How the World Remade Hollywood Ed Glaser,2022-03-07 For decades filmmakers worldwide

have been remaking Hollywood movies in colorful ways They've chronicled a singing and dancing Hannibal Lecter in India star crossed lovers aboard the doomed Nigerian ship Titanic a Japanese expedition to the planet of the apes and an uncivil war in Turkey between Captain America and a mobbed up Spider Man Most of these films were low budget and many were unauthorized but all of them were fantastic and lately have begun to resurface thanks to cherry picked YouTube clips But why and how were they made in the first place This book tells the little known stories of the wily filmmakers who made an Italian 007 flick by casting Sean Connery's tradesman brother produced a Turkish space opera by stealing a print of Star Wars for its effects footage and transported a full fledged Terminator to the present day not from a post apocalyptic future but from the vibrant mythology of Indonesia Their stories reveal more than mere imitations they demonstrate the fascinating ways ideas evolve as they cross borders
