## **Senecas Thyestes American Philological Association Textbook Series:**

**Seneca's Thyestes** Lucius Annaeus Seneca,1985 Although the Thyestes is widely acknowledged to be one of Seneca's most powerful tragedies there has until now been no modern commentary on the play in any language My principal aim has thus been to make this extraordinary work more widely accessible and so contribute to a greater appreciation of its quality The Thyestes seems to me an even better and richer play now that it did when I embarked on this commentary I hope that the pleasure I have had in exploring it will be reflected in what I have written and that my enthusiasm will offer some compensation for my failures of understanding preface p ix

**Seneca's Phoenissae** M. Frank,2018-07-17 This is the first commentary to be written in English on Seneca's Phoenissae an intriguing work on account of its unusual structure and state of incompleteness The substantial introduction deals inter alia with the question of the unity and purpose of the work the absence of an ending and of choral lyrics the philosophical rhetorical and political content Seneca's treatment of the Theban legend The commentary is primarily a literary analysis of the text but textual linguistic metrical and grammatical difficulties are also elucidated With the resurgence of interest in Senecan drama in the last two decades this book is a valuable addition to English commentaries that appeared on most of the plays

*L. Annaeus Seneca Troades* Atze J. Keulen,2017-09-18 A J Keulen's new commentary on Seneca's Troades is the fruit of a lifetime devotion to this play This extensive philological commentary on the Troades is a most welcome contribution to the study of Seneca's plays Meaning history and usage of Seneca's vocabulary are thoroughly discussed The author provides ample comparison with Senecan prose and rival poets In addition the commentary addresses composition and word order and discusses textual metrical and grammatical difficulties A full bibliography and three indices complete this valuable book

Brill's Companion to the Reception of Senecan Tragedy ,2016-02-02 In Brill's Companion to the Reception of Senecan Tragedy Eric Dodson Robinson incorporates essays by specialists working across disciplines and national literatures into a subtle narrative tracing the diverse scholarly literary and theatrical receptions of Seneca's tragedies The tragedies influential throughout the Roman world well beyond Seneca's time plunge into obscurity in Late Antiquity and nearly disappear during the Middle Ages Profound consequences follow from the rediscovery of a dusty manuscript containing nine plays attributed to Seneca it is seminal to both the renaissance of tragedy and the birth of Humanism Canonical Western writers from Antiquity to the present have revisited transformed and eviscerated Senecan precedents to develop in Dodson Robinson's words competing tragic visions of agency and the human place in the universe

**The Complete Tragedies, Volume 2** Lucius Annaeus Seneca,2017-02-21 Volume 2 comprises the following tragedies attributed to Seneca Oedipus Hercules Mad Hercules on Oeta Thyestes Agamemnon the guys

A Cultural History of Tragedy in Antiquity Emily Wilson,2021-05-20 In this volume tragedy in antiquity is examined synoptically from its misty origins in archaic Greece through its central position in the civic life of ancient Athens and its performances across the Greek speaking world to its new and very different instantiations in Republican and Imperial Roman contexts

Lively original essays by eminent scholars trace the shifting dramatic forms performance environments and social meanings of tragedy as it was repeatedly reinvented Tragedy was consistently seen as the most serious of all dramatic genres these essays trace a sequence of different visions of what the most serious kind of dramatic story might be and the most appropriate ways of telling those stories on stage Each chapter takes a different theme as its focus forms and media sites of performance and circulation communities of production and consumption philosophy and social theory religion ritual and myth politics of city and nation society and family and gender and sexuality

The Complete Tragedies Lucius Annaeus, 2017-03-07 The second of two volumes collecting the complete tragedies of Seneca Edited by world renowned classicists Elizabeth Asmis Shadi Bartsch and Martha C Nussbaum the Complete Works of Lucius Annaeus Seneca offers authoritative modern English translations of the writings of the Stoic philosopher and playwright 4 BCE 65 CE The two volumes of The Complete Tragedies presents all of his dramas expertly rendered by preeminent scholars and translators The first volume contains Medea The Phoenician Women Phaedra The Trojan Women and Octavia the last of which was written in emulation of Senecan tragedies and serves as a unique example of political tragedy This second volume includes Oedipus Hercules Mad Hercules on Oeta Thyestes and Agamemnon High standards of accuracy clarity and style are maintained throughout the translations which render Seneca into verse with as close a correspondence line for line to the original as possible and with special attention paid to meter and overall flow In addition each tragedy is prefaced by an original translator s introduction offering reflections on the work s context and meaning Notes are provided for the reader unfamiliar with the culture and history of classical antiquity Accordingly The Complete Tragedies will be of use to a general audience and professionals alike from the Latinless student to scholars and instructors of comparative literature classics philosophy drama and more

*Melancholy, Love, and Time* Peter G. Toohey, 2010-03-11 Ancient literature features many powerful narratives of madness depression melancholy lovesickness simple boredom and the effects of such psychological states upon individual sufferers Peter Toohey turns his attention to representations of these emotional states in the Classical Hellenistic and especially the Roman imperial periods in a study that illuminates the cultural and aesthetic significance of this emotionally charged literature His probing analysis shows that a shifting representation of these afflicted states and the concomitant sense of isolation from one s social affinities and surroundings manifests a developing sense of the self and self consciousness in the ancient world This book makes important contributions to a variety of disciplines including classical studies comparative literature literary and art history history of medicine history of emotions psychiatry and psychology Peter Toohey is Professor and Department Head of Greek and Roman Studies at the University of Calgary Canada

**A Companion to the Neronian Age** Emma Buckley, Martin Dinter, 2013-05-03 An authoritative overview and helpful resource for students and scholars of Roman history and Latin literature during the reign of Nero The first book of its kind to treat this era which has gained in popularity in recent years Makes much important research available in English for the first time

