into the structure of your mind and with great clarity shows you how your mind works and how you can use it to find success in everything you do He shows how we attract our present circumstances and how emotionally intense events are not only registered in our psychic memory but also in the memories of the cells of our body and what this means for us He devotes a chapter in which he advocates going within through meditation to find solutions to our problems Religion is examined with candor He explains the many positive benefits of religion examines its dark side and points out that like individuals some religions must resolve and get rid of the baggage of past evil deeds before they and their followers can step into the light The author shows how in spite of itself science through its quantum theories is currently making discoveries which lead to a new view of the universe more in line with that of the essence of the religions and the experiences of the mystics of this world He shows how science and religion are at last beginning to merge For example there is now scientific proof of the value of

prayer proof that the mind is non local that is it is not located in the brain and also can cause actions over distance that there is no solid matter in the universe it is all energy in one form or another He further states that a field of energy outside the material universe has been discovered where speeds exceed that of light It has also been found that our human consciousness is directly connected with matter and influences at least its microscopic particles The nature of the universe as being holographic is explored These scientific findings have profound spiritual significance He quotes experts on the future of mankind including Arthur C Clark Nobel physicist Brian Josephson Stephen Hawking etc and many more Reading this book will prepare you for the new age that is fast enveloping the earth The author s message is that in spite of the terrorism and devastation of the earth currently going on there is powerful hope There are powerful spiritual forces at work which will overcome the present chaos and lead us into a life of enlightenment and eventually of love The 'Spiritual Death' of Jesus William Atkinson,2009-03-16 The teaching of Kenyon Hagin and Copeland that Jesus died spiritually JDS is important because of the influence of these men not least on Pentecostalism This title states that adoption of JDS by Pentecostalism would be damaging in several respects and thus draw the latter away from its moorings in traditional Christianity *The Superman of Nazareth* John M. Quigley,2000 New are the mystical insights into his secret teaching revealed especially by the Gospel of Thomas which may also be interpreted like the Bible itself in the light of speculations about extra terrestrial and supra terrestrial beings and their interaction with humanity and its development over the millennia To link all these seemingly disparate strands would appear to be no easy matter but the author s wide reading and ability to make connections enable him to produce a synthesis that is a useful contribution to the modern religious debate as well as a worthwhile intellectual and spiritual journey of exploration BOOK JACKET Index to Book Reviews in Religion ,1993