Features a balance of new research with established critical lines Offers an unusual breadth and range of material including substantial treatments of politics administration the imperial court art archaeology literature and reception studies Includes a mix of established scholars and groundbreaking new voices Includes detailed maps and illustrations *The Psychology of Nationalism* J. Searle-White,2001-11-16 Nationalism and other forms of group identity underlie many of the destructive conflicts the world is experiencing today Particularly puzzling in such conflicts is their tenacity and viciousness Why do people cling to conflicts that are damaging them Why are the feelings involved so vehement and intense Understanding the fragile nature of individual and group identity and how people perceive threats to identity can answer these questions By analyzing nationalism in Quebec Armenia and Azerbaijan and Sri Lanka this book shows that addressing the psychological dimensions of nationalism can help us understand and perhaps to intervene successfully in nationalist and ethnic conflicts

Know Yourself Ole Jakob Filtvedt,Jens Schröter,2023-12-31 The book explores ancient interpretations and usages of the famous Delphic maxim know yourself The primary emphasis is on Jewish Christian and Greco Roman sources from the first four centuries CE The individual contributions examine both direct quotations of the maxim as well as more distant echoes Most of the sources included in the book have never previously been studied in any detail with a view to their use and interpretation of the Delphic maxim Thus the book contributes significantly to the origin and different interpretations of the maxim in antiquity as well as to its reception history in ancient philosophical and theological discourses The chapters of the book are linked to each other by numerous cross references which makes it possible to compare the different views of the maxim with each other It also helps readers to notice relationships and trajectories within the material The explorations of the relevant sources are also set in the context of ongoing debates about the shape and nature of ancient conceptions of self and self knowledge The book thus demonstrates the wide variety of philosophical and theological approaches in that the injunction to know oneself could be viewed and how these interpretations provide windows into ancient discourses about self and self knowledge *Gardens of the Roman Empire* Wilhelmina F. Jashemski,Kathryn L. Gleason,Kim J.

Hartswick,Amina-Aïcha Malek,2017-12-28 In *Gardens of the Roman Empire* the pioneering archaeologist Wilhelmina F Jashemski sets out to examine the role of ancient Roman gardens in daily life throughout the empire This study therefore includes for the first time archaeological literary and artistic evidence about ancient Roman gardens across the entire Roman Empire from Britain to Arabia Through well illustrated essays by leading scholars in the field various types of gardens are examined from how Romans actually created their gardens to the experience of gardens as revealed in literature and art Demonstrating the central role and value of gardens in Roman civilization Jashemski and a distinguished international team of contributors have created a landmark reference work that will serve as the foundation for future scholarship on this topic An accompanying digital catalogue will be made available at [www.gardensoftheromanempire.org](http://www.gardensoftheromanempire.org) **Anatomizing Civil**

**War** Martin Dinter,2018-05-09 *Traces* Lucan s epic technique **Mnemosyne** ,1989 **Collected Papers on Latin**

**Literature** R. G. M. Nisbet, 1995 Other papers discuss Virgil's bucolic style symbolism in Seneca's tragedies how poems by Horace and Statius are coloured by the characteristics of their addresses Articles on prose consider the reader's contribution to the understanding of Cicero's speeches and the use of rhythm to determine the punctuation of Latin sentences Many textual conjectures are proposed on familiar Latin authors notably Catullus Horace and Juvenal other papers discuss Housman's Juvenal and how textual conjectures are made The Role of Description in Senecan Tragedy Victoria Tietze Larson, 1994 This study focuses on the descriptiveness of Senecan tragedy a characteristic which sharply distinguishes it from the practice of classical Greek tragedy While the Senecan descriptions can and have been explained in terms of the influence of rhetoric or as devices that compensate for the absence of performance this book presents them as an integral aspect of a conception of tragedy which sui generis is guided distinct from classical Greek precedent Senecan tragedy is in fact an amalgam of narrative and dramatic modes a kind of epic theatre the descriptions of which are to be seen as an imported narrative technique which affords Seneca the means to control his audience's view of the moral meaning of the plays **Convictions and Questions** Austin M. Busch, 2004 **Theatrokratia** William Musgrave Calder, 2005 *The Poetry of Boethius* Gerard J. P. O'Daly, 1991 The Consolation of Philosophy is a literary and philosophical masterpiece of late antiquity this book is the first extended study in English of its poems It shows that they form a vigorous and sophisticated sequence in their own right reflecting and elaborating the Latin poetic tradition from Lucretius to Seneca's tragedies and adapting that tradition's imagery myths and motifs to the work's overall structure There are discussions of Boethius' career his other writings the generic affiliations of the Consolation and its poetics and there are detailed studies of the themes of tyranny order and disorder in nature and of Boethius' uses of myth All Latin quotations are accompanied by translations The book is addressed to anyone interested in the literature and thought of Classical and late antiquity as well as those concerned with Boethius' considerable influence in the Middle Ages and Renaissance Die kosmische Dimension in den Tragödien Senecas Christine Schmitz, 1993 In der 1968 gegründeten Reihe erscheinen Monographien aus den Gebieten der Griechischen und Lateinischen Philologie sowie der Alten Geschichte Die Bände weisen eine große Vielzahl von Themen auf neben sprachlichen textkritischen oder gattungsgeschichtlichen philologischen Untersuchungen stehen sozial politik finanz und kulturgeschichtliche Arbeiten aus der Klassischen Antike und der Spätantike Entscheidend für die Aufnahme ist die Qualität einer Arbeit besonderen Wert legen die Herausgeber auf eine umfassende Heranziehung der einschlägigen Texte und Quellen und deren sorgfältige kritische Auswertung
